JET Nation

Walt Disney once said, "It's not the days in life we remember, rather the moments." We will all remember our first moments as students at Cumberland County High School; our first pep rally, our first spirit day, our first big test, our first moment stepping into the school, either as frightened freshmen or as equally frightened upperclassmen. However, as we remember our first moments, the seniors will also remember their last ones; their last pep rally, their last football game, their last Homecoming, their last days walking in the doors as somewhat, more confident students. It's not only those moments we will remember, but the sense of pride each and every student has as being a Jet. Although, we may not have realized it at the time when entering into CCHS, we entered into a family, and like all families, we have had our struggles, and we have had our victories. When CCHS was divided into two high schools, we were all effected. Whether it was your best

friend or your favorite teacher who went to Stone, we all struggled with the realization that our family was being split; but as only Jets could do, we stood strong and gained a new sense of pride. A sense of pride that got us out of bed in the morning and pushed us to work our hardest. A sense of pride that formed an outstanding student section who cheered on every team, battled on past tough defeats, and could not have been happier each time our Jets led us to victory. A sense of pride that helped us realize we can rise from the ashes and join together as one family, as one team, as one school! We knew, (maybe from watching one to many "Rocky" movies,) that 'it's not the size of the dog in the fight, but the size of fight in the dog.' We may not have the new equipment or the large facilities, but we have something that no other school around has, 'Old school traditions with a New school attitude!'

I See London, I See France

By: **Randi Williams**

Going to Europe was one of the most amazing experiences in my life. The first place I visited was Rome. It was definitely my favorite. There were so many things to see, and the people were extremely friendly and welcoming. A few things I saw while in Rome were the Trevi Fountain, the Vatican, the Catacombs, the Spanish Steps, and my favorite, the Coliseum. Our next stop was Paris. It was a very beautiful place with a lot to see. The people there were kind of friendly, but I don't think they liked me very much. While I was there, I saw Napoleon's Palace, the Notre Dame Cathedral, and the Louvre. I also went about halfway up the Eiffel Tower, which was probably the most beautiful site I have ever seen. My favorite thing in Paris was Versailles. Next, I rode by train to London. It didn't have as many things to see as Rome and Paris, but it was wonderful. I was pretty excited to hear people speak my language. In London, I saw Big Ben, Notting Hill, and Westminster Abbey. My favorite thing there was probably the Tower Bridge. It was gorgeous. I also saw the plays; The Lion King and Footloose. I went on the London Eye, which is the largest Ferris Wheel in the world. That concluded my trip to Europe. It was a great experience, and I am definitely going back.

The Water In Mexico

Kari Bowman went to Puerto Vallarta this summer with her mom. When asked about the water in Mexico, Kari states, "I wasn't really brave enough to drink it but looks can be deceiving!"

Water Dogs **Andrew Houston and Kyle Cokkinias** tubing at Dale Hollow Lake.

Star Struck **Amanda Johnson** met Rodney Atkins at a Golf tournament in Cookeville.

Witnessing the Windy City **Sarah Durham** and her youth group traveled to Chicago for a mission trip. "We got to see all the sites and work with kids in Southside, Chicago. It was an amazing experience," says Sarah.

State of Women **Callie Shanks, Lauren Fox, Hayley McKinney, Cady Kingston, and Jigna Patel** participated in Girls State, a mock governmental learning experience.

RIDIN' THE HOBBY HORSE

Many kids have passions. A passion for learning, a passion for sports, a passion for music. **Colt Irvin's** passion is the theatre. He has been acting since he was six and he first caught the acting bug from his grandfather, Jack Irvin, a resident actor at the Cumberland County Playhouse. "My grandfather gave me my love. He's awesome, he has been on Broadway as Harold Hill, the lead in *The Music Man*. How many people can say my grandfather was on Broadway?" Colt comments.

Colt has performed in almost 20 productions and some of his most memorable roles including Colin Cravens in *The Secret Garden*, Grantaire in *Les Miserables*, The Scarecrow in *The Wizard of Oz*, and he is currently the only high schooler in an ensemble of professional actors in *White Christmas*. Colt is pictured above in *A Homestead Album*. "I love the playhouse because I can be around all of my friends like Sarah Durham and of course my girlfriend, Aven Chadwell. You have to be very determined and willing to focus. The dancing is very strenuous. It may not seem like it, but it's a lot of hard work. The directors don't like it when you slack, so just like any sport you have to give it 110%!"

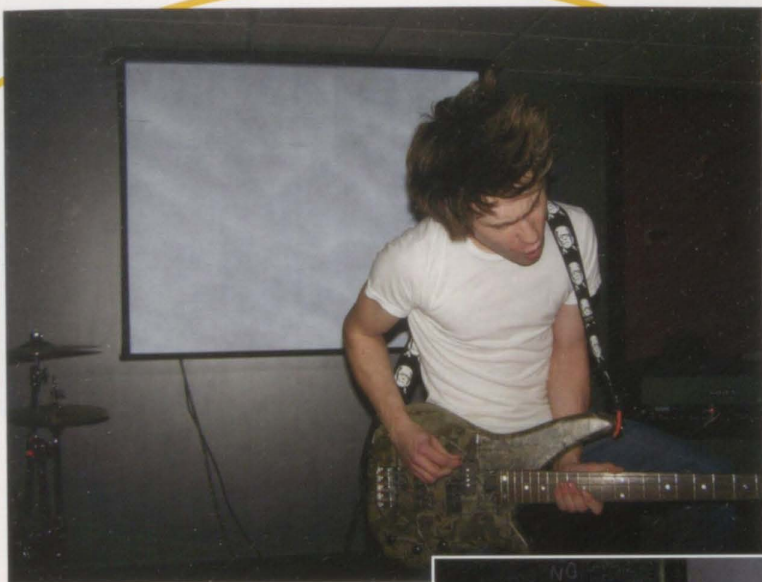

Saddle Up

When asked about competing in horse shows **Michele Wilson** said, "I enjoy competing in horse shows because I enjoy the rush of turning the barrels." **Amber Pflug's** responded "I enjoy competing in the rescue race and other competitions with the horses."

Rockin' Out

Nathan Napier, Andrew Hearndon, and **Gary Swiercz** are all members of the band HERO. While being in a band they have made many amazing memories and have rocked their hardest. When asked what's the worst thing about playing shows **Nathan** quickly stated, "The worst thing about playing a show is getting nasty rashes on your neck from doing mad guitar throws."

Karate Kid

The best thing about being in a band for **Andrew Hearndon** is, "Playing shows and having friends up front doing chants."

On a Roll

When **Gary Swiercz** was asked what's the best thing about being in a band he said, "There is nothing better than playing a show."

RIDING DIRTY

Rebel Without a Cause

When we asked **Jesse Hardt** why he likes to play the guitar he commented, "So I can hear a Merle Haggard song anytime I want too."

Birds of a Feather Flock Together

Stepping it up

Everyone wears shoes, there's no surprise there, but slip-ons were the trendiest. You can just slip them on and head out the door. And of course, there will always be the famous potato shoes with a new twist everytime you turn around.

Designer Dreams

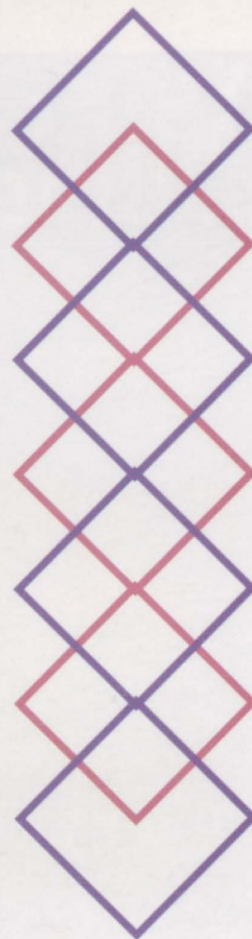

Designer purses were a "must have" for most girls. Vera Bradley was by far the most popular. There was everything from purses to lunchboxes to umbrellas. Everyone fit the trend, yet kept their individuality at the same time.

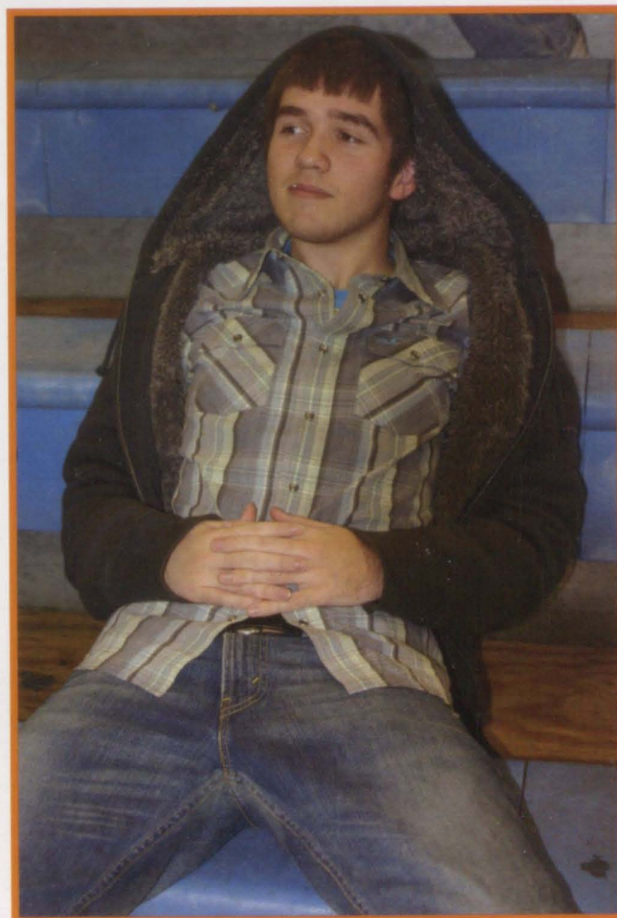

Keeping up with the Jones'

While some people don't wear stripes because they believe that they make you look larger, many others disagree. Stripes were the biggest fad for the 2006/2007 school year. In just about every store you could find striped shirts and sweaters, among other items. It wasn't surprising to walk the hall and see stripes galore.

Staying Warm

Edwin Josey is sporting a faux-fur lined hoodie, which was one of the stylish ways to keep warm during the winter season.

Pretty in Pink

This year Victoria's Secret Pink sweats were a big hit around CCHS. Whether it's pink and red, orange and blue, yellow and green, or blue and pink, everyone has their own unique way of wearing them. Some prefer their outfits matching and some like to mix and match. Some even put their sweatshirt on with their favorite pair of jeans.

The mountains seem as tall as the sky
The sky seems as blue as can be
As blue as the ocean will ever know
As blue as your eyes may seem

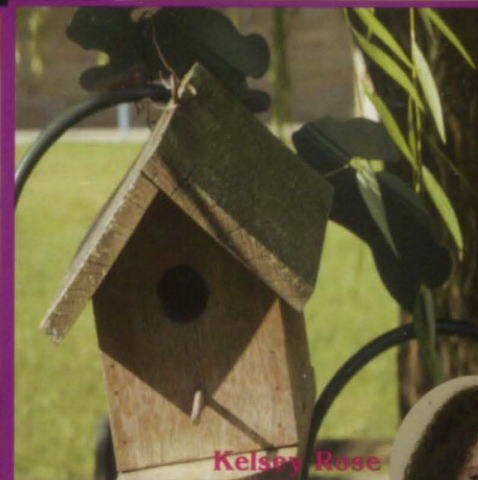

The sun sets over the horizon
In the sky the colors are wrong
The mountains are now overshadowed
And now the dusk awaits for the dawn

At night the stars light up the sky
The moon makes the earth glow
The crickets sing music that is so relaxing

The music is dying, and the sun is rising

Workin' Hard For the Money!!

Have you ever wondered what your classmates do after school is over? Some go home and relax, others go to practice, and still others go to work. Here is a look at the variety of jobs that your fellow classmates do each week.

I'm workin' Arby's!

Pictured above is Laura Roark. She says, "Arby's is a bad job, but the people are pretty cool." Laura has been given the opportunity to start training as a manager, because she is such a hard-working, competent employee.

With only two days off each week and leaving school at 1:30 thanks to the co-op program, Abel averages at least 40 hours every week, but that isn't even the half of it. This hardworking classmate is also supervisor of the entire second shift.

Making sure everyone stays busy and handling unhappy customers just brushes the surface of the many responsibilities Abel has each day. When asked how difficult it is to juggle school and forty plus hours every week at work Senior Abel Howard had this to say: "It can be very difficult at times, but the rewards I gain are well worth the dedication."

Serves Up!

Pass! Set! Hit! Terms all high school Volleyball teams use. For the CCHS Spikers these terms were used daily throughout the season. First year coach, Craig Taylor, led the Lady Jets through strenuous training to prepare for the season. The team was constantly undermined due to injuries to key members of the squad, however the season was a learning and rebuilding experience due to the loss of several players. Captains Katie Stone, Whitney Keck, and Tori Smith led their team through an indescribable season! The team stood strong and never gave up while facing some high caliber clubs from across the state, which is definitely a promising sign for next years team which returning three starters!

Cumberland County High School has a tradition of having a very strong cross country team. This year the Jets and Lady Jets had an excellent team. The Jets were in the top half of most of the invationals they competed in this season. The team set school varsity team "time" records on all six courses they ran during the season. One of the high points of the season for the Lady Jets came at the "Ryan Burnett Invitational", held at Cookeville's 5 kilometer (3.105miles) course, where the team placed second overall and added another trophy to their trophy case. The team is very young with only 3 seniors, with and added year of experience they will be even better next year. Congratulations on all your accomplishments this season! to help you achieve your goals, no matter what. That's one reason I take early bird statistics. It is not just to help me in college, but because I truly enjoy it," says Senior Cady Kington. Worldly Studies

Willkome! Bien Venue! Welcome! Our world is influenced by so many cultures. Where would CCHS be without our magnificent foreign language department? CCHS offers three foreign language electives: German, Spanish, and French. Both Frau Maltby and Madame Robbins, our German and French teachers, devote countless hours to running clubs aside from teaching. Señora Dunigan sponsors the Spanish club, as well. CCHS is honored this year with a new Spanish teacher, Señor Dunigan. In addition, our high school is thrilled to be offering ESL, or English as a Second Language for our primarily Spanish speaking students. Foreign languages still remain among one of the highest chosen electives at CCHS. So, Abien Tu, Adios, Ischus and do not forget about the exciting foreign languages CCHS has to offer!

If You're Happy and You Know It...

When asked to comment on his fellow tenors crazy behavior at the Christmas concert, **Spencer Rohr** replied, "Those guys need medication or counseling. Right now, I'm leaning toward both."

The 2006-2007 school year brings about the sixth season of another winning Jet tradition, the Advanced Choir. Our Jet Singers have received many awards and acclamations from competitions all over the United States. Last spring, the choir traveled to New York City and received distinguished ratings and first place in Show Choir, Concert Choir, and Gospel Choir at the Staten Island University Music Competition. Although, Advanced Choir is a class, the members work strenuously to be the best. "Advanced Choir is a lot of work," says Choir Secretary **Sarah Durham**, "We have many after school dance and music practices, but in the end all the hard work pays off. It's tough to be this good!" This year the choir travels to the Bahamas to compete in the same three categories aboard the Sovereign of the Seas cruise ship. "The cruise is when our hard work will finally pay off. The competition is only one day, and we get the rest of the time to have fun on the ship and on the island," say Seniors **Cady Kington** and **Ariane Rohr**. However, they do not just work hard for their competition. Every spring, the Advanced Choir puts on a singing and dancing show, or a "Choir Extravaganza," according to Senior **Collin Sanders**. Good luck to the Advanced Choir in everything they do, and keep on raking in those awards for CCHS! Thank you for always using your talent to promote Jet Pride!

Singin' Buddies

Freshman **Kristin Galloway** and Freshman **Lindsay Tranberg** say their reason for joining Advanced Choir is "because we get to sing with a lot of our best friends, and that is pretty much amazing."

Stop, Collaborate and Listen

The Fine Arts, they affect your life in so many ways. As a child the first books you read are picture books, and most people recall memories through music quicker than through anything else. CCHS has many Fine Arts classes to take including, Art and Guitar. Guitar still remains one of the most popular electives, largely due to our new instructor, **Mr. Squire**. "Mr. Squire lets us explore the magic that is the guitar, and of course lets us rock," says Senior **Ashley Ricketts**. Our art courses also have a strong following due to our well experienced teacher, **Mrs. Armes**. **Kelsey Rose** says, "Art is like psychology to me. I can release my frustrations onto a blank canvas, and when I'm done, I have created a masterpiece." So next year, sign up for a Fine Art class, and explore your creativity.

Mobility is Good Students in **Mrs. Dunigan's**

Spanish 1 and 2 class use the mobile lab to research and get a hands on approach to learning. With access to wireless laptops, they can actually listen and learn without having to leave the classroom or share with other students. It is now easier for teachers to plan research projects or interactive learning.

Power Shot Senior **Kelly Koontz** explains, "I really love being as creative as possible when I take pictures. I love making something ordinary look extraordinary."

*We are the Family, Career, and Community Leaders of America.

For we have the clear consciousness of seeking old and precious values.

*For we are the builders of homes,
Homes for America's future,
Homes where the living are an expression of all that is good and fair.
Homes where truth and love and security and faith are realities,
not dreams.*

*We are the Family, Career, and Community Leaders of America.

Canned Food The FCCLA sponsored a can food drive. The food went to the Good Samaritans for Thanksgiving. **Ashley Cook** states that her favorite part about FCCLA is "helping people."

FREE HUGS!

When asked what inspired the free hugs sign, **Ida Rozzelle** states, "I got the idea for Free Hugs from a music video I saw, and while watching it, I got goosebumps. When the video was over, I knew I had to do it for myself."

It was so wonderful making people smile with something as simple as a hug. Even though quite a few people shouted rude comments at me, it was still worth it. So thank you to everyone that supported me and even carried signs around with me."

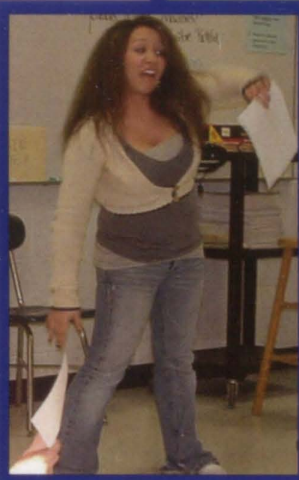

Yummy in my Tummy When asked about Madame Robbins class, **Taylor Williams** states, "My favorite day was when we did a hot chocolate, coffee, and snack day for all the teachers at the school and for all French 1 classes. It was fun wearing the aprons and the hats."

We're all in this Together!

When asked how much work goes into a play, **Cady Kington** states, "A lot of hard work and hours go into a play, but the end result is a great show which is fun to perform."

Lauren Fox states, "The best part about the play is that I am nothing like my character. My character says what is on her mind no matter what the ending result will be, and I try to keep things to myself that I know will hurt people's feelings."

Joan of Arc

When asked what the craziest thing she has ever done in Jet Theatrix, **Jenny Simpson** states, "The Madrigal Dinner- Pretending to be Joan of Arc /(Noah's Wife) that was crazy fun."

"I have found the faculty here at CCHS, particularly the teachers in the English Department, to be sagacious, ebullient, and supportive. In addition, the visits by office workers (stunt girl) and aids, Fox and Keck, "the dynamic duo", to be quite delightful. Especially, when shot with double good-bye Love guns," responded Coach Head.

Coach Foster says:
"The atmosphere, the students, and the willingness of everyone to help me."

"I've enjoyed the students and the faculty for welcoming me into a community that I've never been in before," responds Josh Squire.

Valedictorian Gessika Guerra

Yes, "Cloud Nine" was my home when they announced I was to be the Valedictorian. I was absolutely hysterical! My mom was beyond hysterical. Why? Top Ten was my goal as a freshman. To be Valedictorian was a dream. As I stood on my cloud, I realized I had made my dream real.

My years in high school were incredible! I have learned so much! There is no book big enough to put it all in. Speaking of books, never judge a book by its cover. Don't live life too fast. Always find time to stop and bookmark your life so you can smell the roses. Set goals for yourself and strive to achieve them. Don't take life too seriously. Most importantly, learn to laugh. Laughter is the key to breaking the spell of a bad day, friend problems, and low luck.

I am honored to be your 2007 Valedictorian. Of course, I did not do all this alone. Along the way, I have had supportive friends reminding me of club meetings, parents constantly quizzing me on the rates of cell division, and some really talented teachers. I thank them all.

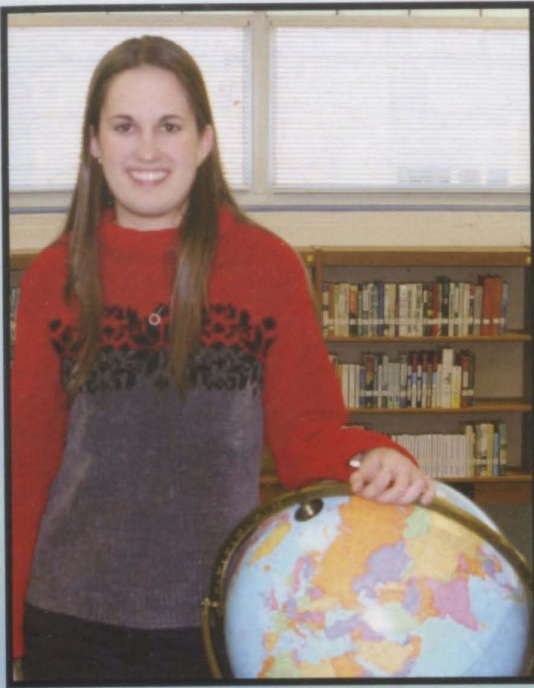

To all of the students at CCHS, I wish you the best of luck. Always keep in the back of your mind that hard work will pay off 100%, and that dreams really can come true!!! Jet Pride!!! Old School Rocks!!!

Salutatorian Sarah Oakes

High School can be a challenging but rewarding time, full of ups and downs, good times and bad, but these are the experiences that help shape our lives. If I had to pick the most important lesson I've learned in high school, it would be to never give up. If you always try your hardest it will pay off in the end, and while a big part of high school is making the grades, you must find the time to have fun and relax, as well.

I have made many great memories and friends here at CCHS, all of which I will never forget. Looking back on my high school experience, I wouldn't change a thing, from my brilliant teachers and challenging classes to my crazy friends and all the fun we've had.

I have many people to credit with my success. Had I not had a loving and supportive family at home, supportive friends and teachers who motivated me, I would not be in this position today.

Being Salutatorian is the biggest accomplishment and honor I have had in my life. I am more than honored to be the Salutatorian of the Class of 2007. I wish you all the best of luck in all you do!

Now also listed among
America's 100 Best
College Buys[®]

Yet again . . .

For the fifth time, U.S. News & World Report magazine ranked Tennessee Tech University one of the Top Public Universities in the South for its ranking category. Again, TTU is the only Tennessee school included on the short list of 11 institutions (2002, 2003, 2005, 2006 and 2007 editions of *America's Best Colleges*).

For the third year running, TTU has earned The Princeton Review's designation as a "Best Southeastern College" (2005, 2006 and 2007). And was named a "Best College Value" by the Princeton Review for 2007.

Come see why TTU is the school everyone's raving about.

About Us...

First and for most, We Love to Eat! "We'll work for food," that's our motto! We do not like lazy workers! We work hard, so Mrs. Nixon will let us eat. We never text, play games, throw snowballs, discover rats, hide lizards, or leave for food. We are perfect angels, so we can earn our "brainfood" time.

Also, we really love circles!!

Our inspiration

"This year in YEARBOOK has been...AMAZING!! Leaving, class whenever the "Junior Crew" wished is what made it grand, and leaving to go "sell an ad" (right Mrs. Nixon). For the majority of the time...we just ate and gained weight," says the amazing, Paige "Dave" Chappell.

Abby WILLIAMS SAYS "YEARBOOK IS A BEAUTIFUL GLASS I LEARNED A LOT, ESPECIALLY HOW TO MAKE ADS THAT MIGHT HELP ME OUT LATER IN MY YOUNG LITTLE LIFE"

Kari Bowman says, "I really enjoyed disturbing Mr. Brock's Honors Economics class for quotes and making mean faces at my old Spuddy bud."

"During my first few days in yearbook, I learned the fine art of making pages, a rat was discovered, and Margaret and I brushed up on our snowball attacking skills, but we couldn't get Whitney because she was hiding behind the tree," says Cady Kingston.

"I liked selling ads in yearbook, except for the part where Mrs. Nixon would not let me sell one to the Shakedown Shop," says the lovely Kelsey Rose.

"Yearbook was FUN,"
says the creative,
Ashlex Ricketts.

KATIE STONE AND CASEY ROBINSON TELL US WHAT THEY THINK ABOUT THIS WONDERFUL YEARBOOK STAFF IN A RAP "YEARBOOK IS LIKE COTTAGE CHEESE, IT TAKES MY BREATH AND MAKES ME WHEEZE."

"Yearbook was great," says Junior T.D. Schlaffer, "because I learned the ways of Journalism from the great, Mrs. Nixon."

This is your captain speaking...

The Class of 2007 begins a new era of two graduating classes from Cumberland County. Most 2007 graduates chose to remain at Cumberland County High School and how proud we are as a faculty and staff that you did. The faculty, staff, and students are proud of our heritage and the tradition established by those who walked these halls and graduated before us. However, as we began this year we sensed change. Change is good and it is through change that we grow as individuals. I could not be prouder of the students at Cumberland County High School as I have seen you embrace many changes in our school and community.

As students you have so many opportunities before you and your future is awaiting your decisions as to what and where you choose to go. Shel Silverstein illustrates this point well in a little poem from his book, *A Light in the Attic*.

Magic Carpet

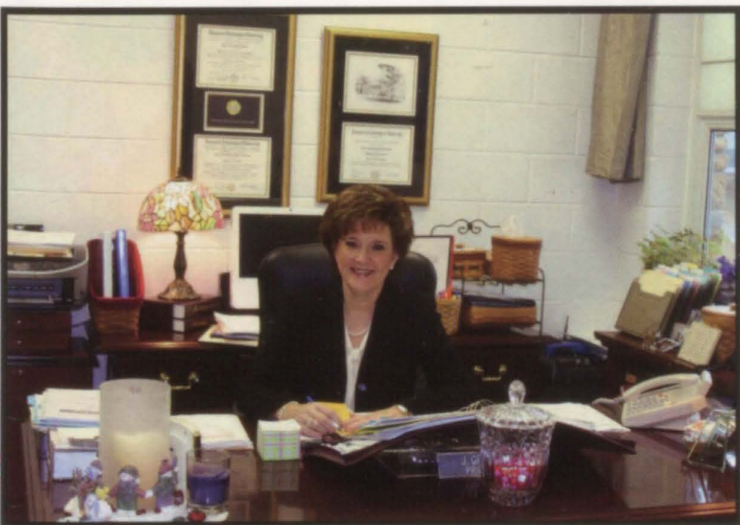

You have a magic carpet
That will whiz you through the air,
To Spain or Maine or Africa
If you just tell it where.
So will you let it take you
Where you've never been before,
Or will you buy some draperies to match
And use it
On your
Floor?

It is my desire that you allow your magic carpet to take you on many adventures during your stay with us. If your days here are short, use your magic carpet for something other than a rug in your journey of life.

Focus each day as you continue on your journey; represent yourself with the character traits of honesty, respect, fairness and caring. With the acquisition of these character traits, others will follow. Remember fondly your days with us and as always carry that "Jet Pride"!

Thank you for sharing yourself with us. I am so proud to have been your principal and to share my "Jet Pride" with you!

Jane C. Graham

Old School Traditions

NEW SCHOOL ATTITUDE

Our cheerleaders carry on the old age tradition of holding up a banner for our football team to run through.

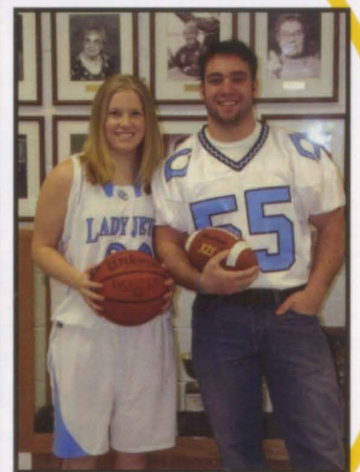

Hunter Sweeney waving the CCHS flag to get students pumped up about that evenings game.

Freshmen started homecoming week off with a wave for their Beach Day.

Amanda Johnson, Jordan Blaylock, Paige Chappell, and Lanna Martin at the tailgate party before the Stone game.

Katie Stone and Justin Kerley were nominated for the High School Heisman Trophy for their outstanding athletic ability and excellent academics

CCHS tried something new this year, requiring all students to have a lock on their locker. While students complained at first, everyone would have to agree it was a good way to help prevent theft.
