

What is a School-Parent Compact?

The compact is a promise signed by the parent, the student, and the teacher that all will work together to make sure students are meeting state academic standards. This agreement:

- Is linked to the goals of the school improvement plan
- Focuses on improving students' academic skills
- Shares resources that students and parents can use at home to improve student achievement
- Describes opportunities for parents to observe and be involved in their child's education
- Explains how teachers and parents will communicate about student progress

Jointly Developed

The school administrators, parents, students, teachers, and other stakeholders are invited to contribute their suggestions for the development of this compact at our bi-annual stakeholders meetings which are held November and May of each year. During these meetings all stakeholders are asked to review and give input for the revision of this School-Parent Compact. Additionally, all stakeholders are welcome to contribute suggestions and comments for strengthening the home to school connections at any time during the year.

Do you have any questions about your child's progress?
