QUESTIONS

- 1.** I do not see the quantities of the items you are requesting the pricing on. Is this going to be a purchase all at once or over a period of time.

A. Item 16 only has anticipated quantities. All other items, we do not have an anticipated quantity. Purchases could vary during the time periods of the contract. The contract has the option to be extended for up to 5 years and quantities will vary over the lifetime of the contract depending on the needs of the district.

Pricing for these services and products **MUST be provided in the Bid Response Form provided with this RFP**. The vendor's bid may include additional quote pages in the vendor's preferred format. However, **all pricing must be entered in the Bid Response Form**, as a minimum, to enable the district to compare pricing from all vendors using the Bid Response Forms. Reference statements, such as "See Page XX," "Refer to Page XX," etc. should not be entered in the Bid Response Form. Failure to provide the information requested in this RFP in the requested format is reason for rejection, without consideration. Specifications are not intended to eliminate any reputable manufacturer, brand, or bidder. Reference to manufacturers, brand names, suppliers' itemization numbers, etc. is intended to set quality and feature standards and does not exclude bids from others as long as quality and feature standards are met.
