

Questions:

8. The RFP is for K-12 curriculum. Will you accept submissions that are for K-5?
9. Given that we have a 3-year and 6-year quote for the provided student numbers, along with a 3-year and 6-year quote for a 4% increase and decrease in student enrollment, what amount should be listed on page 13 of the bid proposal? For question 2: I will leave a note on page 13 that says "see quotes." Does that work?
10. Is our organization subject to the Prevailing Wage statement?

Answers:

In response to the first question, we will accept submissions for K-5.

For the second question, I would recommend including a page for each quote. Yes, leaving on note on page 13 that says "see quotes" is fine.

For the third question, Yes, Prevailing Wage Laws apply.
