

Policy

CONDUCT/DISCIPLINE

The board believes that an effective instructional program requires an orderly school environment and that the effectiveness of the educational program is, in part, reflected in the behavior of students. The board approved code of student conduct is established to achieve the following purposes:

- A. Foster the health, safety, and social and emotional well-being of students;
- B. Support the establishment and maintenance of civil, safe, secure, supportive and disciplined school environments conducive to learning;
- C. Promote achievement of high academic standards;
- D. Prevent the occurrence of problem behaviors;
- E. Establish parameters for the intervention and remediation of problem student behaviors at all stages of identification; and
- F. Establish parameters for consistent responses to violations of the code of student conduct that take into account, at a minimum, the severity of offenses, the developmental ages of student offenders and students' histories of inappropriate behaviors as appropriate.

The board of education expects students to conduct themselves in keeping with their level of maturity, with a proper regard for the rights and welfare of other students, for school personnel, for the educational purpose underlying all school activities, and for the care of school facilities and equipment. Students are required to conform to reasonable standards of socially acceptable behavior; respect the person, property and rights of others; obey constituted authority and respond to those who hold that authority.

The board of education believes that standards of student behavior must be set cooperatively by interaction among the students, parents/guardians, staff and community, producing an atmosphere that encourages students to grow in self-discipline. Such an atmosphere must include respect for self and others, as well as for district and community property.

Board policy requires each student of this district to adhere to the rules and regulations established by the administration and to submit to such disciplinary measures as are appropriately assigned for infraction of those rules. The chief school administrator shall provide to students and their parents/guardians the rules of this district regarding student conduct and the sanctions that may be imposed for breach of those rules. Provisions shall be made for informing parents/guardians whose primary language is other than English.

The chief school administrator shall establish the degree of order necessary to the educational program in which students are engaged.
