

About Master's Academy

At Master's Academy, we are committed to cultivating students with a well-rounded, Christ-centered education that equips them for a lifetime of purpose. With a strong foundation in biblical truth, we offer rigorous academic programs designed to prepare students for college and vocational pursuits alike. Our graduates are encouraged to follow the unique calling God places on their lives—with confidence, integrity, and faith.

As a school community, we actively seek opportunities to serve others in the name of Jesus. Our ultimate purpose—individually and collectively—is to bring glory to our Heavenly Father. At Master's Academy, spiritual life isn't a program or a moment; it is the heartbeat of everything we do. Faith is not an addition—it is our identity.

Academics

Master's Academy delivers a challenging college-preparatory curriculum that inspires students to think critically, reason analytically, and communicate effectively. While we prioritize academic excellence, we also support students who are pursuing vocational pathways through our “Ed-Tech” program, helping every learner discover and prepare for God's calling on their life.

Academics (continued)

Our commitment to academic excellence includes a dynamic and expanding STEM program that equips students with the skills needed to thrive in a rapidly evolving world. From hands-on robotics and beginning coding to problem-solving challenges and integrated technology in the classroom, students are encouraged to think creatively and critically. These opportunities spark curiosity, build confidence, and prepare students to be innovators and solution-seekers in whatever field God calls them to pursue.

Fine Arts

Our vibrant Fine Arts program is a powerful outlet for students to express creativity, faith, and gratitude for the freedoms God has given us. Through music, theater, visual arts, and more, students learn to honor the Lord with their talents and glorify Him through beauty and craftsmanship.

Athletics

Athletics at Master's Academy focus on more than just competition—they are a platform for building character, perseverance, and teamwork. As students train and compete, they also grow spiritually, learning to lead and serve with humility, integrity, and a Christ-like attitude.

Service

We believe students grow spiritually when they step outside the classroom and into the lives of others. Service is woven throughout our school year, providing meaningful opportunities to love, lead, and learn—bringing the hands and feet of Jesus to our local community and beyond.

Spiritual Life

Spiritual life is not a category at Master's Academy—it is who we are. From morning prayers to afternoon athletics, chapel worship to academic discussions, faith is the thread that weaves through every experience. While good grades, athletic victories, and stage applause are celebrated, we know true success is found in living for the audience of One.

“Veritas et Lux,” Latin for “Truth and Light.”

We submit to the Word of God. We embrace it as the Truth and Jesus Christ is the Light of the World. We seek to acknowledge this Source of truth and light, the source of liberty and of all excellence.

Our Vision is that students at Master's Academy will enjoy learning in a teacher directed, safe, loving environment following the example of Our Lord as described in Luke 2:52: intellectually, physically, spiritually, and relationally. Graduates will be equipped to thrive in future academic studies and be well-rounded with strong Christian character, articulate in their faith, displaying servant leadership, and be self-governed.

It is the mission of Master's Academy to spiritually develop and academically challenge students to impact their world for Jesus Christ. Master's Academy is committed to excellence in education, the truth and authority of the scriptures, and a Christ-centered worldview.
