- Safety
- Infrastructure
- Promote and utilize our maintenance request process

### Goal Statement:

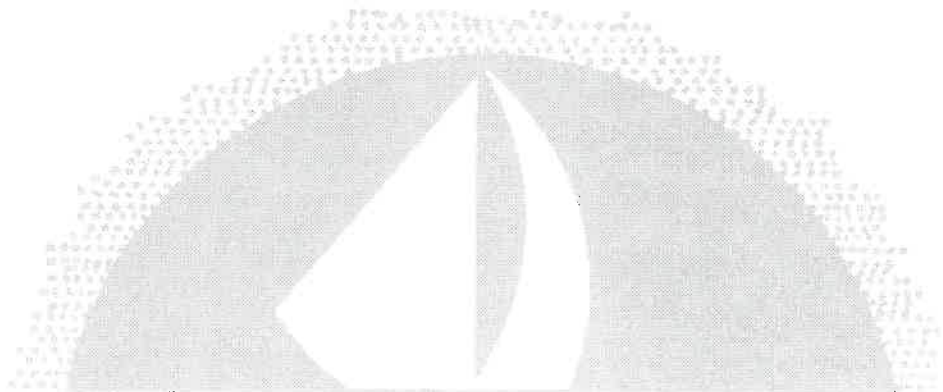

- We will maintain and enhance safety, security, and infrastructure across the district.

### Objectives:

- Increase safety through secure building entrance projects across the district
  - Use of cameras in indoor and outdoor areas.
  - Incorporation of keyed/fob entries into all buildings.
  - Doorbell/camera systems for entry into main offices.
- Enhance communication infrastructure for external stakeholders regarding security issues
  - Utilize maintenance request process to maintain cleanliness and repairs
  - Review internal communications (phones, PA systems per building for necessary updates)
- Complete sinking fund projects on time and within budget
  - Provide an up-to-date project list for budgetary planning purposes

### Action Plan:

- Provide up-to-date facilities that support current and future educational needs
