

Stanfield Elementary School District 2024-2028 Strategic Plans

OUR VISION: Dream! Believe! Achieve!

OUR MISSION: At SESD we are dedicated to inspire our students to dream big and realize their highest potential. We foster a strong sense of belonging through enhanced opportunities and quality instruction.

Goal 1: Achievement	<p>SESD will create a community of learners that will reach their highest potential, find their passions, and achieve academic success.</p> <ul style="list-style-type: none">● Create and implement an incentive plan for student attendance.● Train all stakeholders with evidence based strategies that can assist in understanding and tracking student growth, attendance and achievement.● A school based multi-tiered system of support (MTSS) focusing around the essential standards will be created and implemented. Tier I● Train all staff on MTSS and RtI- Tier II and Tier III support.● Implement evidence based grading practices.
Goal 2: Culture	<p>SESD will strive to build a culture and sense of belonging through enhancing curricular and extracurricular opportunities for students, staff, and community members.</p> <ul style="list-style-type: none">● Expand mental health support for students and staff.● Create and provide training for the implementation of a Positive Behavior Intervention and Support (PBIS) system school-wide.● Train all staff on Tier II evidence based behavior support strategies.● Train all staff on Tier III evidence based behavior and support strategies.● Improve communication systems and infrastructure to respond to emergencies.● Provide training for all stakeholders on our student management and ridership software system for transportation. (EduLog)
Goal 3: Engagement	<p>SESD will create positive business and community relationships providing opportunities for the engagement of all stakeholders.</p> <ul style="list-style-type: none">● Create a communication plan that includes school and district communication tools and resources for stakeholders.● Implement two way communication platforms that help teachers, parents, students and administrators communicate more effectively and efficiently.● Expand opportunities for all stakeholders to participate and stay engaged in our school community.● Develop and implement a plan to engage all stakeholders in a meaningful way around school improvement.● Explore avenues to make our district/school website user friendly while also expanding opportunities to promote our school district.

Core Values:
