SECOND GRADE NEWSLETTER

UPCOMING CURRICULUM TOPICS:

Second Grade is diving head-first into preparations for Third Grade. The students are continuing to read and understand assignment directions on their own. This is not an easy transition. Some students are experiencing frustration, confusion, and moments of "I just give up," but they are also experiencing accomplishments, encouraging each other, and proud moments of "I can do this." We are encouraging ALL of our students to continue Reading 30 minutes at home every day. The 2nd Graders are taking their learned math computation skills and applying them to place value in 2-digit addition and subtraction, and solving word problems using the CUBES method, along with working more with money and telling time, all while working independently. The students are using text evidence to respond in complete sentences to questions in ELA, Social Studies, and Science.
