Practice at Home

- ❖ UFLI at home practice will guide you through the spelling pattern we are learning in class.
- ❖ Math practice sheets will reflect what we have been learning in class so that you can do a little more at home.
- ❖ Read at home! Fluency is strengthened best by practicing reading out loud. It would be very beneficial to designate a certain time every day for your child to read out loud to you for 10-20 minutes.

This Week's Agenda

Spelling: -ck, -dge, -tch

These patterns may seem random, but they all follow the same rule! -ck, -dge, and -tch all come at the end of a base word, and they MUST immediately follow a short vowel sound (where the vowel says its sound instead of its name).

Examples: stitch, budge, slack, trick, dodge, catch

Reading: We will continue to read about schools around the world.

This week we are discussing how the schools we have been researching are similar and different to Bovill Elementary. We will be writing paragraphs to compare the schools.

Math: We will continue working with odd and even numbers as we make the connection between even numbers and doubles.

Social Studies: We will begin learning about communities this week.
