

Cell Phone Policy

Robinson Elementary School

Cell phones are not appropriate for use during the school day. Ringing phones, text messaging, and phone photography are disruptive to the instructional environment. Student should secure a cell phone in a purse, pocket, or locker and the phone should be turned off. If a student deems it necessary to make a phone call, they may contact administration or a certified staff member for permission. Cell phones may only be used before and after the regular school day and during the student's afternoon break AND Not Between classes.

Consequences for violations of cell phone policy:

1st offense: Phone will be taken and returned to student at the end of the day.

2nd offence: Phone will be taken and returned to parent only!

3rd offense: Phone will be taken for the remainder of the semester.
