Appendix 2: Phase One Application Evaluation Rubric

Rating Categories

Responses provided by the applicant, along with the corresponding documentation or attachments, will be evaluated by the Community School Team according to the standards outlined. The Community School Review Team of experts will issue a score for each of the eligible sections. Scores will be based on the quality of the information provided by the applicant and weighted as follows:

Exceeds Standard (3 Points): Meeting the targets for this rating category implies that the application exceeds expectations and has clearly demonstrated the capacity for developing and operating a successful community school. Schools repeatedly receiving this rating warrant consideration for the Community School Team to encourage approval of the application. Schools repeatedly receiving this rating have clearly outlined expectations of the component questions and have exceeded review criteria established for the standard.

Meets Standard (2 Points): The targets for this rating category set the minimum expectations for a community school that is likely to be successful. Schools repeatedly earning this rating or higher are likely to perform well and are on solid ground for the Community School Team to consider approval of the application. Schools repeatedly receiving this rating or higher have outlined expectations of the component questions and have met review criteria established for the standard.

Does Not Meet Standard (1 Point): Schools in this rating category have failed to adequately address the component questions and/or meet the established review criteria. Schools repeatedly achieving this rating are more likely to fail to meet minimum expectations for performance. Schools that fall into this category have failed to meet the component questions sufficiently and will not be approved.

Falls Far Below Standard (0 Points): Schools that fall into this rating category are evaluated as highly likely to perform well below the sponsor's expectations and will not be approved. Schools that fall into this category have not addressed the component questions sufficiently and have significantly failed to meet minimum expectations set by the review criteria.

The Community School Review Team will provide written feedback to all applicants within thirty (30) days of receipt of sponsorship application to NCOESC.
