Introduction

The purpose of this handbook is to acquaint Tri-Township students and parents with the rules and regulations that pertain to Tri-Township Schools and the expected conduct of its students. It is through these rules and policies found in this handbook that you will know what is expected of you. The rules and policies apply to our students from kindergarten through high school.

	Core Values	
TEAMWORK	INTEGRITY	RESPECT
EMPATHY	GRIT	RELENTLESS

Attendance

Consistent attendance is essential for children to be successful in their educational endeavors. **Students are expected to attend school and be on time in order to derive maximum benefit from instructional programs and to develop habits of self-discipline and responsibility.** Moreover, students who miss a day of class will never be able to completely retrieve information from that learning experience. The interaction with the teacher and fellow students can never be fully duplicated.

Parents or guardians are responsible for student attendance. The school corporation will enforce the State of Indiana Compulsory Attendance Laws. The State of Indiana defines chronic absenteeism as being absent from school for ten percent (10%) or more of a school year for any reason. The State defines habitual truancy as being absent ten (10) days or more from school within a school year without being excused or without being absent under a parental request that has been filed with the school (Indiana Code 20-20-8-8).

Procedures:

A parent/guardian must contact the school by 8:30 a.m. every day their child is absent from school. A doctor's note should be sent in when the child returns to school specifying the reason for the student's absence if they were seen by a doctor. If a parent fails to call, the school corporation will call the parent/guardian asking for the reason for the child's absence. If no phone call is made or the school corporation is unable to contact the parent/guardian, the school corporation may call the student's emergency contacts. An absence that remains unverified will be unexcused. Parents may leave a voicemail message when the office is closed.

Categories of attendance are as follows:

<u>Present</u>

With proper documentation, in the following instances students are considered present:

- When the student is physically present at school
- When serving as a page or as an honoree of the general assembly (IC 20-33-2-14)
- When serving on a precinct election board or for political candidates on an election day (IC 20-33-2-15)
- When subpoenaed witness in judicial proceeding (IC 20-33-2-16)
- When serving duty with Indiana National Guard for up to 10 days per year (IC 20-33-2-17)
- When participating in a civil air patrol for up to 5 days per year (IC 20-33-2-17.2)
- When exhibiting or participating in the state fair for up to 5 days if the student is in good academic standing (IC 20-33-2-17.7)
- School sponsored field trips or other educationally related non classroom activity (IC 20-33-2-17.5)

Certified Absences

With proper documentation, certified absences do not count towards consequences and include the following:

- Death in the immediate family for up to 5 days
- Medical/Dental appointment (make every effort to schedule after school)
- Medical Absence or incapacitation requiring a physician's statement
- Court or other judicial hearings or meetings

Excused Absences

With proper documentation, excused absences still count towards consequences and include the following:

- Illness verified in writing by a parent or parent called the school to report the student ill. If ill more than 5 consecutive days, a doctor's excuse is required.
- Religious Observances
- Other absences verified by parent/guardian except those that are unexcused

Unexcused Absences

Unexcused absences count towards consequences and include the following:

- All other absences not specifically certified or verified.
- Working during school hours. This is a violation of child labor laws.
- Staying home to babysit or farm is considered working and is unexcused.
- Absent without a written note or phone call from parent/guardian.
- Truancy, which is student absence without knowledge of parent/guardian.

Combined Excused and Unexcused Absences per Year		Unexcused Absences per Year	Consequences
5	OR	3	Parent(s)/Guardian(s) will receive a phone call and registered letter from the school corporation that includes attendance documentation and letter of incapacity.
7	OR 5		Parent(s)/Guardian(s) will receive a phone call and receive via certified mail a letter from the school corporation that includes attendance documentation, a letter of incapacity, a copy of the school attendance policy, and an attendance agreement that the parent must sign in person at school. The parent/guardian and student will need to attend a meeting with a school authority to review attendance documentation, the attendance policy, and the attendance agreement. The school will also conduct an investigation of possible reasons for absences.
8	OR	7	Parent(s)/Guardian(s) will receive a phone call and receive via certified mail a letter from the school corporation that includes attendance documentation and a letter of incapacity. The student/parents will be formally referred to Project Attend through the Juvenile Probation Officer.
10	OR	8	Parent(s)/Guardian(s) will receive a phone call and receive via certified mail a letter from the school corporation that includes attendance documentation and a letter of incapacity. Additionally, the Department of Child Services will be contacted regarding Educational Neglect.
11	OR	9	Parent(s)/Guardian(s) will receive a phone call and receive via certified mail a letter from the school corporation that includes attendance documentation and a letter of incapacity. Additionally, the student and parents will be referred to the LaPorte County Prosecutor for Educational Neglect.

Under Indiana Code 20-26-11-32, students who reside outside of Tri-Township School Corporation may also have the following consequences imposed if there proves to be a concern as to the number of verified and/or unexcused absences. The School Corporation may:

- Deny enrollment.
- Discontinue enrolment during a current or in a subsequent year.
- Establish terms and conditions for enrollment or continued enrollment in a subsequent year.

Pre-Arranged Absences, Vacations, and Family Trips

Family vacations or other family trips taken during school time are **STRONGLY DISCOURAGED**. When an absence is known in advance, a parent/guardian must notify school officials at least one week prior to the anticipated absence. Failure to do so will result in a student marked truant. These absences will be considered excused and count towards the excessive absence consequences. Students returning from vacation are expected to turn in assignments in the timeline indicated by the teacher(s). Students will receive a zero for any work not finished within that timeline. The classroom teacher may be able to provide a few of the assignments that will be missed in advance to the student, however it is the student's and/or parent's responsibility to check Harmony for any missed homework that needs to be completed while they are absent from school.

Sign-In Procedures

After returning from any absence, full-day, partial-day, or vocational a student must check in at the office, sign in, and be issued a pass before going to any class. At that time the student should bring the following:

- 1) Note from doctor, dentist, etc. if the absence was for a medical appointment.
- 2) Note from parent or guardian stating the reason for the absence if no contact concerning the absence was made with the office.

No note is required if contact was made with a parent or guardian.

Sign-Out Procedures

Any student leaving the school grounds during the school day must have permission from their teacher or administration and must sign out in the office. Any student returning to school before the end of the day must also come to the office to sign in.

Should it become necessary to leave school for reasons of illness, the student will report to the office. The following procedures will occur:

- 1. Exam by school nurse or other designated school personnel.
- 2. Notification of parents/guardians by the office.

<u>Truancy</u>

Truancy is defined as:

- 1. Absence without parent/guardian or school knowledge.
- 2. Leaving school without obtaining prior approval form the principal or designee.
- 3. Absence from school without parent/guardian permission or in defiance of parent/guardian authority.
- 4. Absence from class or tardy more than 10 minutes to a class without a valid pass (even if the student is in the school building.)

Habitual Truancy is defined as:

A student may be designated as a "habitual truant" if they are chronically absent, by having unexcused absences from school for more than ten (10) days of school in one (1) school year.

All students who are at least thirteen (13) years of age but less than the age of fifteen (15) years, and who are determined to be a habitual truant per the definition above, are subject to Indiana Code 20-33-2-11, which provides that any person who is determined to be a habitual truant as defined by school board policy cannot be issued an operator's license or learner's permit until the age of 18 years, or until the student's attendance record has improved as determined by the principal upon review of the student's record of at least once per school year. The student's principal is required to report to the Indiana Bureau of Motor Vehicles of the student's status as a habitual truant. The student upon initial designation of being a habitual truant is entitled to the same statutory procedures as a student who is being expelled.

The consequences for JUNIOR HIGH and HIGH SCHOOL students who are truant are:

- 1. The first truancy will result in the student being assigned hour for hour detention. (Not less than three hours).
- 2. The second truancy will result in two days in-school suspension and a request for a parent/guardian conference at school.
- 3. The third truancy will result in two days in school suspension and the student will be placed on probation for the remainder of the school year. A request for a parent/guardian conference at school to create an attendance behavior contract for the remainder of the school year.

Half-Day Absences: Elementary

Students arriving at school after school have begun must first sign in at the main office. Students arriving late by any method of transportation other than Tri-Township school bus will be counted tardy.

Students will be considered absent for one half of a day for any of the following reasons:

- 1. Arriving at school more than one hour after the beginning of the school day;
- 2. Being absent from school for more than one hour during the school day, excluding the student's lunch period; or
- 3. Leaving school more than one hour before the end of the school day.

Tardies

Being punctual is a good habit that becomes increasingly important in life. We believe in teaching students to be responsible and punctual.

Each teacher will clearly state to his or her students where they are expected to be at the beginning of the day or period in order not to be counted as tardy. The teacher will keep a record of each student's tardiness and enter the information into Harmony. The principal or his/her designee has the authority to excuse a student's tardiness if in his/her judgment the tardiness is of an excusable nature. Upon arriving late to school and before going to class, the student must sign-in at the school office.

Elementary Students: Tardies will accumulate during each nine-week grading period. Tardies will reset with each new grading period. Students who accumulate tardies within the nine week grading period will be subject to the consequences listed below.

Junior High/High School Students: Tardies will accumulate during each nine-week grading period. Tardies will reset with each new grading period. Students will receive 2 total tardies for each nine-week grading period. (Total means all classes.) Students who accumulate tardies within the nine week grading period will be subject to the consequences listed below:

1st Tardy	Student warned by the teacher.
2nd Tardy	Contact Parent/Guardian by phone. Email progressive tardy policy to parent/guardian and student.
3rd Tardy	Student assigned one detention. If a student misses a detention, then a second one will be given. Contact Parent/Guardian by phone. Email progressive tardy policy to parent/guardian and student.
4th Tardy	Conference with parent/guardian and student. Two detentions will be assigned. Failure to serve detentions will result in one day of in-school suspension. Failure to serve consequences as directed will be considered insubordination and will constitute grounds for action as outlined in the student discipline policy.
5th, 6th & 7th Tardy	The student will be assigned three detentions and other sanctions as determined by the principal or designee.
Beyond 7th Tardy	Subsequent tardies will result in suspension and possible loss of credit (high school level).

Make-Up Work After an Absence

The responsibility for making up missed work for an absence rests with the student. When a student is absent for one day, the assignments should be obtained from a classmate, by checking Google classroom, contacting the teacher by email, or from the teacher as soon as possible the following day. If the absence is two days or longer, homework may be obtained by calling the office by 8:30 a.m. and requesting all assignments be sent to the office. The work will be available by the end of the school day. **The student will have one day for every day of absence to make up work.** With the exception of planned or pre-arranged types of absences.

If a test or an assignment is long-range (five days or more, such as a research paper, project, or report), the teacher may use his/her discretion in setting due dates, accepting late work, and determining make-up policy. IN the event of a prolonged absence, special arrangements may be made to extend the time period allowed for the assignment. A student who is in attendance the day before a scheduled test/quiz and who is absent on the day of the test/quiz shall take the test/quiz the first day he/she returns to school. Students who are absent due to an out-of-school suspension are required to complete the school work that was missed during the absence. Full point value will be given for school work done during an in-school or out-of-school suspension.

Vocational Students' Attendance

Vocational students are required to attend both Tri-Township High School and vocational school each day they are in session. Vocational students must attend vocational school every day they have school, even if their home school is not in session that day due to vacation days or some other reason. Morning A.K. Smith students will not attend if Tri-Township Schools are on a two hour delay due to weather. Parents/Guardians should call the school to report their child's absence from vocational school as well as Tri-Township Schools.

Closed Campus

During the school day, students are to remain on school grounds from arrival in the morning until dismissal time in the afternoon. Should a student find it necessary to leave the school for any reason, he/she must receive permission from the building principal before signing out. Student drivers are not permitted to go to their cars unless given permission by the building principal. If permission is given, the student must then sign out and must sign in immediately upon his/her return. Students in K-5 must be signed out by a parent/guardian coming into the building.

Extra-Curricular Participation/Attendance

Participation in any and all extracurricular activities is dependent upon good school attendance. Students must be in attendance by 9:00 a.m. and remain in school for the rest of the school day in order to participate in any extra-curricular activity scheduled for that day. The principal has the authority to make an exception in extenuating circumstances. The principal's decision will be final.

CLASSROOM

Grading Policy- Jr-Sr High School

Semester average grades are determined using the following procedure:

Optio	on #1	Option #2			
1st 9 Weeks 40%		1st 9 Weeks	45%		
2nd 9 Weeks	2nd 9 Weeks 40%		45%		
Final Exam	Final Exam 20%		10%		

Grades within each of these categories are determined by percentages for the specific category.

If a nine-week or final exam grade falls within one of the ranges listed below, the letter grade will correspond with that percentage.

Grading Scale

A+	98.0 or Higher	B+	87.0-89.99	C+	77.0-79.99	D+	67.0-69.99
A	91.0-97.99	В	81.0-86.99	С	71.0-76.99	D	61.0-66.99
A-	90.0-90.99	B-	80.0-80.99	C-	70.0-70.99	D-	60.0-60.99

Semester grades, not nine week grades, are used to determine class rank at the high school level. Final semester grades are given point values. The grading system has the following point values for grades

A+	4.0	B+	3.25	C+	2.25	D+	1.25
Α	4.0	В	3.0	С	2.0	D	1.0
A-	3.75	B-	2.75	C-	1.75	D-	0.75

Weighted Classes

The rigor of the class determines whether dual-credit classes will be weighted using the 5.0 scale. All dual-credit classes, excluding dual-credit vocational courses, will be weighted using the 5.0 scale. No other classes, including dual enrollment, will qualify for the weighted scale.

Dual credit refers to students who are completing a single course that is taught by a Tri-Township dual-credit certified instructor to earn academic credits that are recognized by our school district and an accredited institution of higher learning. For example, a student may earn high school credit for English 12 while also earning college credit from a partnering institution.

A+	5.0	B+	4.25	C+	3.25	D+	1.25
А	5.0	В	4.0	С	3.0	D	1.0
A-	4.75	B-	3.75	C-	2.75	D-	0.75

Point Value for Weighted Classes

Grades of D+ or lower are not weighted.

Credit Recovery

Students who fail one or more required courses must regain those lost credits for graduation. The process will be as follows:

1. The student will repeat the course in the next school year with a teacher. An administrator may override this in the best interest of the student.

2. If a class is not offered again with a teacher, then the student will be able to take the class online for credit recovery.

3. If a student fails a class for a second time, then the student will be able to take the class online for credit recovery.

4. If the student retakes the class with a teacher, then they will be issued the grade earned in the course.

5. If the student retakes the class online through credit recovery, then the highest grade a student can receive is a 75%.

6. The student must complete all credit recovery online requirements established by the principal and guidance counselor.

Students who choose to repeat the course will be issued the grade earned in the repeated course. The original course will remain on the transcript but will be issued "NC" for non-credit and removed from the student's cumulative GPA.

Online Courses

To provide Tri-Township High School students with additional opportunities to take classes or to recover credits, they will be permitted to enroll in online classes through approved providers. Students who desire to enroll in online classes must be able to work independently, manage time well, and communicate effectively in writing. No grade below a C will be accepted. Progress must be maintained at 3 week progress reports. Detentions will be assigned at 25%, 50%, 75% cut off dates until caught up to required percentage.

Circumstances for Enrollment in Online Courses

High school students will be permitted to enroll in online classes in the following circumstances:

• The class is not offered at Tri-Township Jr-Sr High School;

• There is a conflict in the student's schedule that cannot be resolved by rearranging the student's schedule and the conflict would prevent the student from graduation at the expected time or from qualifying for an Academic Honors Diploma or a Technical Honors Diploma;

- Due to the student's health, the student cannot regularly attend school;
- To meet Indiana graduation requirements when a student transfers from another state.
- To make up credit in a previously failed course that is required in order to meet graduation requirements.

A student may not enroll in an online class to avoid a particular teacher.

Online Course: Finals

All students taking an on-line class will be required to take the final at school under the supervision of school personnel. Additionally, the student must pass the final to pass the class and to earn credit for the class regardless of other grades earned during the term of the class.

Final Exam Exemption for Students

High School students may be exempt from final examinations under the following conditions:

- 1. Earning an A+, A, or A- each quarter of the semester.
- 2. A student must have no more than three absences and three tardies in a class for the semester in order to be exempt from the final in that class. For example, if a student has four absences and two tardies in his or her first period class, the student would not be exempt from the final in that class. Exceptions to this attendance requirement may be made for a death in the immediate family and/or attendance at the funeral of an immediate family member, college visitation with prior approval from the principal or counselor, or personal illness verified by a physician's note.

Restrictions:

1. The attendance for examination exemptions will be on a class-to-class basis. A tardy or absence in one class will not affect another class in which the student may be exempt from the examination.

2. Any truancy, or disciplinary referral, including being unprepared for class during the senior year automatically eliminates the student from the examination exemption privilege.

3. The student must attend school on the day the examination is administered, even if the student has qualified to be exempt from taking the examination.

Options for the Student Qualifying for Examination Exemption:

1. Do not take the examination.

2. Take the examination and include the score in the semester average only if it helps the student's grade.

*The Final Exam Exemption Policy does not apply to performance based or project based final exams, dual-credit exams or for online classes.

Allowable Number of Credits from Online Classes

High school students will be permitted to earn twenty-percent of the number of credits required for graduation and diploma requirements. For a Core 40 Diploma, a student may earn eight (8) credits online. For an Academic Honors Diploma or a Technical Honors Diploma, a student may earn ten (10) credits online. The Principal has the authority to override this requirement.

Grade Point Average

Letter grades from online classes will be used in the calculation of grade point average, class rank, or cum laude awards.

Cost of Online Classes

There will be a cost to students enrolling in the Tri-Township Edmentum program. Students will provide a \$25 fee for any course that uses the Edmentum program.

If the class is required to qualify for an Academic Honors Diploma or Technical Honors Diploma, and the class or another class that would satisfy diploma requirements is not available in the School Corporation, the School Corporation will pay for the class. If the School Corporation pays for the class, the School Corporation will choose the provider of the class. In all other cases, the student's parent/guardian will pay for the class (es).

Credit-Bearing Classes Taken in 8th Grade

Students in 8th grade are permitted to take Physical Education for credit. All students in 8th grade are required to take the College and Careers class, which also bears high school credit.

In order to earn high school credit, the student must have a grade of C- or higher in the class each semester. The grade from this class will count in the student's high school GPA, and will be used in determining class rank throughout the student's high school career.

A student earning an F, D-, D, D+, C-, or C may retake the class one time (either during summer school or freshman year). The grade originally earned from the class will remain on the student's transcript, but the grade will not count in the student's GPA. The grade earned from the second attempt at the class will appear on the student's transcript and will count in the student's GPA. Credit cannot be awarded for both the first and second attempts at the same class.

Early Graduation Requirements

Students will need to meet with administration and guidance prior to the end of the student's sophomore year. The requirements for early graduation:

- 1. The student will be receiving a Core 40 diploma or higher.
- 2. The student will be able to graduate one semester early.

The student will be able to do the following:

- 1. The student will be able to participate and be honored at all awards night.
- 2. The student will be able to participate in graduation activities.

The student will forfeit the following due to early graduation:

- 2. The student will not be able to attend Prom. (The student can be a guest of a Tri-Township student.)
- 3. The student will not be able to speak at graduation.

Students that will be exclusively online must meet the following requirements to continue virtually:

- 1. Must progress through classes at a timely pace.
- 2. Stay on track with credits for graduation.
- 3. Complete Graduation Pathway for graduation.

The student will be able to do the following:

- 1. The student will be able to participate and be honored at all awards night.

The student will forfeit the following due to early graduation:

- 1. The student will not be able to go on the Senior Trip.
- 2. The student will not be able to attend Prom. (The student can be a guest of a Tri-Township student.)
- 3. The student will not be able to speak at graduation.

Cum Laude Awards Requirement

Cum Laude awards are reserved for students who are receiving a Core 40, Academic Honors, or Technical Honors diploma. Requirements are as follows:

13

Cum Laude: GPA of 3.5 to 3.74 Magna Cum Laude: GPA 3.75 to 3.89 Summa Cum Laude: GPA of 3.9 or higher

Cum Laude Awards will be selected at the end of the 7th semester.

Selection of Valedictorian & Salutatorian

- The valedictorian designation shall be the student who has the highest cumulative grade point average after 7 semesters.
- The salutatorian designation shall be the student who has the highest cumulative grade point average after 7 semesters.
- Any disciplinary issue dealing with academic dishonesty will disqualify a student (including but not limited to cheating and/or plagiarism)
- No one may be valedictorian or salutatorian if they receive any major discipline in junior or senior year (out of school suspension of 2 or more days).
- In the instance of a tie, students will be awarded a designation as co-valedictorian or co-salutatorian.

Graduation Participation Requirements

It is the goal of the school that every senior participates in the graduation ceremony. In order to do so the seniors must:

1. Meet all graduation requirements prescribed by the IDOE and Tri-Township Consolidated School Corporation prior to the end of the last teacher working day.

2. All fees and bills paid by the day of graduation practice.

3. Participate in graduation decorating and graduation practice.

4. A cap and gown must be worn as selected by the graduating class. Cap decoration must be approved by class sponsor or principal.

5. Any student that has met all requirements for graduation, but at the time of graduation exercises is disruptive or under the influence of alcohol or any form of drug or illegal substance will not be allowed to participate in the exercises. In such a situation, the decision to not allow a student the privilege of participation in the graduation exercises will be made by the high school principal after consultation with board members, superintendent, senior class sponsor, and any other available members of the administration.

In emergency situations exceptions can be granted by the administration.

Speaking at Graduation

Tri-Township Schools have a long standing tradition of allowing students to speak at graduation. In order to qualify, students must be the Valedictorian and Salutatorian of the class. Any student transferring into Tri-Township High School after the first week of the 5th semester will not be eligible to be named Valedictorian or Salutatorian.

Band and Choir Programs & Performances – Middle & High School

A student who enrolls in Band or Choir is obligated to complete the school year in that program. Parents may request withdrawal at the semester only. Band and Choir are full credit, performance classes. Students and parents must be aware that students are required to perform outside of class time at concerts, contests, and other appearances arranged by the directors. Failure to attend rehearsals and performances, unless excused by the directors, will lead to lower academic grades for the grading period and (possibly) semester, because students have not completed course requirements.

<u>Honor Roll</u>

Students may qualify for one of two honor rolls. Honor rolls are listed at each nine weeks and also at the end of the semester with final grades. Honor rolls are based on the following criteria:

The "Principal Honor Roll" is awarded for academic excellence for students with no grade below an A-. The "Honor Roll" is awarded for students with no grade lower than a B-.

Honor Society Requirements (High School Only)

The Tri-Township Honor Society is more than just an honor roll. The Tri-Township chapter establishes rules for membership that are based upon a student's outstanding performance in the areas of scholarship, service, leadership and character. These four criteria for selection form the foundation upon which the organization and its activities are built.

A. Scholarship Requirements

- 1. A cumulative grade point average of 3.1 (on a 4.0 scale)
- 2. Completion of the following courses during high school
 - a. English 4 years
 - b. Mathematics algebra I, algebra II, geometry
 - c. Science biology I, chemistry I, and biology II, chemistry II or physics
 - d. Social Studies 3 years
 - e. Foreign Language 2 years in one language
- 3. A class load of at least six classes per semester

B. Service Requirements

Make voluntary contributions to the school or community without compensation and with a positive, courteous, and enthusiastic spirit.

No member can be automatically dismissed for failing to maintain standards. When a member falls below the LaCrosse Honor Society selection standards:

- 1. The advisor informs the member in writing of the nature of the violation, the time period allowed for improvement, and a warning of the possible consequences of not improving. These may include consideration of dismissal or additional disciplinary measures being imposed. For flagrant violation of LCHS standards, school rules or the law, no warning is necessary.
- 2. If improvement is not made in the specified time, the Faculty Council considers appropriate disciplinary

measures.

- 3. If the Faculty Council determines that the facts warrant consideration of dismissal, the member will be notified in writing of the violation, the possibility of dismissal, and the need for scheduling a hearing with the Faculty Council. The member will be allowed to appear before the Faculty Council and explain his or her view of the circumstances. A parent or guardian may be present with the member; however, it should be noted that the primary purpose and focus of the hearing is to allow the member to present his or her case.
- 4. A dismissed member may appeal the decision of the Faculty Council first to the principal and then, as indicated under the local school district's policies governing disciplinary appeals, follow the normal channels for an appeals process.

Quarterly Reward Trips

Tri-Township Jr-Sr High School will be rewarding students with a trip after the first and third nine weeks that meet the following criteria during the nine weeks:

- 1. Receive a 3.0 or higher GPA
- 2. Three or less absences (includes E-Learning Days); no more than 3 tardies
- 3. Zero discipline referrals

Course Change Policy

Procedures have been established to provide for students, particularly at the high school level, to drop or add classes after their initial enrollment. Once a student selects a class and it is approved, there are four reasons why a student's schedule may be changed after classes have begun:

1. To upgrade one's schedule. For example, adding a class in place of a study hall or changing to a more advanced class.

2. To correct an inappropriate placement. A change may be made if the student's grade is between a D and an F.

3. To balance classes. For example, when there is an obvious discrepancy in numbers of students in similar classes, a student's schedule may be altered.

4. Computer keypunch error. For example, a student is scheduled for Spanish I, but should have been scheduled for Spanish II.

Even when legitimate requests are made, some cannot be honored because of the complexity of the master schedule and the effects on the schedule overall. Students are expected to honor the commitment to courses they originally select; therefore, students are encouraged to select courses carefully.

The guidance counselor and principal review requests, with the final decision made by the principal. Required signatures to drop or add a class may include the student's, the student's parent/guardian, the teachers involved, the counselor's, and the principal's. A change due to, for example, a computer keypunch error, would not require signatures.

Students have five school days into the semester in which to drop/add a class if one of the four reasons stated above is proven. If a student withdraws from a class within the specified time period, and follows all procedures, it shall be recorded on the permanent record as a "W" (withdrawal). In the event a withdrawal takes place after the allotted time period, it shall be recorded as a "W/F" (withdrawal/failure). The principal may determine exceptions to this, due to special circumstances (such as medical reasons). Please note, a student receiving a course grade of C- or higher at the time the request is made, will not be permitted to drop a class.

Report Card & Records

Report cards are issued every nine weeks. Progress reports are issued two times during each grading period. Parents/guardians will receive an e-mail message which will include a link by which to access the report card. Questions about report cards should be directed to the school counselor, teacher or the principal.

During the student's school career the school corporation collects and records data concerning the student. The school shall give rights to review records to both parent/guardians/guardians unless the school has been provided with evidence that there is a court order, state statute, or legally binding document that specifically revokes these rights. It is the policy of the Tri-Township Consolidated School Corporation to forward education records, including discipline records, to other agencies or institutions that have requested the records and in which the student seeks or intends to enroll.

16

Procedure for obtaining a copy of student records

1. Contact the school office and request a copy of the student's records.

2. A charge of 10 cents per page will be made for the expense involved in making the necessary copies.

Procedure for a formal review of a student's record

1. A written request must be presented to the principal or designee specifying the specific record or records which the parent/guardian wishes to examine.

2. The interpretative or inspection session shall be made by mutual agreement between the school employees and the parent/guardian, but in no event more than 45 days after the submission of the written request.

3. A school official shall be present during such inspection sessions to assist interpretation of the record where it reasonably requires any professional interpretation.

4. In the event the parent/guardian are of the opinion that such records should be corrected or deleted, they shall advise the principal or the designated representative, and an attempt to make the necessary changes shall be made by the parent/guardians and the principal or designee through an informal conference or other comparable means.

5. In the event no agreement is reached, the parent/guardian or eligible student shall have an opportunity for meeting with the superintendent to correct or delete the record by filing a statement of the correction requested.

Honor Code/Cheating Guidelines

Learning does not truly occur unless the process students use to complete their work is honest. Copying or plagiarizing someone else's work does not reflect honesty, integrity or success. Honor violations include plagiarism, copying, cheating, misrepresentation of work, allowing others to copy one's own work, and failure to follow test procedures or instructions (talking, turning in seat, etc.).

Definition of plagiarism: 1) to steal and pass off the ideas or words of another as one's own; 2) use of a created production without crediting the source; 3) to present as new and original an idea or product derived from an existing source. Consequences regarding a violation of the Honor Code are subject to referral to the administration. Consequences are cumulative and progressive for each school year. The following serve as guidelines which all Tri-Township teachers/administrators shall incorporate:

Elementary & Mide	dle School Student	High School Student		
1st Offense	Zero/F on the Work	1st Offense	Zero/F on the Work	
2nd Offense	Zero/F on the Work and one detention	2nd Offense	Zero/F on the Work and one day ISS	
3rd Offense	Zero/F on the Work and one day ISS	3rd Offense	Zero/F on the Work and loss of credit for the semester	
4th Offense	4th Offense Zero/F on the Work and one day OSS			

Plagiarism and Deception in Writing Papers

I. Definition

<u>Plagiarism</u>

Plagiarism may be defined as the deceptive presentation of written material or information as one's own when in reality some or all of the ideas, material or information was derived from some other source or sources. Specific types of plagiarism which may be encountered in written assignments include the following:

1. An entire paper obtained from some other source handed in as the student's.

2. The entire content of a paper lifted from some published work composition.

3. The paper may be a mosaic of excerpts from several sources presented as the student's own composition.

4. Unidentified excerpts from other sources woven into the student's own composition.

5. Key ideas or items of information derived from specific sources and not common knowledge presented without proper identification of the source or sources.

6. Even though sources may be properly identified, excerpts may be quoted without the proper use of quotation marks, or else slightly modified or rephrased rather than restated in the student's own words.

Multiple Use Of The Same Paper

It is not ethical for a student to prepare a paper for one course and submit it in a second course without first obtaining the permission of both teachers, if both courses are taken in the same semester, or without the permission of the second teacher if the courses are taken during different semesters. This holds true even if the courses are not both taken at the same school building.

II. Penalties

Since there are various degrees of plagiarism and of intent to deceive, penalties vary in severity. A. In cases where the plagiarism is relatively minor or where it may have resulted primarily from ignorance concerning the proper use of sources, the student will be required to revise the paper. In this situation the matter would normally be handled between the teacher and the student.

B. In cases where intent to deceive seems more deliberate, or in cases where a student hands in a paper obtained from some other source, the paper will be given a failing grade. If the paper in question involved a major part of the course evaluation, this may result in a failure for the entire course. In these situations the instructor should take the responsibility for the decision. The student should have the right to appeal the accusation of plagiarism or deception in writing papers to the administrator responsible for discipline who may refer the case to the principal.

DAILY EXPECTATIONS

Bus Privileges

Riding the buses is a privilege, not a right. The driver has the authority to keep order and maintain discipline. Bus drivers, by State law, have the authority to suspend a student from riding the bus for one (1) day. The principal may suspend a student from riding the bus indefinitely after investigation of the circumstances. If a student is suspended from riding the bus, a parent is responsible for the student's transportation as stated by Indiana law.

The driver will be in charge of his/her bus at all times while transporting students. Students will be informed by the drivers as to the riding procedures and rules. Students are expected to obey the bus driver who will use the authority necessary for the safe transport of all students riding the bus. School bus transportation is a privilege and not a right. The bus driver is the sole authority on the bus while the students are being transported.

- 1. Students should be waiting at their pickup locations when the bus arrives.
- 2. The driver may assign seats.
- 3. Students are to remain seated while on board the bus.
- 4. Loud, boisterous, or profane language will not be permitted.
- 5. Students are expected to be good citizens while riding the bus.
- 6. Windows and doors are to be closed unless permission is granted by the driver to open them.
- 7. Students are not to leave or enter until the bus has come to a full stop.
- 8. Students must be silent when crossing railroad tracks.
- 9. Students must bring a note from home giving them permission to be dropped off at an alternate drop off site on their regular bus or to ride another bus other than their own. The office will administer a pass for the bus driver.
- 10. Students will not be permitted to eat, drink, or chew gum on the bus.

CONSEQUENCES/DISCIPLINARY ACTION FOR THOSE THAT DISOBEY SCHOOL BUS RULES:

- 1. Since riding the bus is a privilege and not a right, students may lose their bus privilege from one to five days.
- 2. The student will be given a verbal warning by the driver.
- 3. If a student continues to disobey the bus rules, the driver will refer the student to the principal for disciplinary action.
- 4. Continued problems may result in a student being excluded from riding the bus for the remainder of the semester.
- 5. Any student who desires or has a need to ride a different bus or get off at a different stop must have written permission from parents/guardians and the administration.

Dress Code

Tri-Township Schools promote an educational environment where its students are wellgroomed, neat and representative of not only themselves, but of their school and community in general. High school, in particular, is the level where students are being prepared for the adult workplace, and the primary purpose of the dress code is to prepare students to be successful in that environment.

Students may dress in a way that reflects school spirit at athletic events; however, while some leeway may be given, administration reserves the right to apply the dress code at these events in cases where student dress falls outside the lines of what is appropriate in the school setting. Likewise, students are required to comply with the dress code at all activities in which the student is a participant or representative of the school. This includes participation in events off school campus such as field trips, award ceremonies, community events, presentations, and/or recognition programs.

- Clothing which is damaging or hazardous (such as roller shoes, or clothing/footwear with metal plates or rivets).

• Book bags, backpacks or excessively large purses in classrooms or cafeteria. Small, clutch-type purses are permitted.

Consequences:

Parent/Guardian will be contacted to bring in a change of clothing, and student will remain in the office until they become dress code compliant. Administrators reserve the right to apply additional consequences, or to convene a parent/guardian conference for recurring violations.

Administration also reserves the right to determine what is appropriate for the school setting at each grade level in addition to the requirements stated above. Since students involved in extracurricular activities are representatives of the school, additional standards or requirements regarding dress or appearance may be made of them.

Good Standing

In order for a student to be eligible to participate in or attend games, clubs, dances, ECAs, or any other school sponsored events students must adhere to the following:

• Attendance: Students must have no more than 2 unexcused absences and/or 3 tardies per nine week grading period.

• Grades: Students must have a minimum GPA of 2.0 and be passing four (4) core classes and have no more than one F. This will be taken at the end of each nine weeks, previously completed nine weeks will count towards eligibility. (Sophmores, Juniors, and Seniors will be grandfathered into minimum GPA requirement for 2023-2024 school year.)

• Behavior: Students may not have more than one (1) discipline referral to the office per semester.

Students may not have more than two (2) discipline referrals for any teacher per semester. A student in good standing has full rights with respect to participation in activities of the school, academic, co-curricular, and extracurricular, subject to any restrictions which apply to all students. A student is not in good standing during the period of time he/she is under in-school suspension, out-of-school suspension or expulsion. A student not in good standing may have limited participation in any school activity, contest, practice, ceremony, dance, or trip, whether academic, co-curricular, or extracurricular, except as may be allowed by the principal and/or expulsion examiner.

Cell Phone and Electronic Media Devices

Possession of an electronic media device on school property or on school grounds is at the students and parents/guardians risk. The school corporation and schools will not be responsible for lost, stolen, or damaged electronic devices. Furthermore, school personnel will not investigate claims of lost, stolen, or damaged electronic devices. Students will only be able to use their device during lunch and at their locker during passing periods. Students will not be allowed to walk down the hallway with their phone.

Elementary Students:

Students who violate this policy will be subject to the following disciplinary consequences:

First Offense – The item will be confiscated for the remainder of the day and the student must retrieve the item from the school office. One detention may be assigned.

Second Offense – The item will be confiscated and the student's parent/guardian must retrieve the item from the school office. Two detentions will be assigned.

Third Offense – The item will be confiscated and the student's parent/guardian must retrieve the item from the school office. The student will be suspended in school for one day.

Further violations of this policy will result in other disciplinary action including, but not limited to, out of school suspension and/or expulsion from school.

DISCIPLINE

PURPOSE, PHILOSOPHY, AND GUIDELINES ON STUDENT DISCIPLINE

The mission of the school to assist students in the transition to responsible adulthood requires instilling in students those mature habits of behavior required by a democratic society. The board recognizes that the disruptive behavior of an individual student deprives other students of their right to a school conducive to learning, and does not promote those habits.

In addition, school handbooks reflect the regulations for individual buildings, and may contain additional rules for student behavior, so long as they do not violate either the letter or intent of this policy.

Indiana law contains numerous provisions related to student discipline. It is the intent of the board to adopt those provisions, as they exist, as they are amended, or rescinded in the future. Indiana laws form the basis of the board's discipline policy.

It is the duty and power of the School Corporation to supervise and discipline students. The Board recognizes that student supervision and the desirable behavior of students in carrying out school purposes is the responsibility of:

- A. a school corporation; and
- B. the students of a school corporation.

Furthermore, in all matters relating to the discipline and conduct of students, school corporation personnel:

- A. stand in the relation of parents to the students of the school corporation; and
- B. have the right to take any disciplinary action necessary to promote student conduct that conforms with an orderly and effective educational system, subject to Indiana Code and
- C. have qualified immunity with respect to a disciplinary action taken to promote student conduct if the action is taken in good faith and is reasonable.

Students must:

- A. follow responsible directions of school personnel in all educational settings; and
- B. refrain from disruptive behavior that interferes with the educational environment.

The Board therefore has established and adopted the written discipline rules set forth in this handbook and made copies available to students and the student's parents/guardian.

In compliance with IC 20-33-8-12 which gives the governing body of a school corporation the authority to delegate:

(1) rulemaking;

- (2) disciplinary; and
- (3) other authority

The Board recognizes its obligation to balance the privacy rights of its students with its responsibility to provide student, faculty, and authorized visitors with a safe, hygienic, and drug-free environment.

In balancing these competing interests, the Board directs the Administration to utilize the following principles:

A. School Property

School facilities such as lockers, all computers (including laptops), and desks are school property provided for student use subject to the right of the Administration and his/her designee to enter the facility as needed and inspect all items in the facility searched. Students shall not have an expectation of privacy in any facility provided by the school. No student shall lock or otherwise impede access to any locker or storage area except with a lock provided by the principal or designee of the school in which the locker or storage area is located. Unapproved locks shall be removed and destroyed by the principal or designee.

B. Student person and Possession

Searches of the student's person and personal items in the student's immediate possession shall be done with the consent of the student. If the student does not consent, such a search shall be permitted based upon the administrator's individualized reasonable suspicion to believe that the search will produce evidence of a violation of a law, school rule, or a condition that endangers the safety or health of the student or others. Searches of the person of a student shall be conducted and witnessed by a person of the same gender as the student and shall be conducted in a private office. The student shall be given the option of selecting the witness from the faculty members on the school premises at the time of the search. A searched student's parent or guardian shall be notified of the search within twenty-four (24) hours if possible.

This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board as defined by I.C. 20-33-8.

Permission for a student to bring a vehicle on school property shall be conditioned upon consent of the search of the vehicle and all containers inside the vehicle by a school administrator with reasonable suspicion to believe the search will produce evidence of a violation of law, a school rule, or a condition that endangers the safety or health of the student driver or others. The student shall have no expectation of privacy in any vehicle or in the contents of any vehicle operated or parked on school property.

The Administration may request the assistance of a law enforcement agency (with or without assistance of police canines) in implementing any aspect of this policy. Where law enforcement officers participate in a search on school property or at a school activity pursuant to a request from an Administrator, the search shall be conducted by the law enforcement officers accompanied by a school official or designee, and in accordance with the legal standards applicable to law enforcement officers.

Anything found in the course of a search pursuant to this policy which constitutes evidence of a violation of a law or a school rule or which endangers the safety or health of any person shall be seized and utilized as evidence if appropriate. Seized items of value shall be returned to the owner if the items may be lawfully possessed by the owner. Seized items of no value and seized items that may not lawfully be possessed by the owner shall be destroyed.

The Administration shall promptly record in writing the following information for each search pursuant to this policy:

- a. the information upon which the search was based
- b. the time, date, location, students, or places searched, and persons present
- c. a description of any item seized and its disposition
- d. the time and date of notice to the parent or guardian in the case of the search of the person of a student

Procedural Due Process Rights

SUSPENSION PROCEDURES

When a principal (or designee) determines that a student should be suspended, the following procedures will be followed

- 1) A meeting will be held prior to the suspension of any student. At this meeting, the student will be entitled to:
 - a) a written or oral statement of the charges;
 - b) if the student denies the charges, a summary of the evidence against the student will be presented; and,
 - c) the student will be provided an opportunity to explain his or her conduct.
- 2) The meeting shall precede suspension of the student except where the nature of the misconduct requires immediate removal. In such situations, the meeting will follow the suspension as soon as reasonably possible following the date of the suspension.
- 3) Following suspension, the parents or guardians of suspended students will be notified in writing. The notification will include the dates of the suspension, describe the misconduct, and the action taken by the principal.

EXPULSION PROCEDURES

When a principal (or designee) recommends to the superintendent (or designee) that a student be expelled from school, the following procedures will be followed:

- 1. The superintendent may conduct an expulsion meeting, or may appoint one of the following persons to conduct the expulsion meeting:
 - a. legal counsel
 - b. a member of the administrative staff who did not expel the student during the current school year and was not involved in the events giving rise to the expulsion.

The superintendent or the person designated by the superintendent under this subsection may continue the suspension of a student for more than the ten (10) school day period of the principal's suspension and until the time of the expulsion decision under this section if the superintendent or the designated person determines that the student's continued suspension will prevent or substantially reduce the risk of:

- A. interference with an educational function or school purposes; or
- B. a physical injury to the student, other students, school employees, or visitors to the school.

However, a student may not be suspended from school pending a meeting on a student's proposed expulsion if the expulsion is ordered under the section permitting expulsion for violation of the legal settlement provision. (I.C. 20-33-8-23)

2. An expulsion will not take place until the student's parents are asked to appear at an expulsion meeting conducted by the superintendent or the person designated above. Failure by a student or a student's parent to appear at this meeting will be deemed a waiver of rights administratively to contest the expulsion or to appeal it to the school board.

3. The request to appear at the expulsion meeting will be in writing, delivered by certified mail or by personal delivery, and contain the reasons for the expulsion, the procedure for requesting an expulsion meeting and the date, time, place and purpose of the meeting.

4. At the expulsion meeting, the principal (or designee) will present evidence to support the charges against the student. The student or parents will have the opportunity to answer the charges against the student, and to present evidence to support the student's position.

5. If the expulsion meeting is held, the person conducting the expulsion meeting will make a written summary of the evidence heard at the meeting, take any action found to be appropriate, and give notice of the action taken to the student and the student's parents.

6. A student or a student's parent who fails to request and appear at an expulsion meeting after receipt of notice of the right to appear at an expulsion meeting forfeits all rights administratively to contest and appeal the expulsion. For purposes of this section, notice of the right to appear at an expulsion meeting or notice of the action taken at an expulsion meeting is effectively given at the time when the request or notice is delivered personally or sent by certified mail to a student and the student's parent.

Any rights granted to a student or a student's parent by this chapter may be waived only by a written instrument signed by both the student and the student's parent. The waiver is valid if made voluntarily and with the knowledge of the procedures available under I.C. 20-33-8-19 and of the consequences of the waiver. (I.C. 20-33-8-28)

7. Except in the case of possession of a weapon, a student may not be expelled for a longer period than the remainder of the school year in which the expulsion took effect if the misconduct occurs during the first semester. If a student is expelled during the second semester, the expulsion remains in effect for summer school and may remain in effect for the first semester of the following school year, unless otherwise modified or terminated by order of the governing body. The appropriate authorities may require that a student who is at least sixteen (16) years of age and who wishes to re enroll after an expulsion or exclusion attend an alternative program. (I.C. 20-33-8-20)

8. An expulsion that takes effect more than three (3) weeks before the beginning of the second semester of a school year must be reviewed before the beginning of the second semester. The review shall be conducted by the superintendent or a person designated under I.C. 20-33-8-19 after notice of the review has been given to the student and the student's parent. The review is limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original meeting. The review may lead to a recommendation by the person conducting the review that the student be reinstated for a second semester. An expulsion that will remain in effect during the first semester of the following school year must be reviewed before the beginning of the school year. The review shall be conducted by the superintendent or person designated under I.C. 20-33-8-19 after notice of the review has been given to the student and the student's parent. The review is limited to newly discovered evidence or evidence of changes in the student or person designated under I.C. 20-33-8-19 after notice of the review has been given to the student and the student's parent. The review is limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original meeting. The review may lead to a recommendation by the person conducting the review that the student be reinstated for the vidence or evidence of changes in the student's circumstances occurring since the original meeting. The review may lead to a recommendation by the person conducting the review that the student be reinstated for the upcoming school year. (I.C. 20-33-8-20)

The student or parent has the right to appeal the decision of the person conducting the expulsion meeting to the school board within 10 days of the receipt of notice of the action taken. The student or parent appeal to the school board must be in writing. If an appeal is properly made, the board must consider the appeal unless the board votes not to hear the appeal. If the board hears the appeal, it will consider the written summary of the expulsion meeting and arguments of the school administration and the student and/or the student's parent. The board will then take any action deemed appropriate. (I.C. 20-33-8-19).

Judicial review of a governing body's action under I.C. 20-33-8-21 by the circuit or superior court of the county in which a student who is the subject of the governing body's action resides is limited to the issue of whether the governing body acted without following the procedure required under I.C. 20-33-8-19

- A. the court grants a temporary restraining order under the Indiana Rules of Civil Procedure; and
- B. the school corporation was given the opportunity to appear at the hearing regarding the temporary restraining order.

(9) Per I.C. 20-33-8-24 a principal may require that a student who is at least sixteen (16) years of age; and wishes to re-enroll after an expulsion; attend:

Disruptive Students

Recognizing that the behavior of some students may be so disruptive that it interferes with school purposes or educational functions of the school corporation, school officials may find it necessary to remove a student from his/her class or from the school. In this event, and in accordance with the provisions of IC 20-33-8, the Board of School Trustees authorized administrators and staff members to take the following actions:

• A middle school teacher or high school teacher has the right to remove a student from a class or activity for up to five class periods if the student is assigned regular or additional work to be completed in another school setting.

• An elementary teacher has the right to remove a student from his/her classroom or activity for a period of up to one school day if the student is assigned regular or additional work to be completed in another school setting.

• A school principal may deny a student the right to attend school or take part in any school function for a period of up to ten school days per occurrence.

The student may not be placed back into the original class until the principal or designee has a meeting with the teacher, the student, and the student's parents to determine an appropriate behavior plan for the students. If the parents do not attend this meeting within a reasonable time, the principal may place the student in another class or educational setting.

Suspension/Expulsion

A student may be suspended from school for a period of one to ten days per occurrence during a school year. A student may be expelled from school for a period no longer than the remainder of the current semester plus the following semester, with the exception of a violation of a deadly weapon, destructive device, or firearm possession as listed under grounds for expulsion in this policy. PARENT/GUARDIAN

Addressing School-Related Concerns

The Tri-Township Consolidated School Corporation strives to respond to parent/guardian concerns and believes a strong partnership is essential in developing a positive, interactive educational environment. We feel it is our role as adults to set an example to children by addressing concerns and complaints in a proactive and appropriate way.

Visitors

The purpose of attendance at school is to work and to learn. Former students or students who attend a different school are not permitted to visit a school in the Tri-Township Consolidated School Corporation while the school is in session. Students who wish to visit a school to better acquaint themselves before they begin attending the school, may be permitted to visit the school and attend classes on a limited basis. Such visits must be scheduled with the principal of the school.

Grade Placement

Children who are entering school for the first time under compulsory attendance laws (at age seven) will be placed in first grade unless kindergarten placement is requested by the parent/guardian. If first grade placement seems questionable, student readiness levels may be evaluated by the principal and teacher with parent/guardian input. Specific grade or class placement will be the sole responsibility of the principal whose decision shall be final.

Placement from Home School

Students entering Tri-Township schools from a home-school environment may be required to take grade placement tests, final exams, or other district assessments. The student's performance on these tests, along with analysis of other samples of academic ability will determine the student's grade level placement. The principal will have the final decision in placement of the student.

Kindergarten Entrance

Each child enrolling in kindergarten must be five years of age on or before August 1 of the upcoming school year. A student's age must be verified within twenty calendar days from the date of the child's enrollment by a certified copy of a birth certificate. All students, including kindergarten students who have participated in spring pre registration, must register with the school prior to the first day of school. Kindergarten pre-registration takes place during the spring in either March or April.

Retention

Elementary:

A decision to retain a child is never easy for parents/guardians or teachers but has to be made with the child's best interest in mind. Even though many factors are used to determine whether a child should be retained, most retentions are due to:

1. Immaturity – the child simply needs another year to mature in order to be able to succeed at the present level. 2. Academic failure – the child was not able to demonstrate mastery of the Indiana Academic Standards for that grade level.

3. Absences – the child has been absent 20 or more days.

Teachers will begin to notify parents/guardians in the spring if they feel a student should be retained. If the parent/guardians disagree with the teacher's decision, a conference will be held with the principal and concerned parties to discuss a solution. The final decision for grade placement rests with the principal.

Middle School:

Any 6th, 7th, or 8th grade student who receives four (4) or more grades of F as semester averages in English, math, science, and social studies during any one school year may be retained at that grade level and repeat all courses for that grade the following school year. The average reading grade and language arts grade will determine the English grade for 6th grade students. If there are extenuating circumstances, exceptions to this policy may be granted by the principal. The principal shall make the final decision regarding the student's grade level placement.

Withdrawal from School

Students who find it necessary to withdraw from Tri-Township Consolidated School Corporation for an extended period of time or permanently should use the following procedure:

1. Secure withdrawal form in the guidance office or principal's office.

a. Parent/guardians must sign this form if the student is under 18 years of age.

b. Present form to each current teacher who will record a current grade in class and initial the form.

c. Return all materials to the media center and have the director indicate return of the materials on the form.

d. Clean out the locker and return textbooks to each current teacher who will initial the form.

e. The secretary will also initial the form when all financial obligations of the student to the school have been resolved.

2. Return completed form to the guidance department or principal's office.

3. Include name and address of new school if transferring. Copies of the permanent record will be made available.

Free and Reduced Lunches

Students from families whose income is at or below the level set by the federal government may be eligible for free or reduced price meals. Requests for assistance are approved or denied by the Food Service Director according to established criteria. Appeals of decisions made may be made to the superintendent according to the procedures published in the guidelines found in the application materials.

Book Damage Fees

The care and maintenance of textbooks are not to be taken lightly. At the completion of a year, textbooks are expected to show a year's normal wear. However, at the discretion of the principal, students may be assessed a fine for abuse. Students are assessed the retail cost of any book they lose or books on which they have written on the edges of the pages or defaced.

Special Education

Students with disabilities are subject to some different and additional procedures in relation to program participation and change in placement. All applicable law pertaining to special education students will be followed the same as if the student was attending in-person instruction at school. This includes, but is not limited to:

• Parent/guardians will be provided with written notice of a case conference committee (CCC) meeting to be convened for the purpose of changing the educational placement and (when appropriate) conducting a manifestation determination, prior to withdrawing the student from the virtual/remote program for failure to maintain adequate attendance or any other reason. An opportunity for parent/guardian participation in the CCC meeting will be provided by scheduling the CCC meeting at a mutually agreed upon date, time, and place and by providing an opportunity for the parent/guardian to participate by other means if the parent/guardian cannot attend in person. The CCC meeting will be conducted without a parent/guardian in attendance if the parent/guardian chooses not to participate in person or by other means. The School will keep records of the School's attempts to arrange a mutually agreed upon date, time, and place for the CCC;

• The student's IEP will be revised to specifically detail the student's record of nonparticipation as a basis to consider a change of educational placement, the provision of notice, the opportunity to be heard, a summary of the two-prong manifestation determination analysis; a description of the services to be provided if the student is not enrolling elsewhere; and information related to the student enrolling elsewhere, if applicable.

Health Information Sheets or Cards

Emergency health information is to be given at the time of enrollment and updated each year. If at any time a child's health information changes, parent/guardians should notify the school nurse immediately. Parent/guardians' home and work telephone numbers are included on a student's health information card. Should any of these numbers change, the school nurse should be notified immediately. Also included on a student's health information card is the name and telephone number of a reliable adult who could be contacted in case the parent/guardians cannot be reached. This information should also be kept up-to-date with the school nurse.

Illness/Injury/Accident

If a student is injured or becomes ill at school, the child will be cared for temporarily by school personnel. School personnel will render first aid only. If the illness or injury is serious, the parent/guardians will be notified. If school personnel deem necessary, paramedics will be called. If parent/guardians are unavailable, those listed as emergency contacts will be notified. Students who are sent home will only be released to their parent/guardians unless the parent/guardian designates another responsible adult and has informed the school office. For the protection and safety of our students, parent/guardians are required to sign-out their children in the school office.

The school corporation does not provide insurance for students and is not responsible for expenses incurred as a result of an illness, accident, or injury.

Returning to School After an Illness

Students may return to school after an illness when the student has been fever free and vomit free for 24 hours without medication or other quarantine guidelines have been met.

Communicable Diseases

If a student has been absent due to a communicable disease, a doctor's release may be required before returning to school. Indiana public health laws place the responsibility for reporting communicable diseases upon physicians, their agents, hospital administrators, and laboratories. It is the policy of the local schools to report all suspected communicable disease to the local health department. It is also school policy to request a diagnosis from a physician for any questionable illness or condition a student might present. This policy is for the protection and health of the student and disease prevention. Students will be excluded from school for certain communicable diseases such as pink eye, strep throat, chicken pox, impetigo, lice, and scabies.

Health Screenings

Vision and hearing screenings will be conducted during the school year by the school nurse for various grades as determined by the State of Indiana.

Immunization Requirements

When a student enrolls in the Tri-Township Consolidated School Corporation for the first time, proof of immunizations must be presented or an objection form must be filed. Immunizations required by law vary according to the students' age. Students in grades 9-12 are required to be immunized against Hepatitis B.

AK Smith Vocational School Requirements

Bus transportation is provided to Tri-Township students who attend vocational school at AK Smith Career Center in Michigan City. Students who ride the bus are required to meet the bus in the parking lot in the morning, and return back to school on the bus following the completion of their classes at AK Smith.

In the event that the parent or guardian requests and authorizes that a student who attends AK Smith be permitted to use his/her own transportation to and from all outside classes rather than use the transportation provided by the School, the following protocol must be followed:

1. A Waiver and Release form signed by the parents and student is on file in the principal's office.

2. Students must maintain grades of C or better in all classes.

3. The student may not transport any passenger in his or her vehicle without documented consent from both students' parents.

Terms of Use

Privilege Guidelines:

No student, staff member or patron shall have access to TTCSC technology, the network or internet without having a signed Acceptable Use Policy/Application on file with the school corporation.

The use of TTCSC technology including internet access is a privilege, and not a right. TTCSC reserves the right to deny, revoke or suspend specific user privileges and/or take other disciplinary action, including suspensions or expulsion from school, for violations of this policy. The Principal or his/her designee will deem what is inappropriate use and their decision is final. Additionally, all handbook regulations apply to the use of the TTCSC network, Internet, and electronic resources.

It is specifically set forth in this policy, that there is NO right of privacy with respect to the use of school computers or any work produced by such use, however described. Network and computer storage areas that may be available for students to store computerized information are not private areas. In order to maintain TTCSC's systems integrity and to ensure that student users are using the system responsibly and properly and within stated limits, files stored in TTCSC's network storage areas and computers may be reviewed at any time by the Principal or his/her designee. The Principal or his/her designee may review all network communication across TTCSC's computer network. Computers, files, disks, other types of storage media and information, including use are subject to inspection at any time.

Internet Guidelines:

TTCSC is pleased to offer our students access to the Internet. The purpose of the school-provided Internet access is to facilitate communications in support of research and education. To remain eligible for Internet access, students must use the Internet in support of and consistent with educational objectives. The Internet is an electronic highway connecting hundreds of thousands of computers and millions of individual users all over the world. This computer technology allows students and staff access to resources from distant computers, and the opportunity to communicate and collaborate with other individuals and groups around the world. Families should be aware that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or potentially offensive to some people. In addition, it is possible to purchase certain goods and services via the Internet which could result in unwanted financial obligations for which a student's parent or guardian would be liable.

TTCSC will make every reasonable effort to ensure the Internet is used responsibly by making every reasonable effort to control access to inappropriate material. TTCSC limits access to specific resources that have been deemed objectionable by using a "filtering" process. Student Internet activities will be monitored by the school corporation to ensure students are not accessing inappropriate sites. Each school corporation computer with Internet access shall have a filtering device or software that blocks access to visual depictions that are obscene, pornographic, inappropriate for students, or harmful to minors. However, given that the Internet is an ever-changing network, with no one single arbiter or authority; it is not possible for the filtering technology to prevent all questionable material from appearing on any particular system on our network. The educational value of resources accessed through the Internet is the joint responsibility of students, parents, and employees of TTCSC. If it comes to the attention of TTCSC's administration that a student is posting provocative, derogatory or

defamatory comments about TTCSC, its employees or other students, posting or is seen in inappropriate images online, or cyberbullying, TTCSC will, at the discretion of the principal or his/her designee, make every reasonable effort to contact the student's parent and may notify law enforcement regardless of whether it was done on TTCSC's equipment or during the school day. Inappropriate images would include, but not be limited to, images depicting pornography, possession of alcohol, drugs, weapons or any other activity that is deemed illegal.

Students may not use school computers to access any Internet site or sites that contain information that is inappropriate for educational purposes or sites that teachers, staff or administration deem inappropriate for the instructional program. Examples of inappropriate information content include, but are not limited to the following:

- Offensive material- content that is in poor taste or could be considered obscene, abusive, or sexually explicit language, racist, illegal, harassing, or inflammatory.
- Distribute dangerous material content that provides direction in the construction of explosives or similar devices or instruction or practices that could injure the students themselves, or others.
- Inappropriate contacts materials that can lead to contact with strangers who could potentially threaten the student's health or safety.

If a student is uncertain as to whether or not a site's material might be considered inappropriate, the student should consult their teacher or a member of the administrative staff for clarification.

Parents and guardians have the option of requesting alternative activities that do not require internet use for their minor children.

All students receive a copy of the TTCSC policy concerning school-provided Internet access. This is in the student handbook. All students are responsible for reading the policy and signing the handbook.

Consequences of Violating the School's Internet Policy:

- 1st violation of policy: Loss of Internet privileges for up to 9 weeks from date of violation; notification sent to parents and teachers.
- 2nd violation of policy: Loss of Internet privileges for up to one year (365 days) from date of violation; notification sent to parents and teachers.*
- 3rd violation of policy: Suspension from Internet access for the rest of school years. *

*The student can request a reinstatement hearing after the second and third offenses for possible restoration of privileges. Present at this hearing must be the student, parents or guardians, principal, and Technology Committee members.

Education Regarding Cyberbullying

The Superintendent or designee shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms and other Internet services. Such instruction shall include, but not be limited to, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.

Gang Behavior-Indiana Law & Board Policy

Tri-Township CSC are in compliance with IC 20-26-18 which requires school corporations to have a written policy to address criminal gangs and criminal gang activity (see corporation policy). Students are not to engage in gang-related behavior or display gang symbols, colors or paraphernalia at school. Symbols or colors may be restricted for any persons of concern.

Seclusion and Restraint- Indiana Law & Board Policy

Tri-Township CSC are in compliance with IC 20-20-40-13(a)(2) which requires school corporations to have a written policy to address seclusion and restraint usage.

School Lunch Policy

Parents/guardians can pay for meal services directly by check or cash. Also, parents can access Harmony and using a credit card. Students may charge up to 3 meals maximum, a \$10 limit, or as long as they establish and maintain a good credit history of making payments on their food service accounts. A student who has charged a meal may not charge or purchase a la carte items including extra main entrees.

Emails will be sent home each week to parents/guardians of students who have an account with a balance of \$5.00 or less.

Homework Policy

The Board supports teachers and administrators who are continually concerned that the purposes of homework lessons assigned for completion by students be carefully explained. Homework can be a meaningful and positive activity with purposes related to anyone or more of four major categories:

- 1. Enrichment
- 2. Reinforcement
- 3. Preparatory
- 4. Skill Development

Enrichment assignments are normally those lessons in which all students may realistically enhance their personal growth and development. Students are usually given great latitude regarding the topic and the scope of their reading and research. Except for general teacher guidelines, the student's efforts may result in an original and creative lesson for that student.

Reinforcement lessons are not generally assigned to all class members since individual students have a varying need for this type of homework. In contrast to enrichment assignments, reinforcement lessons are generally on a daily basis and are also on a one to one basis with the teacher.

Preparatory homework is normally intended to familiarize the student with a content or topic and to serve as a basis for subsequent activity.

Skill development lessons are usually assigned to all students and are closely related to the regular current classwork. Analysis of weaknesses and strengths is noted regularly by the teachers and is used to assist the student through supervision by the teacher of the initial practice by the student before independent work is assigned.

The Board expects that great care must continually be exercised by the teacher to permit students adequate personal time and time for physical and cultural development. A lengthy day of serious study followed by demands and pressures of excessive outside assignments may cause negative student attitudes to develop. Therefore, homework assignments should be approached from a positive viewpoint so that they will enhance student success in school. The age, capability, normal growth pattern of children and other demands on student time should be taken into consideration when assignments are administered.

Safe Schools & Anti-Bullying Policy

In Compliance with Senate Enrolled Act No. 285 to amend the Indiana Code concerning education, Tri-Township Schools has updated its safe schools and anti bullying policies.

Realizing our obligation to teach and, at the same time, protect the children in our charge the following policy regarding bullying is adopted.

Bullying is defined as any overt, repeated act or gesture, including:

1. verbal or written communication transmitted; This can include cyber-bullying and proper internet etiquette.

2. physical acts committed; or

3. other behaviors committed;

by an individual or group of individuals against another individual with the intent to harass, ridicule, humiliate, intimidate, or harm the other individual. Individuals threatening, teasing, or intimidating other individuals both emotionally or physically. Such actions are generally intentional, repeated over time or persistent (some incidences need not occur repeatedly or over time to be considered serious). Generally bullying implies an imbalance of power or strength where the bullied person has difficulty defending himself/herself. Such verbal, physical, or relational types of bullying can be quite harmful to a person's mental or physical well-being. One may feel lonely, unhappy and frightened. They may feel unsafe or think there must be something wrong with them. They lose confidence and may not want to attend school. It may prompt physical illness.

Bullying is prohibited on school grounds immediately before or during school hours, immediately after school hours, or at any other time when the school or the school's property or equipment is being used by a school group. Bullying is also prohibited off school grounds at any school activity, function or event and when traveling to or from school or a school activity, function or event including e-learning days or activities.

Tri-Township CSC will:

1. Have a "Safe School Committee". This will be a subcommittee of the "School Improvement Committee". The corporation's School Safety Specialist shall provide assistance to this committee in developing and implementing a plan for the school.

2. Meet their obligation to provide a safe environment in order to nurture a positive learning atmosphere, teach students basic skills, and prevent bullying problems. Our school will have core values that promote responsibility, communication, cooperation, trust, and positive relationships.

3. Provide educational outreach and training to school personnel on the: identification and prevention of bullying, and how to intervene. Learning is to take place in a supportive environment. Staff will be committed to a common response to bullying when it happens, ensuring that the school is a safe place free from ridicule, harassment and isolation.

4. Provide a curriculum that includes training in identifying, preventing and intervening in bullying. Such education includes the roles (bully, bullied, bystander) and the responsibilities that all have in stopping bullying. We will aim for a "telling environment" where students take a stand for what is right and where students trust and are supported by adults to find resolutions to address bullying behavior.
