#### **CERTIFICATE OF BOARD**

Ingram Independent School District Name of School District Kerr County <u>133-904</u> Co. Dist. Number

We, the undersigned, certify that the attached annual financial report of the above named school district was reviewed and (check one)  $\checkmark$  approved  $\_$  disapproved for the year ended August 31, 2023 at a meeting of the Board of Trustees of such school district on the 22<sup>nd</sup> day of January, 2024.

Signature of Board Secretary

Signature of Board President

If the Board of Trustees disapproved of the auditor's report, the reason(s) for disapproving it is (are): (attach list as necessary)

## FINANCIAL SECTION

#### **INDEPENDENT AUDITOR'S REPORT**

To the Board of School Trustees Ingram Independent School District Ingram, Texas

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Ingram Independent School District (the District) as of and for the year ended August 31, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Ingram Independent School District as of August 31, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Change in Accounting Principle**

As discussed in note 1 to the financial statements, in 2023 the District adopted new accounting guidance, GASB No. 96, *Subscription Based Information Technology Arrangements*. Our opinions are not modified with respect to this matter.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of the District's proportionate share of the net pension and OPEB liability – Teacher Retirement System of Texas, and schedules of District's contributions – Teacher Retirement System of Texas, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying combining and individual nonmajor fund statements and schedules, required Texas Education Agency schedules, and schedule of expenditures of federal awards as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards,* are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund statements and schedules, required Texas Education Agency schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2024, on our consideration of Ingram Independent School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Ingram Independent School District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ingram Independent School District's internal control over financial reporting and compliance.

ABIP, PE

San Antonio, Texas January 22, 2024

### MANAGEMENT'S DISCUSSION AND ANALYSIS

### August 31, 2023

The Management's Discussion and Analysis (MD&A) of Ingram Independent School District (the District) is intended to provide an overview of the District's financial position and results of operations for the fiscal year ended August 31, 2023. Since the focus of the MD&A is on current year activities, resulting changes, and currently known facts, it should be read in conjunction with the District's financial statements, including the accompanying notes, to enhance the understanding of the school's financial performance.

#### FINANCIAL HIGHLIGHTS

- The District's net position for governmental activities increased by \$1,285,912, after the restatement to end at \$4,220,595.
- Total governmental funds of the District reported an overall fund balance increase of \$18,553,889 to end at \$21,443,806.
- The general fund of the District reported a fund balance increase of \$1,161,783 for the year, to end at \$4,526,419, of which \$4,026,544 is unassigned.
- During the fiscal year, the District issued Ingram Independent School District Unlimited Tax School Building Bonds, series 2022 in the amount of \$24,365,000.

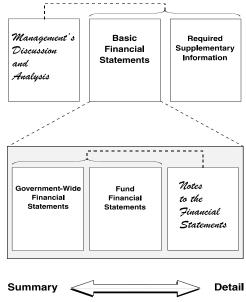

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three parts—*management's discussion* and analysis (this section), the basic financial statements, and required supplementary information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *government-wide financial statements* that provide both *long-term* and *short-term* information about the District's overall financial status.
- The remaining statements are *fund financial statements* that focus on *individual parts* of the government, reporting the District's operations in more detail than the government-wide statements.
- The *governmental fund* statements tell how *general government* services were financed in the *short-term* as well as what remains for future spending.
- Fiduciary fund statements provide information about the financial relationships in which the District acts solely as a trustee or agent for the benefit of others, to whom the resources in question belong.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of *required supplementary information* that further explains and supports the information in the financial statements. Figure A-1 shows how the required parts of this annual report are arranged and related to one another.

## Figure A-1, Required Components of the District's Annual Financial Report

The District's annual financial report consists of a series of financial statements and accompanying notes, with the primary focus being on the District as a whole. The statement of net position and the statement of activities are government-wide financial statements that provide both short-term and long-term information about the District's overall financial status. The fund financial statements report the District's operations in more detail by providing information as to how services are financed in the short-term, as well as the remaining available resources for future spending. Additionally, the fund financial statements focus on major funds rather than fund types. The remaining statements; the fiduciary fund statements, provide financial information for those activities in which the District acts solely as a trustee or agent for the benefit of others. The accompanying notes provide essential information that is not disclosed on the face of the financial statements. Consequently, the notes form an integral part of the basic financial statements.

#### **GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The statement of net position and the statement of activities – Most of the activities of the District are reported in these statements, including instruction, instruction support services, operations and maintenance, school administration, general administration, transportation, and food service. Additionally, all state and federal grants and capital and debt financing activities are reported here.

The statement of net position and the statement of activities present a view of the District's financial operations as a whole, reflect all financial transactions, and provide information helpful in determining whether the District's financial position has improved or deteriorated as a result of the current year's activities. Both of these statements are prepared using the full accrual basis of accounting similar to that used by most private-sector companies. The statement of net position includes all assets and liabilities, both short and long term. The statement of activities reports all of the current year's revenues and expenses regardless of when cash is received or paid.

The two government-wide statements report the District's net position, which represents the difference between assets and deferred outflows, and liabilities and deferred inflows. Over time, the increases or decreases in the District's net position are an indicator of whether its financial position is improving or deteriorating. Additionally, the District's financial operating results are determined by the difference between the revenues and expenses. As opposed to private businesses, generating profits is not an objective of the District's operations, but instead its main objective is to provide exemplary education and services to the students of Ingram Independent School District. Consequently, it is important to note that other non-financial factors, such as the quality of education and safety of students in the schools should be considered in assessing the District's overall performance.

**Fund financial statements** – Fund financial statements provide a detailed short-term view of the District's operations, focusing on its most significant or "major" funds. Certain funds are required by law while others are created by legal agreements, such as bond covenants. Other funds are established to ensure and demonstrate compliance with finance-related legal requirements and prudent fiscal management. The District has three fund types – governmental funds, proprietary funds, and a fiduciary fund.

**Governmental funds** – The accounting for most of the District's basic services is included in the governmental funds. The measurement focus and basis of accounting used for reporting is the modified accrual basis which measures inflows and outflows of current financial resources and the remaining balances at year end that are available for spending. Furthermore, under this basis of accounting, changes in net spendable assets are normally recognized only to the extent that they are expected to have a near term impact, while inflows are recognized only if they are available to liquidate liabilities of the current period. Similarly, future outflows are typically recognized only if they represent a depletion of current financial resources. The District's major governmental funds are the general fund, debt service fund, and capital project fund. The differences in the amounts reported between the fund statements and the government-wide statements are explained in the reconciliations provided on pages 18 and 20.

**Proprietary funds** – The District reports the activities for which it charges users (whether outside customers or other units of the District) in proprietary funds using the same accounting methods employed in the statement of net position and the statement of activities. The internal service fund is the District's only proprietary fund. The statement of net position and the statement of revenues, expenses, and changes in fund net position are reported on pages 21 and 22.

**Fiduciary funds** – The District is the trustee, or *fiduciary* for resources held for the benefit of others such as the student activities fund. Fiduciary activities are reported in the statement of fiduciary net position on page 24 and the statement of changes in fiduciary net position on page 25. The resources accounted for in this fund are excluded from the government-wide financial statements because these funds are not available to finance the District's operations. Consequently, the District is responsible for ensuring that these resources are used only for their intended purpose.

**Notes to the financial statements** – The notes provide disclosures and additional information that are essential to a full understanding of the financial information presented in the government-wide and fund financial statements.

**Other information** – In addition to the basic financial statements and accompanying notes, this report also provides certain required supplementary information, as well as combining fund statements and schedules beginning on page 56.

(The remainder of this page is intentionally left blank)

#### **GOVERNMENT-WIDE FINANCIAL ANALYSIS**

#### Statement of net position (government-wide)

Total net position

The following table summarizes the District's net position as of August 31, 2023 and 2022.

#### **Governmental Activities** (in thousands) 2022 2023 As Restated Current assets: \$ 21,322 \$ 2,655 Cash and cash equivalents Property taxes and receivables 413 366 (allowance for uncollectible) (4)(55)Due from other governments 2,031 1,540 Inventories 27 28 Prepaid items 8 26 Noncurrent assets: 1,090 Land 1,090 4,843 1,210 Construction in progress Building, furniture and equipment, and right to use assets, net 21,928 18,468 Total assets 51,658 25,328 Deferred outflows of resources: Deferred outflow related to TRS pension 14 16 Deferred outflow related to TRS OPEB 2,278 1,218 Deferred charge for refunding 1,374 778 Total deferred outflows of resources 3,666 2,012 Current liabilities: Accounts payable 1,365 624 Accrued liabilities 655 569 Due to other governments 27 14 Deferred revenue 67 20 Noncurrent liabilities: 799 Due within one year 1,118 Due in more than one year 35,961 11,842 4,486 Net pension liability 1,676 Net OPEB liability 2,549 3,645 Total liabilities 19,189 46,228 Deferred inflows of resources: Deferred inflow related to TRS pension 473 2,019 Deferred inflow related to TRS OPEB 4,402 3.163 Total deferred inflows of resources 4,875 5,182 Net position: Net investment in capital assets 6,659 8,368 Restricted for: Federal and state programs 465 386 1,181 1,021 Debt service Other purposes 133 86 Unrestricted (4, 217)(6,892)

#### STATEMENT OF NET POSITION August 2023 and 2022

4,221

S

\$

2,969

The unrestricted net position reflects a deficit created by recognition of Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions* (GASB 68) and Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions* (GASB 75). GASB 68 and GASB 75 established financial reporting standards and/or accounting standards for the state and local government's defined benefit pension plans and defined other postemployment benefit (OPEB) plans. The effects of the adoption of these standards have no impact on the District's governmental fund financial statements.

#### Statement of activities (government-wide)

The following table summarizes the change in the District's net position from its activities for the fiscal years ended August 31, 2023 and 2022.

Program revenues: Operating grants and contributions Charges for services General revenues: Property taxes Grants and contributions not restricted Investment earnings Other Transfers Total revenues Expenses: Instruction Instructional resources and media services Curriculum development and instructional staff development Instructional leadership School leadership Guidance, counseling and evaluation services Health services Student (pupil) transportation Food services Curricular/extracurricular activities General administration Plant maintenance and operations Security and monitoring services Interest on long-term debt Bond issuance costs and fees Capital outlay Other intergovernmental charges Total expenses Increase (decrease) in net position Net position at September 1,		ties

## CHANGES IN NET POSITION For fiscal years ended August 2023 and 2022

Property taxes in the amount of \$9,193,562 and unrestricted grant revenues and contributions of \$8,061,398 accounted for 77.35% of the District's total revenue of \$22,306,845.

The statement of activities reports gross expenses, offsetting program revenues and the resulting net expense (cost) by functions, for the current year. The net cost of each of the District's functions represents the amount of expenses that must be subsidized by general revenues, including in tax dollars. As reflected the statement of activities, total expenses for governmental activities were \$21,054,661. Of the total expenses, \$481,157 was financed by charges for services and \$3,269,125 by operating grants and contributions. The net cost of \$16,924,514 was financed mainly by state revenue and property taxes.

#### FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Financial information is presented separately in the balance sheet, and in the statement of revenues, expenditures, and changes in fund balances for the District's major funds which are the general fund, capital projects and the debt service fund. Financial information for the nonmajor governmental funds is aggregated and presented in a single column.

#### **General Fund**

The General fund is the primary operating fund for the District.

<u>General fund revenues</u> – Overall revenues increased by \$1,002,224 due mainly to an increase in state grants and local/property tax revenues.

				Increase		
	 2023	 2022	(Decrease)			
Local and tax revenues	\$ 7,652,227	\$ 6,843,282	\$	808,945		
State programs	7,574,562	7,259,379		315,183		
Federal programs	 1,404,736	 1,526,640		(121,904)		
Total	\$ 16,631,525	\$ 15,629,301	\$	1,002,224		

#### **REVENUES BY SOURCE** For the years ended August 31, 2023 and 2022

<u>General fund expenditures</u> – Overall general fund expenditures decreased by \$99,304. The decrease is mainly attributed to the decrease in capital outlay. However, the general fund also had substantial increases in instruction, curriculum, and media services, food service, and plant maintenance, security and data processing.

#### **EXPENDITURES BY FUNCTIONS** For the years ended August 31, 2023 and 2022

					Increase	
		2023	 2022	(Decrease)		
EXPENDITURES						
Instruction, curriculum and media services	\$	8,194,336	\$ 7,759,656	\$	434,680

Debt service		253,084	187,169		65,915	
Capital outlay		112,263	1,350,589		(1,238,326)	
Other intergovernmental charges		45,418	 		45,418	
Total expenditures	\$	15,522,053	\$ 15,621,357	\$	(99,304)	

#### CAPITAL ASSETS AND DEBT ADMINISTRATION

<u>Capital assets</u> – At August 31, 2023, the District had invested \$50,648,953 in a broad range of capital assets including land, equipment, buildings, vehicles, and right to use assets. This is a \$8,962,819 increase from the prior year.

#### CAPITAL ASSETS August 31, 2023 and 2022

	 2023	A	2022 As Restated	Increase (Decrease)		
Land	\$ 1,089,941	\$	1,089,941	\$	-	
Buildings and improvements	38,817,796		35,143,369		3,674,427

	50,648,953		41,686,134		8,962,819	
Less: accumulated depreciation	 (22,787,738)		(20,918,770)		(1,868,968)	
Total	\$ 27,861,215	\$	20,767,364	\$	7,093,851	

#### LONG-TERM DEBT

At year end the District had \$34,405,000 in bonds outstanding. During the fiscal year, the District issued Ingram Independent School District Unlimited Tax Building Bonds, Series 2022 of \$24,365,000. More detailed information about the District's debt is presented in the notes to the financial statements. The District's general obligation bond rating continues to be in good standing. The District presently carries an "AAA" rating on bonds secured through the permanent school fund insurance.

#### **BUDGETARY HIGHLIGHTS**

In 2023, the District adopted a balanced general fund budget designed to meet the needs of existing student instructional and support programs with anticipated local, state and federal revenues. Budget amendments were made during the year. The Trustees increased appropriations by \$110,000 primarily in debt service function in preparation for GASB 96, *Subscription Based Information Technology Arrangements* accounting and reporting.

#### **ECONOMIC FACTORS**

The October enrollment in the 2023-24 fiscal year increased by 5%. We contribute this increase to the fact that Ingram ISD is growing with area population growth and the implementation of our P-TECH College Readiness Program.

#### CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

The District's financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's business services department at:

## RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES

#### For the year ended August 31, 2023

	EXHIBIT C-3
Net change in fund balances - total governmental funds	\$ 18,553,889
Amounts reported for governmental activities in the statement of activities are different because:	
Capital outlays are not reported as expenses in the statement of activities.	8,668,250
The depreciation of capital assets used in governmental activities is not reported in the funds.	(1,867,093)
Certain property tax revenues are deferred in the funds. This is the change in these amounts this year.	110,040
Proceeds from right to use leased and subscription assets provides current financial resources to the governmental funds, but is a liability in the governmental activities.	(52,311)
Repayment of bond, note and lease principal is an expenditure in the funds but is not an expense in the statement of activities.	1,084,680
Amortization of bond premiums and losses on refundings are amortized over the life of the bonds in the statement of activities and not in the funds.	94,923
Proceeds from the issuance of long-term debt (e.g. bonds) provides current financial resources to the government funds and is not reported on the statement of activities. Building Bonds, Series 2022 Premiums	(24,365,000) (1,168,700)
The net revenue (expense) of internal service funds is reported with governmental activities.	19,856
Changes in net pension and OPEB liabilities are reported as amounts expensed in the statement of activities but not in the funds.	248,173
Compensated absences are reported as amounts expensed in the statement of activities but not in the funds.	(32,565)
Accrued interest are reported in the statement of activities but not in the funds.	 (41,958)
Change in net position of governmental activities - statement of activities	\$ 1,252,184

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (1) Summary of significant accounting policies

Ingram Independent School District (the "District") is a public educational agency operating under the applicable laws and regulations of the State of Texas. It is governed by a seven member Board of Trustees (the "Board") elected by registered voters of the District. The District prepares its basic financial statements in conformity with generally accepted accounting principles promulgated by the Government Accounting Standards Board and other authoritative sources. The District complies with the requirements of the appropriate version of Texas Education Agency's *Financial Accountability Resource Guide* (the "Resource Guide") and the requirements of contracts and grants of agencies from which it receives funds.

#### Reporting entity

The Board of School Trustees, (the "Board"), a seven-member group, is elected by the public and it has the authority to make decisions, appoint administrators and managers, and significantly influence operations. It also has the primary accountability for fiscal matters. Therefore, the District is a financial reporting entity as defined by the Governmental Accounting Standards Board ("GASB") in its Statement No. 14, "*The Financial Reporting Entity*". There are no component units included within the reporting entity.

#### Basis of presentation, basis of accounting

*Government-wide financial statements:* The statement of net position and the statement of activities are government-wide financial statements. They report information on all of the Ingram Independent School District nonfiduciary activities with most of the interfund activities removed. *Governmental activities* include programs supported primarily by taxes, state foundation funds, grants and other intergovernmental revenues. *Business-type* activities include operations that rely to a significant extent on fees and charges for support.

The statement of activities demonstrates how other people or entities that participate in programs the District operates have shared in the payment of the direct costs. The "charges for services" column includes payments made by parties that purchase, use, or directly benefit from goods or services provided by a given function or segment of the District. Examples include tuition paid by students not residing in the District, school lunch charges, etc. The "grants and contributions" column indicates amounts paid by organizations outside the District to help meet the operational or capital requirements of a given function. Examples include grants under the Elementary and Secondary Education Act. If a revenue is not a program revenue, it is a general revenue used to support all of the District's functions. Taxes are always general revenues.

Inter-fund activities between governmental funds appear as due to/due from on the governmental fund balance sheet and as other resources and other uses on the governmental fund statement of revenues, expenditures, and changes in fund balance. All inter-fund transactions between governmental funds are eliminated on the government-wide statements. Inter-fund activities between governmental funds and fiduciary funds remain as due to/due from on the government-wide statement of activities.

The fund financial statements provide reports on the financial condition and results of operations for three fund categories – governmental, proprietary, and fiduciary. Since the resources in the fiduciary funds cannot be used for District operations, they are not included in the government-wide statements. The District considers some governmental funds major and reports their financial condition and results of operations in a separate column.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

### (1) Summary of significant accounting policies (continued)

Basis of presentation, basis of accounting (continued)

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses result from providing services and producing and delivering goods in connection with a propriety fund's principal ongoing operations. All other revenues and expenses are non-operating.

Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements use the economic resources measurement focus and the accrual basis of accounting, as do the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets, current liabilities and fund balances are included on the balance sheet. Operating statements of these funds present net increases and decreases in current assets (i.e. revenues and other financing sources and expenditures and other financing uses).

The modified accrual basis of accounting recognizes revenues in the accounting period in which they become both measurable and available, and it recognizes expenditures in the accounting period in which the fund liability is incurred, if measurable, except for the unmatured interest and principal on long-term debt, which is recognized when due. The expenditures related to certain compensated absences and claims and judgements are recognized when the obligations are expected to be liquidated with expendable available resources. The District considers all revenues available when they are collected.

Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the state are recognized under the *susceptible* to *accrual* concept. Miscellaneous revenues are recorded when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the District to refund all or part of the unused amount.

The fiduciary funds are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expensed in the accounting period in which they are incurred and become measurable. The District applies all GASB pronouncements as well as the Financial Accounting Standards Board pronouncements issued on or before November 30, 1989, unless these pronouncements conflict or contradict GASB pronouncements. With this measurement focus, all assets and liabilities associated with the operation of these funds are included in the fund statement of net position. The fund equity is segregated into invested in capital assets net of related debt, restricted net position, and unrestricted net position.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (1) Summary of significant accounting policies (continued)

Measurement focus, basis of accounting, and financial statement presentation (continued)

The District reports the following major governmental funds:

The **general fund** – The general fund is the District's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.

The **debt service fund** – The District accounts for resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds in the debt service fund.

The **capital projects** – The District accounts for bond proceeds and expenditures for the construction of school facilities as approved by the District's voters.

Additionally, the District reports the following fund type(s):

Governmental funds:

**Special revenue funds** – The District accounts for resources restricted to, or designated for specific purposes by the District or a grantor in a special revenue fund. Most federal and some state financial assistance is accounted for in a special revenue fund and sometimes unused balances must be returned to the grantor at the close of specified project periods.

Fiduciary funds:

**Custodial funds** – The District accounts for resources held for others in a custodial capacity in custodial funds. The District's custodial fund is the student activity fund.

Proprietary fund:

**Internal service fund** – Revenues and expenses related to services provided to organizations inside the District on a cost reimbursement basis are accounted for in an internal service fund. The District has one internal service fund.

Financial statement amounts

Cash and cash equivalents

For purposes of the statement of cash flows for proprietary and similar fund-types, the District considers highly liquid investments to be cash equivalents if they have a maturity of three months or less when purchased.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (1) Summary of significant accounting policies (continued)

Financial statement amounts (continued)

Property taxes

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the District and in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 31 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period.

Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectible tax receivables within the general and debt service funds are based on historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

#### Inventories and prepaids

The District reports inventories of supplies at cost including consumable maintenance, instructional, office, athletic, and transportation items. Supplies are recorded as expenditures when they are consumed. Inventories of food commodities are recorded at market values supplied by the Texas Department of Human Services. Although commodities are received at no cost, their fair market value is supplied by the Texas Department of Human Services and recorded as inventory and deferred revenue when received. When requisitioned, inventory and deferred revenue are relieved, expenditures are charged, and revenue is recognized for an equal amount.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

#### Capital assets

Capital assets, which include land, buildings, furniture and equipment are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased for constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (1) Summary of significant accounting policies (continued)

Financial statement amounts (continued)

Capital assets (continued)

Buildings, furniture and equipment of the District is depreciated using the straight line method over the following estimated useful lives:

Assets	Years
Buildings	30
Building improvements	30
Vehicles	10
Buses	10
Office equipment	5-7
Computer equipment	5

Receivable and payable balances

The District believes that sufficient detail of receivable and payable balances is provided in the financial statements to avoid the obscuring of significant components by aggregation. Therefore, no disclosure is provided which disaggregates those balances.

There are no significant receivables which are not scheduled for collection within one year of the year ended August 31, 2023.

#### Long-term liabilities

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### Compensated absences

The District's policy for vacation does not allow for vacation time to be accumulated. All vacation must be used yearly or it is lost. Individuals may accumulate and carry over sick leave up to 90 days. Upon leaving employment of the District for any reason, any remaining sick leave, up to 90 days, is paid out at the teacher's substitute rate of pay.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (1) Summary of significant accounting policies (continued)

Financial statement amounts (continued)

Data control codes

The data control codes refer to the account code structure prescribed by Texas Education Agency (TEA) in the *Financial Accountability System Resource Guide*. TEA requires school districts to display these codes in the financial statements filed with the Agency in order to insure accuracy in building a statewide database for policy development and funding plans.

Fund balance – governmental funds

The District implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions". This statement provides more clearly defined fund categories to make the nature and intent of the constraints placed on a government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

**Nonspendable fund balance** – amounts that are not in spendable form (such as inventory or prepaid items) or are legally required to be maintained intact (such as notes receivable or principal of a permanent fund).

**Restricted fund balance** – amounts that can be spent only for specific purposes because of local, state or federal laws, or externally imposed conditions by grantors or creditors.

**Committed fund balance** – amounts constrained to specific purposes by the District itself, using its highest level of decision making authority (i.e. the Board of Trustees). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level of action to remove or change the constraint. The District establishes (and modifies or rescinds) fund balance commitments by passage of a resolution. A fund balance commitment is further indicated in the budget document as a commitment of the fund.

**Assigned fund balance** – amounts the District intends to use for a specific purpose. Intent can be expressed by the District or by an official or body to which the Board of Trustees delegates the authority. The Board has delegated authority to the Superintendent to establish fund balance assignments.

**Unassigned fund balance** – amounts that are available for any purpose. Positive amounts are reported on the general fund. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed, or assigned.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent out of committed funds, then assigned funds, and finally unassigned funds.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (1) Summary of significant accounting policies (continued)

Financial statement amounts (continued)

Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments of the system are reported at fair value.

Other postemployment benefits liability

The District adopted GASB Statement No. 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". The scope of this statement addresses accounting and financial reporting for OPEB that is provided to the employees of state and local governmental employers. The fiduciary net position of the TRS Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net other postemployment benefit (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to other postemployment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as you-go plan and all cash is held in a cash account.

Deferred outflows and deferred inflows of resources

In addition to assets, the statements of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position and/or fund balance that applies to one or more future periods and so will not be recognized as an outflow of resources (expense/ expenditure) until then.

In addition to liabilities, the statements of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time.

#### Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (1) Summary of significant accounting policies (continued)

Financial statement amounts (continued)

Implementation of new accounting principle

As of September 1, 2022, the District implemented GASB Statement No. 96, "Subscription Based Information Technology Arrangements" (SBITAs). This statement is based on the principal that SBITAs are financings of the right to use another party's (a SBITA vendor's) information technology (IT) software alone or in combination with tangible capital assets (the underlying IT assets). It establishes that a SBITA results in a right to use subscription asset (an intangible assets) and a corresponding subscription liability.

The effect of implementing the new standard resulted in the restatement of beginning net position in the government-wide statement of activities by an increase of \$332,102.

#### (2) Stewardship, compliance and accountability

#### Budgetary data

The Board of Trustees adopts an "appropriated budget" for the general fund, debt service fund, and the food service fund (which is included in the general fund).

The District compares the final amended budget to actual revenues and expenditures. The general fund budget report appears in Exhibit G-1 and the other report is in Exhibit J-2.

The following procedures are followed in establishing budgetary data reflected in the general purpose financial statements.

- Prior to August 20<sup>th</sup> the District prepares a budget for the next succeeding fiscal year beginning September 1<sup>st</sup>. The operating budget includes proposed expenditures and the means of financing them.
- A meeting of the Board is then called for the purpose of adopting the proposed budget. At least ten days public notice of the meeting must be given.
- Prior to September 1<sup>st</sup>, the budget is legally enacted through passage of a resolution by the Board. Once a budget is approved, it can only be amended at the function and fund level by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings. Each amendment must have Board approval. As required by law, such amendments are made before the fact, are reflected in the official minutes of the Board, and are not made after fiscal year end. Because the District has a policy of careful budgetary control, several amendments were necessary during the year, however, none of these were significant changes.
- Each budget is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year end.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (3) Detailed notes on all funds and account groups

Cash and cash equivalents

The funds of the District must be deposited and invested under the terms of a contract, contents of which are set out in the Depository Contract Law. The depository bank places approved pledged securities for safekeeping and trust with the District's agent bank and in amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance. At August 31, 2023, the carrying amount of the District's deposits (cash accounts) was \$2,301,174 and the bank balance was \$2,411,652. The District's cash deposits at August 31, 2023 and during the year ended August 31, 2023 were covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name. As of August 31, 2023, the District had \$2,406 of cash on hand.

Public funds investment pools

Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code and are subject to the provisions of the Public Funds Investment Act, Chapter 2256 of the Texas Government Code. In addition to other provisions of the Public Funds Investment Act designed to promote liquidity and safety of principal, it requires Pools to: (1) have an advisory board composed of participants in the pool and other persons who do not have a business relationship with the pool and are qualified to advise the pool, (2) maintain a continuous rating of no lower than AAA or AAAm or an equivalent rating by at least one nationally recognized rating service, and (3) maintain the market value of its underlying investment portfolio within one half of one percent of the value of its shares.

Lone Star Investment Pool's (the Pool) liquidity fund operates in a manner consistent with the SEC Rule 2a7 of the Investment Company Act of 1940, which allows the fund to use amortized cost rather than market value to report net assets to compute share prices. Accordingly, the fair value of the District's position in the Pool is the same as the value of the Pool's shares and does not include any unrealized gains and losses.

The District's investments in Pools are reported at amortized cost. The District believes that the Pools in which it invests operate as required under GASB Statement No. 70, "*Certain External Investment Pools and Pool Participants*", to be valued at amortized cost.

The District categorizes its fair value measurements within the fair value hierarchy established by accounting principles generally accepted in the United States of America. The hierarchy is based on the valuation input used to measure the fair value of the asset.

- Level 1 inputs are quoted prices in active markets for identical assets.
- Level 2 inputs are significant other observable inputs which include quoted prices for similar assets in active markets; quoted prices for identical or similar assets in markets that are not active; or other observable inputs such as interest rates and yield curves at commonly quoted intervals, implied volatilities, and credit spreads; or market-corroborated inputs.
- Level 3 inputs are significant observable inputs.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (3) Detailed notes on all funds and account groups (continued)

Cash and cash equivalents (continued)

The carrying amount of investments and fair value hierarchy at August 31, 2023 is shown below:

	Au	gust 31, 2023
Cash equivalents measured at amortized cost:		
External investment pools - Lonestar	\$	19,172,704
Total cash equivalents at amortized cost		19,172,704
Cash with depository		2,301,174
Cash on hand		2,406
Total cash and cash equivalents	\$	21,476,284

The District is required by Government Code Chapter 2256, the Public Funds Investment Act ("PFIA"), to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for CDs.

PFIA requires an annual audit of investment practices. Audit procedures in this area, conducted as part of the audit of the basic financial statements, disclosed that in the areas of investment practices, management reports, and establishment of appropriate policies, the District adhered to the requirements of PFIA. Additionally, investment practices of the District were in accordance with local policies

PFIA determines the types of investments which are allowable for the District. These include, with certain restrictions: (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) CDs; (3) certain municipal securities; (4) money market savings accounts; (5) repurchase agreements; (6) bankers acceptances; (7) mutual funds; (8) investment pools; (9) guaranteed investment contracts; and (10) common trust funds.

Interest rate risk

*Interest rate risk:* Generally, interest rate risk recognizes that changes in interest rates could adversely affect the value of investments. The District does not purchase any investments with maturities greater than one year from the time of purchase. The Board may specifically authorize a longer maturity for a given investment within the legal limits of five (5) years. The District uses its investments in the investment pools to mitigate interest rate risk.

### NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (3) Detailed notes on all funds and account groups (continued)

Cash and cash equivalents (continued)

Information about the sensitivity of the fair values of the District's investments to market interest rate fluctuations is provided by the following table that shows the specific investments and their maturity:

	Carrying Amount	Weighted Average Maturity (days)
Local Government Investment Pools Lone Star	\$ 19,172,704	67
Total investment pools	<u>\$ 19,172,704</u>	
Portfolio weighted average maturity		<u>67</u>

#### Credit risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required (where applicable) by the District's investment policy and PFIA and the actual rating as of year-end for each investment as noted by Standard & Poor's:

	Minimum		
	Legal		Rating
Description	Rating	Investment Rating	Organization
Lone Star	AAA	AAA	Standard & Poor's

Concentration of credit risk

The District is required to disclose investments in any one issuer that represents 5% or more of total investments. However, investments issued or explicitly guaranteed by the United States government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement.

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond that stipulated by PFIA.

Total	\$	447,799	\$	23,394	\$	471,193

Loans

The District accounts for secured debt through the appropriate funds. These include notes in accordance with the provisions of the Texas Education Code Section 45.108. The proceeds from loans (except those issued and liquidated within one year) are shown in the financial statements as other resources, and principal payments are shown as other uses.

### NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (3) Detailed notes on all funds and account groups (continued)

Bonds, notes payable, and right to use leased assets (continued)

Right to use leased and subscription asset liability

The District was obligated under right to use lease for several photocopiers and postage machines (\$82,454). The photocopiers were leased for various District offices and campuses for a term of 3 years at an interest rate of 11%. The monthly payments totaled \$2,420. The postage machines were leased for a term of 5 years at an interest rate of 11%. The monthly payments are \$525. These leases are not renewable and the District will not acquire the assets at the end of the lease term.

Future minimum lease payments on these right to use leased assets are as follows:

Year Ended		Governmenta	Total			
August 31,	P	Principal Interest			Requ	uirements
2024	\$	15,308	\$	3,481	\$	18,789
2025		15,245		1,877		17,122
2026		8,016		387		8,403
2027		510		13		523
Total	\$	39,079	\$	5,758	\$	44,837

The District entered into several subscription-based information technology arrangements for software (\$532,932). The terms of the arrangements ranged from 36 to 156 months and interest rates from 1.55% - 4.51%. Future minimum payments on these right to use subscription assets are as follows:

Year Ended	Governmental Obligations					Total	
August 31,	P	rincipal	Interest		Requirements		
2024	\$	52,850	\$	518	\$	53,368	
2025		53,830		307		54,137	
2026		48,550		112		48,662	
Total	\$	155,230	\$	937	\$	156,167	

#### (4) Defined benefit pension plan

#### Plan description

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67 and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under Section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (4) Defined benefit pension plan (continued)

Plan description (continued)

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard work load and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

Pension plan fiduciary net position

Detailed information about TRS's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the internet at https://www.trs.texas.gov/Pages/aboutpublications.aspx; by writing to TRS at 1000 Red River Street, Austin, Texas 78701-2698, or by calling (512) 542-6592.

#### Benefits provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity except for members who are grandfathered, the three highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service postemployment, or if the member was grandfathered in under a previous rule. There are no automatic postemployment benefit changes; including automatic cost of living adjustments (COLAs0. Ad hoc postemployment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as noted in the plan description above.

Texas Government Code section 821.006 prohibits benefit improvements, if as a result of the particular action, the time required to amortize TRS's unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in this manner are determined by the system's actuary.

State law requires the plan to be actuarially sound in order for the legislature to consider a benefit enhancement, such as a supplemental payment to the retirees. The pension became actuarially sound in May 2019 when the 86th Texas legislature approved the TRS Pension Reform Bill (SB12) that provided gradual contribution increases from the state, participating employers and active employees for the fiscal years 2019 through 2024.

#### Contributions

Contribution requirements are established or amended pursuant to Article 16, section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6% of the member's annual compensation and a state contribution rate of not less than 6% and not more than 10% of the aggregate annual compensation paid to members of the system during the fiscal year.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (4) Defined benefit pension plan (continued)

Contributions (continued)

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 thru 2025.

Contribution Rates	2023	2022	
Member (employees)	8.00%	8.00%	
Non-employer contributing entity (State of Texas)	8.00%	8.00%	
Employer (District)	8.00%	7.75%	
Contributions			
Member (employees)	\$ 835,620	\$ 780,423	
Non-employer contributing entity (State of Texas)	705,649	553,461	
Employer (District)	417,862	350,168	

Contributions to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities, or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of the member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any part or all of an employee's salary is paid by federal funding sources, a privately sponsored source, from non-educational and general, or local funds.

In addition to the employer contributions listed above, there is an additional surcharge an employer is subject to:

- When the employing district is a public school, the employer must contribute 1.7% of the member's salary beginning in fiscal year 2022. This contribution rate called the Public Education Employer Contribution (PEEC) will replace the Non (OASDI) surcharge that was in effect in fiscal year 2019. The PEEC rate for fiscal year 2023 was 1.18% and will gradually increase to 2% in fiscal year 2025.
- When employing a retiree of the Teacher Retirement System the employer shall pay both the member contribution and the state contribution as an employment after retirement surcharge.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (4) Defined benefit pension plan (continued)

#### Actuarial assumptions

The total pension liability in the August 31, 2022 actuarial valuation was determined using the following actuarial assumptions:

Valuation date	August 31, 2021 rolled forward to August 31, 2022
Actuarial cost method	Individual entry age normal
Asset valuation method	Fair value
Single discount rate	7.00%
Long-term expected investment rate of return	7.00%
Municipal bond rate of return*	3.31%
Last year in the projection period (100 years)	2121
Inflation	2.30%
Salary increases including inflation	2.95% to 8.95%
Ad hoc post-employment benefit changes	None

\* Source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal Bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index."

The actuarial methods and assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2021. For a full description of these assumptions, please see the actuarial valuation reported dated November 12, 2021.

#### Discount rate

A single discount rate of 7.00% was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.0%. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the nonemployer contributing entity will be made at the rates set by the legislature during the 2019 session. It is assumed that future employer and state contributions will be 8.50% of payroll in fiscal year 2020 gradually increasing to 9.55% of payroll over the next several years. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term rate of return on pension plan investments is 7.00%. The long-term expected rate of was determined using a building-block method in which best-estimates ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (4) Defined benefit pension plan (continued)

#### Discount rate (continued)

Best estimates of geometric real rates of return for each major asset class included in the system's target asset allocation as of August 31, 2022 are summarized below:

	Tagat	Long-Term	Contributions	
Asset Class *	Target Allocation **	Expected Arithmetic Real Rate of Return ***	To Long-Term Portfolio Returns	
Global Equity

Volatility Drag ****			-0.91%	
TOTAL	100%		8.21%	

\* Absolute retune includes credit sensitive investments.

\*\* Target allocations are based on the FY2022 policy model.

\*\*\* Capital market assumptions come from Aon Hewitt (as of 8/31/2022).

\*\*\*\* The volatility drag results from the conversion between arithmetic and geometric mean returns.

Discount rate sensitivity analysis

The following schedule shows the impact of the net pension liability of the plan using the discount rate of 7.00% and what the net pension liability would be if it were calculated using a discount rate that is 1% point lower (6.00%) or 1% point higher (8.00%) than the current rate.

	1% Decrease in	1% Increase in	
	Discount Rate Discount Rate		Discount Rate
	(6.00%)	(7.00%)	(8.00%)
Proportionate share of the net pension liability	\$ 6,978,141	\$ 4,485,760	<u>\$ 2,465,567</u>

### NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (4) Defined benefit pension plan (continued)

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions

At August 31, 2023, the District reported a liability of \$4,485,760 for its proportionate share of the TRS's net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District were as follows:

District's proportionate share of the net pension liability	\$ 4,485,760
State's proportionate share of the net pension liability	
associated with the District	 6,852,112
Total pension liability	\$ 11,337,872

The net pension liability was measured as of August 31, 2021 and rolled forward to August 31, 2022 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The employer's proportion of the net pension liability was based on the District's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2021 through August 31, 2022.

At August 31, 2022 the employer's proportion of the collective net pension liability was 0.007559274% which was a increase of 0.0009772% from its proportion measured as of August 31, 2021.

Changes since the prior actuarial valuation

There were no changes in assumptions since the prior measurement date.

For the year ended August 31, 2023, the District recognized pension expense of \$654,984 and revenue of \$538,578 for support provided by the State.

At August 31, 2023, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		rred Outflows Resources	rred Inflows Resources
Differences between expected and actual economic experiences	\$	65,043	\$ 97,798
Changes in actuarial assumptions		835,843	208,315
Differences between projected and actual investment earnings		443,179	-
Changes in proportion and differences between the District's			
contributions and the proporionate share of contributions		516,092	166,703
Contributions paid to TRS subsequent to the measurement date		417,862	 _
Total as of fiscal year end	\$	2,278,019	\$ 472,816

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (4) Defined benefit pension plan (continued)

Changes since the prior actuarial valuation (continued)

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Pension Expense		
Amount		
\$	354,993	
	224,389	
	107,608	
	578,705	
	121,646	
	-	
\$	1,387,341	

#### (5) Defined other postemployment benefit plans

#### Plan description

The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined other postemployment benefit (OPEB) plan with a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

#### OPEB plan fiduciary net position

Detailed information about the TRS-Care's fiduciary net position is available in the separately issued TRS Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at https://www.trs.texas.gov/Pages/about publications.aspx; by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

#### Benefits provided

TRS-Care provides health insurance coverage to retirees from public and charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system.

### NOTES TO THE FINANCIAL STATEMENTS

## For the year ended August 31, 2023

#### (5) Defined other postemployment benefit plans (continued)

#### Benefits provided (continued)

The premium rates for the retirees are reflected in the following table:

TRS-Care Monthly Premuim Rates					
	Medicare Non-Medicare				
Retiree*	\$	135	\$	200	
Retiree and Spouse		529		689	
Retiree* and Children		468		408	
Retiree and Family		1,020		999	

\* or surviving spouse

#### Contributions

Contribution rates for the TRS-Care plan are established in state statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and school districts based upon public school district payroll. The TRS Board of Trustees does not have the authority to set or amend contribution rates.

Texas Insurance Code, section 1575.202 establishes the state's contribution rate which is 1.25% of the employee's salary. Section 1575.203 establishes the active employee's rate which is 0.65% of pay. Section 1575.204 establishes an employer contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the public or charter school. The actual employer contribution rate is prescribed by the Legislature in the General Appropriations Act.

The following table shows contributions to the TRS-Care plan by type of contributor.

#### **Contribution Rates**

Contribution Rates	2023			2022		
Active employee	0.65%			0.65%		
Non-employer contributing entity (State of Texas)		0.75%		1.25%		
Employer (District)	ict) 1.25%			0.75%		
Federal/private funding remitted by employers	1.25%			1.25%		
Contributions						
District contributions	\$	96,156	\$	87,056		
Member contributions		67,895		63,350		
NECE on-behalf contributions		106,669		127,737		

## NOTES TO THE FINANCIAL STATEMENTS

## For the year ended August 31, 2023

#### (5) Defined other postemployment benefit plans (continued)

Contributions (continued)

In addition to the employer contributions listed above, there is an additional surcharge all TRS employers are subject to. When hiring a TRS retiree, employers are required to pay to TRS Care, a monthly surcharge of \$535 per retiree.

TRS-Care received supplemental appropriations from the State of Texas as the Non-Employer Contributing Entity in the amount of \$83 million in the fiscal year 2022 from the Federal Rescue Plan Act to help defray COVID-19 related health care costs during fiscal year 2022.

Actuarial assumptions

The actuarial valuation was performed as of August 31, 2021. Updated procedures were used to roll forward the total OPEB liability to August 31, 2022.

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. All the demographic assumptions, including rates of retirement, termination, and disability, and most of the economic assumptions, including general inflation and salary increases, used in the OPEB valuation were identical to those used in the respective TRS pension valuation. The demographic assumptions were developed in the experience study performed for TRS for the period ending August 31, 2017.

The following assumptions and other inputs used for members of TRS-Care are based on an established pattern of practice and are identical to the assumptions used in the August 31, 2021 TRS pension actuarial valuation that was rolled forward to August 31, 2022:

Rates of mortality Rates of retirement Rates of termination Rates of disability General inflation Wage inflation

The active mortality rates were based on 90 percent of the RP-2014 Employee Mortality Tables for males and females. The post-retirement mortality rates for healthy lives were based on the 2018 TRS of Texas Healthy Pensioner Mortality Tables, with full generational projection using the ultimate improvement rates from the mortality projection scale MP-2018.

### NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (5) Defined other postemployment benefit plans (continued)

#### Actuarial assumptions (continued)

Additional actuarial methods and assumptions:

Valuation date	August 31, 2021 rolled forward to August 31, 2022
Actuarial cost method	Individual entry age normal
Inflation	2.30%
Single discount rate	3.91% as of August 31, 2022
Amortization method and year	Level % of payroll - 30 years
Aging factors Expenses	Based on plan specific experience Third-party administrative expenses related to delivery of health care benefits are included in the age-adjusted claims cost.
Salary increases	3.05% to 9.05%, including inflation
Healthcare trend rates	8.25% decreasing to 4.50% for FY 2035
Election rates	Normal retirement: 62% participation prior to age 65 and 25% participateion after age 65. 30% of pre-65 retirees are assumed to discontinue coverage at age 65.
Ad hoc postemployment benefit changes	None

#### Discount rate

A single discount rate of 3.91% was used to measure the total OPEB liability. There was a increase of 1.96% in the discount rate since the previous year. Because the plan is essentially a "pay-as-you-go" plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was used for the long-term rate of return and was applied to all periods of projected benefit payments to determine the total OPEB liability.

The source of the municipal bond rate is the Fidelity "20-year Municipal GO AA Index" as of August 31, 2022 using the fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (5) Defined other postemployment benefit plans (continued)

Discount rate sensitivity analysis

The following schedule shows the impact of the total OPEB liability if the discount rate used was 1% less than and 1% greater than the discount rate that was used (3.91 %) in measuring the net OPEB liability.

	1% I	Decrease in			1% Increase in			
	Disc	count Rate	Disc	count Rate	Discount Rate			
	(2.91%)		(	3.91%)	(4.91%)			
District's proportionate share of the								
net OPEB liability	\$	3,005,740	\$	2,549,226	\$	2,179,392		

OPEB liabilities, OPEB expense, and deferred outflows of resources and deferred inflows of resources related to OPEBs

At August 31, 2023, the District reported a liability of \$2,549,226 for its proportionate share of the TRS's total OPEB liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the net OPEB liability that was associated with the District were as follows:

Distrtict's proportionate share of the net OPEB liability	\$ 2,549,226
State's proportionate share of the net OPEB liability	
associated with the District	 3,109,655
Total	\$ 5,658,881

The net OPEB liability was measured as of August 31, 2021 and rolled forward to August 31, 2022 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The employer's proportion of the net OPEB liability was based on the employer's contributions to the OPEB plan relative to the contributions of all employers to the plan for the period September 1, 2021 thru August 31, 2022.

At August 31, 2022 the employer's proportion of the collective total OPEB liability was 0.010647% compared to 0.0094498768% as of August 31, 2021. This was a decrease of 0.0011971% over the prior year.

The following schedule shows the impact of the net OPEB liability if a healthcare trend rate is 1% less than and 1% greater than the health rates assumed.

	1% Decrease in		Cur	rent Single	1% Increase in		
	Heal	thcare Trend	Healt	hcare Trend	Healthcare Tren		
	Rate			Rate	Rate		
District's proportionate share of the							
net OPEB liability	\$	2,100,574	\$	2,549,226	\$	3,130,846	

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (5) Defined other postemployment benefit plans (continued)

OPEB liabilities, OPEB expense, and deferred outflows of resources and deferred inflows of resources related to OPEBs (continued)

Changes since the prior actuarial valuation

The discount rate changed from 1.95 percent as of August 31, 2021 to 1.95 percent as of August 31, 2022. This change increased the total OPEB liability (TOL).

Changes in benefit terms since the prior measurement date

There were no changes in benefit terms during the valuation period. There were no changes in benefit terms since the prior measurement date.

The amount of OPEB expense recognized by the District in the reporting period was \$(441,285) and revenue of \$106,669 for support provided by the State.

At August 31, 2023, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to other postemployment benefits from the following sources:

	Ou	eferred tflows of esources	Deferred Inflows of Resources		
Differences between expected and actual economic experiences	\$	141,728	\$	2,123,734	
Changes in actuarial assumptions		388,298		1,771,051	
Differences between projected and actual investment earnings		7,593		-	
Changes in proportion and differences between the District's					
contributions and the proporionate share of contributions		739,992		507,898	
Contributions paid to TRS subsequent of the measurement date		96,156		<u> </u>	
Total as of fiscal year end	\$	1,373,767	\$	4,402,683	

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

For the Year Ended	OP	EB Expense
August 31,		Amount
2023	\$	(645,552)
2024		(645,524)
2025		(537,421)
2026		(391,067)
2027		(330,913)
Thereafter		(574,595)
Total	\$	(3,125,072)

### NOTES TO THE FINANCIAL STATEMENTS

#### For the year ended August 31, 2023

### (6) Due from other governments

The District participates in a variety of federal and state programs which it receives grants to partially or fully finance certain activities. In addition, the District receives entitlements from the state through the School Foundation and Per Capita programs. Amounts due from federal and state governments as of August 31, 2023, are summarized below. All federal grants shown below are reported on the combined financial statements as due from other governments.

	Local		State		1	Federal		
	Government		Entitlements		Grants		Total	
General	\$	11,919	\$	1,569,703	\$	63,393	\$	1,645,015
Special revenue		-		_		386,289		386,289
Total	\$	11,919	\$	1,569,703	\$	449,682	\$	2,031,304

#### (7) Revenue from local and intermediate sources

During the current year, revenues from local and intermediate sources consisted of the following:

	~ .	Debt		Capital		Special	-	nternal
	General	Service		Projects	Revenue			Service
	 Fund	 Fund	Fund		Fund		Fund	
Property taxes	\$ 6,781,250	\$ 2,215,965	\$	-	\$	-	\$	-

Tuition and fees	277,425	-		-		-		-
Investment income	254,723	87,404		897,538		10,660		-
Donations	166,800	-		-		-		-
Food sales	49,706	-		-		-		-
Co-curricular activities	22,317	-		-		131,340		-
Other	 31,476	 -		-				646,339
Total	\$ 7,652,227	\$ 2,321,146	\$	897,538	\$	142,000	\$	646,339

#### (8) Litigation

At August 31, 2023, Ingram Independent School District was not involved in any reportable litigation.

#### (9) Contingencies

The District participates in numerous state and federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds of any money received may be required and the collect ability of any related receivable at August 31, 2023 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying combined financial statements for such contingencies.

## NOTES TO THE FINANCIAL STATEMENTS

### For the year ended August 31, 2023

#### (10) Workers' compensation pool

During the year ended August 31, 2023, Ingram Independent School District met its statutory workers' compensation obligations through participation in the TASB Risk Management Fund (the "Fund"). The Fund was created and is operated under the provisions of the Inter-local Cooperation Act. Chapter 791 of the Texas Government Code. The Fund's Workers Compensation Program is authorized by Chapter 504, Texas Labor Code. The Districts participating in the Fund execute Inter-local Agreements that define the responsibilities of the parties. The Fund provides statutory workers' compensation benefits to its members and their injured employees.

The Fund engages the services of an independent auditor to conduct an independent financial audit after the close of each plan year on August 31. The audit is approved by the Fund's Board of Trustees in February of the following year. The Fund's audited financial statements as of August 31, 2023, are available at the TASB offices and have been filed with the Texas State Board of Insurance in Austin.

#### (11) Medicare Part D - on behalf payments

The Medicare Prescription Drug Improvement and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. Payments made on behalf of Ingram Independent School District for fiscal years 2023, 2022 and 2021 were \$54,360, \$39,483, and \$38,880 respectively.

### (12) Net position deficit

At August 31, 2023, the District has a deficit unrestricted net position in the government-wide statement of net position of \$4,217,174. This deficit is primarily due to the recognition of the District's proportionate share of the net pension liability for TRS and net OPEB liability for TRS care and related deferred inflows and outflows totaling \$8,258,699 in accordance with GASB Statement No. 68 and No. 75.

In addition, the District has a deficit unrestricted net position in the internal service fund of \$119,803. The District plans to fund this deficit through increased rates charged to the governmental funds in the next fiscal year.

#### (13) New accounting policy and restatement of net position

During the fiscal year ended August 31, 2023, the District restated the governmental activities net position as follows:

Capital assets valuations were corrected during the fiscal year	\$ (298,374)
Adoption of GASB 96, SBITAs	 332,102
Total net change to net position	\$ 33,728

# **REQUIRED SUPPLEMENTARY INFORMATION**

Required supplementary information includes financial information and disclosures required by the Governmental Accounting Standards Board but not considered a part of the basic financial statements.

## **USE OF FUNDS – SELECT STATE ALLOTMENT PROGRAMS**

### For the year ended August 31, 2023

EXHIBIT J-4

DATA CODES

### **RESPONSES**

### Section A: Compensatory Education Programs

Districts are required to use at least 55% of state compensatory education state allotment funds on direct program costs. Statutory Authority: Texas Education Code, §48.104.				
AP1	Did your district expend any state compensatory education program state allotment funds during the district's fiscal year?	Yes		
AP2	Does the district have written policies and procedures for its state compensatory education program?	Yes		
AP3	List the total state allotment funds received for state compensatory education programs during the district's fiscal year.	\$1,269,871		
AP4	List the actual direct program expenditures for state compensatory education programs during the district's fiscal year. (PICs 24, 26, 28, 29, 30, 34)	\$941,459		

### Section B: Bilingual Education Programs

Districts are required to spend at least 55% of bilingual education state allotment funds on direct program costs. Statutory Authority: Texas Education Code, §48.105.				
AP5	Did your district expend any bilingual education program state allotment funds during the district's fiscal year?	Yes		
AP6	Does the district have written policies and procedures for its bilingual education program?	Yes		
AP7	List the total state allotment funds received for bilingual education programs during the district's fiscal year.	\$118,136		
AP8	List the actual direct program expenditures for bilingual education programs during the district's fiscal year. (PICs 25, 35)	\$193,869		

FEDERAL AWARDS SECTION

#### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of School Trustees Ingram Independent School District Ingram, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Ingram Independent School District as of and for the year ended August 31, 2023, and the related notes to the financial statements, which collectively comprise Ingram Independent School District's basic financial statements, and have issued our report thereon dated January 22, 2024.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Ingram Independent School District's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ingram Independent School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Ingram Independent School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Ingram Independent School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Governmental Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

San Antonio, Texas January 22, 2024

#### INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Board of School Trustees Ingram Independent School District Ingram, Texas

#### **Report on Compliance for Each Major Federal Program**

#### **Opinion on Each Major Federal Program**

We have audited Ingram Independent School District's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of Ingram Independent School District's major federal programs for the year ended August 31, 2023. Ingram Independent School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Ingram Independent School complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2023.

#### **Basis for Opinion on Each Major Federal Program**

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Ingram Independent School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Ingram School District's compliance with the compliance requirements referred to above.

#### **Responsibilities of Management for Compliance**

Management is responsible for compliance with requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Ingram Independent School District's federal programs.

#### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Ingram Independent School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Ingram Independent School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Ingram Independent School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Ingram Independent School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Ingram Independent School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

#### **Report on Internal Control over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

### For the year ended August 31, 2023

#### Basis of presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Ingram Independent School District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 12 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of, the basic financial statements.

Note 1

A total of \$1,404,736 is included in the schedule of expenditure of federal awards and is recorded in the general fund, of which \$223,130 is SHARS and \$42,504 is from pre-award costs from COVID-19 Student Health Support Grant.

#### Federal awards reconciliation

Total expenditures from schedule of federal awards School Health and Related Services (SHARS) COVID-19 School Health Support Grant, Cycle 3 Receipts for pre-	\$ 2,779,815 223,130
award costs	 42,504
TOTAL FEDERAL REVENUE PER EXHIBIT C-3	\$ 3,045,449

Special revenue funds are used to account for resources restricted to, or designated for, specific purposes by a grantor. Federal and state financial assistance generally is accounted for in a special revenue fund. Generally, unused balances are returned to the grantor at the close of specified project periods.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. The governmental fund types and agency funds are accounted for using the current financial resource measurement focus. All federal grant funds were accounted for in the special revenue funds, a component of the governmental fund type. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in fund balances.

The modified accrual basis of accounting is used for the governmental fund types. This basis of accounting recognizes revenues in the accounting period, in which they become susceptible to accrual, i.e., both measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on long-term debt, which is recognized when due, and certain compensated absences and claims and judgements, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and accordingly, when such funds are received, they are recorded as unearned revenues until earned.

Non-cash USDA donated commodities received like-kind goods and no grant revenue received was reported on the schedule for the monetary value of these goods. The monetary value of these goods was \$60,695 for the year ended August 31, 2023.

### NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

#### For the year ended August 31, 2023

The District participates in numerous state and federal grant programs that are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, if any, refunds or any money received may be required and the collectability of any related receivable at August 31, 2023, may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying combined financial statements for such contingencies.

The United States Department of Education has given the Texas Education Agency (TEA) authority to issue indirect cost rates for Texas School Districts and Charter Schools. To recover any indirect costs, the District must request and receive new indirect cost rates for every school year allowed by the Uniform Guidance Part 200.57. The District has not elected to use the 10% deminimis indirect cost rate.

There were no awards passed through to subrecipients.
