NAEP	NAEP results—especially on the math and reading assessments that are given every two years—are widely reported and are an important national indicator of state-level and national progress of education. NAEP gives us a good sense of the direction the nation is moving and provides valuable data with long-term trends.	TBD	January 29th- March 8th	NAEP is not designed to show individual results. Since the first NAEP assessment in 1969, students' names have been kept completely confidential. After students complete the assessment, their names are physically removed from the booklets and never leave their schools. Instead of reporting individual scores, NAEP reports overall results for the nation, the states, and for demographic groups of students.
