

Hargrove Summer Academy

High School Internship Program

Hargrove is seeking high school interns to join our team!

For 8 weeks, students will join us for a real world experience in the engineering and construction industry. You'll participate in hand-on projects, build relationships with our Hargrove Teammates and develop your skills through trainings and learning sessions.

16 hours week | \$13 an hour

Program Objectives

Career Exploration

Expose students to careers in engineering, construction and design through hands-on experiences with projects and technology.

Quality Mentorship

Provide professional and leadership development through one-on-one mentorship with Hargrove Teammates.

Workforce Development

Build an early talent pipeline from high school, through college and to employment at Hargrove.

Participant Requirements

- 2.7 GPA minimum
- Must have completed the 10th grade and be at least 16 years old.
- Must have participated in STEM coursework (including, but not limited to, engineering, robotics, design and/or computer science).
 - Must be recommended and/or approved by school representative.
 - Must have reliable transportation.
