Issue No. 2 | September 2022

"If you have a problem or think you're going to have a problem, please come to the office and let us help you with your problem"

Message from Administration:

Dear Silver Streak Families,

Thank you for such a strong start to the school year! We appreciate the efforts being made to have your child at school each day and on time. Our Silver Streaks had an average attendance rate of 91% in August! Way to Go! We are grateful for the support for the Read 20 initiative and students demonstrating what they are reading with their reading logs. We were excited to deliver books ordered by Dr. Rodolfich to increase our classroom libraries. Please check out our website, www.janiehowardwilson.com, to see the titles of these books.

Our teachers are transforming the subjects to create an environment to make connections with a purpose of increasing international mindedness with the IB/PYP program. The lessons are designed for hands-on learning and for students are given opportunities for choice with the activities in the classroom. The science and social studies standards have been integrated into the IB/PYP transdisciplinary units.

The IB PYP Curriculum is organized into six units of study based on six transdisciplinary themes. Grades K-5 study all six themes throughout the school year organized into units. The units last between four and eight weeks. The six themes provide students with the opportunity to incorporate local and global issues into their learning. Through incorporating local and global issues into the curriculum, students can go beyond the confines of learning within each subject area.

The six themes are: How the World Works How We Organize Ourselves Where We Are in Place and Time Sharing the Planet How We Express Ourselves and Who We Are.

Each unit begins with an overarching concept as well as a central idea that focuses the unit. Teachers design lines of inquiry to guide the unit. Skills, known as approaches to learning are incorporated to ensure students are learning valuable skills that transcend the subjects. These skills include: Research skills, communication skills, social skills, self-management skills and thinking skills. Units are designed to promote critical thinking as well as help students to become well rounded in other areas of their life.

Teachers organize units to meet the local and state requirements. Teachers also ensure foundational skills are met throughout the units of study. When students work their units, they learn about other countries, cultures, ways to take action and ways we can share the planet with other people and other living things. They learn ways to express themselves, learn about who they are as individuals and as a community. They also learn how our world works and how the world is organized.

This month, your child will begin their progress monitoring assessments. This information will let the teacher know your child's strengths. The first interim reports will be going home the week of September 12th. We look forward to seeing all our families at our upcoming Open House on September 8th at 6:00pm. Please remember to reach out to either of us for any concerns, questions, or suggestions.

Kindergarten

Kindergarten has had an amazing start to the school year. We would like to encourage all parents to assist their child with homework, check class dojo and agendas for notes (This is how you child's teacher will communicate with you), read for 20 minutes each night and document it in the reading log that is provided in the homework packet. Please don't forget to turn in your orientation packets if you have not already done so. Thank you for your continued support! If you have any questions or concerns please contact your child's teacher.

First Grade

First Grade has hit the ground running!! The students are so excited to be in different classrooms with new teachers; the teacher team is even more excited than the students. The students are proudly displaying the skills they learned in Kindergarten. It is a huge jump from Kindergarten to 1st Grade, so with patience and perseverance, these students are settling in to rigorous, stimulating activities. We are on target with all of our curriculum maps while spiraling our lessons to make sure the Kindergarten skills are intact. The students are using new vocabulary in oral discussions as well as using manipulatives in ELA, Math, and Science to enhance the learning experience. They are also doing a wonderful job of completing their homework and returning it to school daily. We are really happy with the communication efforts in Class Dojo, however, there are still a few stakeholders that have not joined our efforts. Please take the time to join the Class Dojo, that is our most effective medium for communication.

Second Grade

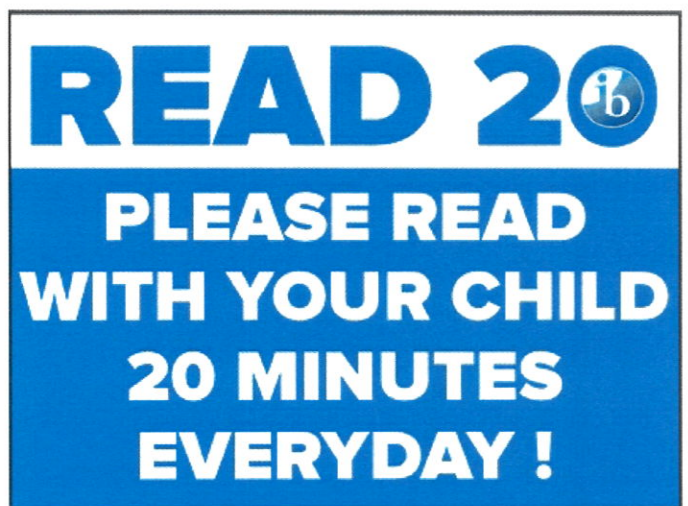

Reading-How are families around the world the same and different?

Math-Place value and adding 2-digit and 3-digit numbers.

Science-States of Matter

Social Studies- Rules and Responsibilities and How to be a responsible citizen.

PYP-Caring for ourselves and others

Featured articles

Third Grade

The Third Grade Team is excited about this new year and we have had a busy start. To make sure we have an extraordinary year please make sure your child's agenda is signed every night, their homework is complete, and 20 minutes of reading is recorded. Read20 has started here at JHW and all students should be reading 20 minutes everyday at home. This small part of the day will make a huge impact. Please enjoy this time with your child as they read or you read to or with them.

Fourth Grade

Fourth grade has been busy getting to know each other and learning classroom expectations. We are excited about this school year.

As a grade level, students are reading and understanding Expository text. Students will be extending their knowledge of Place Value and learning about the millions place and studying about the State of Florida and "Who We Are."

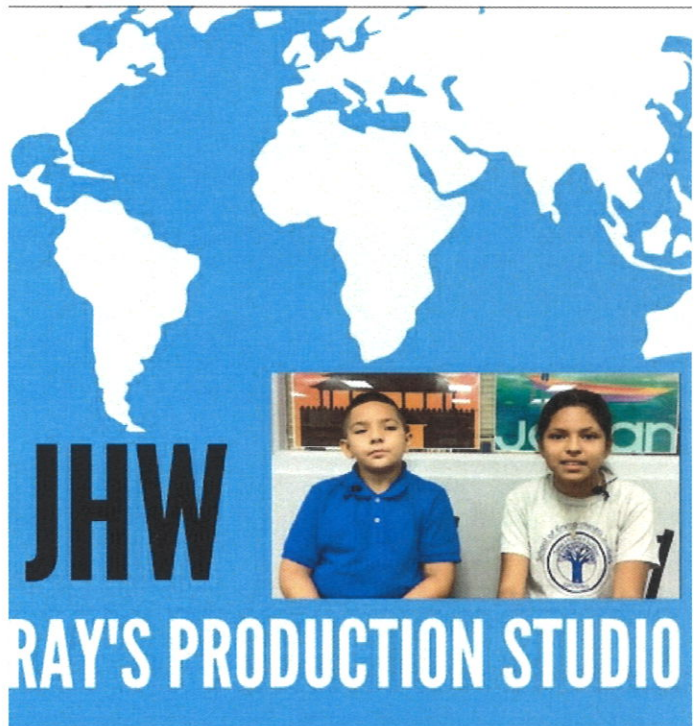

We ask that parents ensure their child is reading, at home, at least 20 minutes a night. Our 4th Grade Teachers appreciate the support from our families! As always, please email or use dojo to contact us for any questions or concerns!

Fifth Grade

Welcome back! We have hit the ground running in 5th grade. We have so many things happening this year and can't wait to experience every moment of it. This year, our 5th graders will be hosting a science fair where we will show off our scientific skills to both the school and our parents. Make sure you stay informed on those important dates in your child's agenda and on our website. In math we are reviewing place value (whole numbers and decimals). ELA is really focusing on genres, writing styles, interpreting figurative language and so much more.

Let's start the year off right by making sure homework is complete and asking your child about their days and what they are learning. Encourage creativity and questions about everything around them. Also, make sure they are reading at LEAST 20 minutes a day. Let's have an amazing and successful year.

Janie Howard Wilson PTO Board:

Tiffany Pressley, Lacey Moye,
Linda Bagley, & Cheryl Donaldson

We are so excited about the 2022-2023 school year! We have big plans for this year, but our success depends on YOU!

Have you joined PTO?

It is only \$5.00. Join today so your child may attend the celebration popsicle party on September 16th. Your membership does not obligate you to attend meetings or to volunteer.

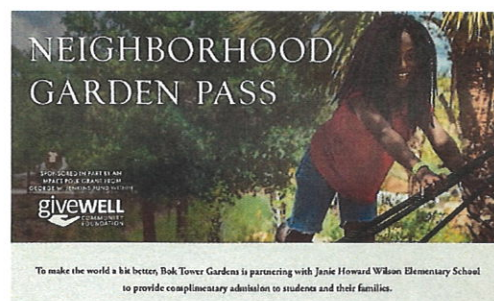

Are you following Janie Howard Wilson on Facebook, Instagram, DOJO, and the website?

This is primarily how we communicate with you and provide sign up links for volunteer & donations needs.

Do you own a business and would like to help support events during the year?

Email: betty.finnell@lwcharterschools.com

We're looking forward to a great year, please join us!

SAC

If you want to join the School Advisory Council at Janie Howard Wilson, please fill out the form attached and return to your child's teacher to have your name placed on the ballot. We will vote during Open House on Thursday, September 8, 2022 at 6:00pm.

Lake Wales Charter Transportation Information

The transportation department is actively recruiting motivated bus operators to join our team to meet the demands of serving our students and community.

Requirements and qualifications for operating a school bus for the Lake Wales Charter Schools system are posted. Interested parties may contact Ellen Walteson at ellen.walteson@lwcharterschools.com for more information.

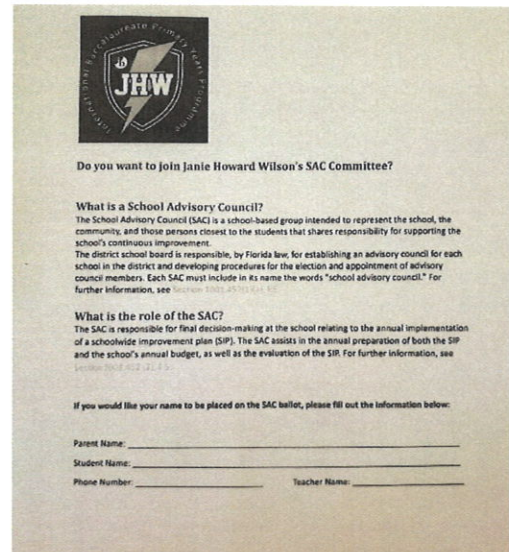

What is Primary Years Programme (PYP) IB

The PYP curriculum framework begins with the premise that students are agents of their own learning and partners in the learning process. It prioritizes people and their relationships to build a strong learning community.

PYP students use their initiative to take responsibility and ownership of their learning. By learning through inquiry and reflecting on their own learning, PYP students develop knowledge, conceptual understandings, skills and the attributes of the IB Learner profile to make a difference in their own lives, their communities, and beyond.

The framework emphasizes the central principle of agency, which underpins the three pillars of school life:

- the learner
- learning and teaching
- the learning community.

Do you want to join Janie Howard Wilson's SAC Committee?

What is a School Advisory Council?
The School Advisory Council (SAC) is a school-based group intended to represent the school, the community, and those persons closest to the students that shares responsibility for supporting the school's continuous improvement.
The district school board is responsible, by Florida law, for establishing an advisory council for each school in the district and developing procedures for the election and appointment of advisory council members. Each SAC must include in its name the words "school advisory council." For further information, see [Section 1001.45\(1\)\(a\), F.S.](#)

What is the role of the SAC?
The SAC is responsible for final decision-making at the school relating to the annual implementation of a schoolwide improvement plan (SIP). The SAC assists in the annual preparation of both the SIP and the school's annual budget, as well as the evaluation of the SIP. For further information, see [Section 1001.45\(1\)\(a\), F.S.](#)

If you would like your name to be placed on the SAC ballot, please fill out the information below:

RE: Asbestos Hazard Emergency Response Act
"Notice to Building Occupants and Parents"

We are required by the federal regulation Asbestos Hazard Emergency Response Act (AHERA) to inspect all schools that have asbestos containing materials (ACM). This regulation requires that schools containing asbestos materials be inspected initially and then re-inspected every three years thereafter. Each school should have a copy of all inspection booklets in the school's Asbestos Management Plan File.

In addition, the Environmental Protection Agency (EPA) requires that each year the Local Education Agency (LEA) notify in writing to parents, teachers, and students of the availability of Management Plans (results of inspection) for asbestos identified in each school. Pursuant to section 40 CFR 763.93(e) (12) (g) (4), this notice shall be dated and identified by school/facility.

Subsequent EPA guidance suggest that the most acceptable form of notification is to have the notice placed on school letterhead, dated, signed by the school administrator and issued to each student and parent, i.e. school newsletter. Specific text is required in this notice. A copy of the text is attached for you in English and Spanish and is also available at <http://thehub.polk-fl.net/docs/>. Click on Environmental Services then Asbestos. Insert your school name where indicated then prepare and issue the notice as suggested. Include a copy of the notice in your school's Asbestos Management Plan File and *forward a copy to Tracy Hannah, Maintenance Services via e-mail (preferably), fax (863-519-3738) or through the courier to Route E no later than October 17, 2022.*

NOTICE TO BUILDING OCCUPANTS AND PARENTS NOTIFICATION OF INSPECTION FOR ASBESTOS CONTAINING

MATERIALS IN PUBLIC SCHOOLS

The Environmental Protection Agency (EPA) has issued a final rule, 40 CFR Part 763, Asbestos Containing Material in schools, commonly referred to as AHERA. This rule requires all Local Education Agencies (LEA's) to identify asbestos containing materials (ACM) in their school buildings and to take appropriate actions to control release of asbestos fibers.

All inspections for Janie Howard Wilson Elementary have been completed and a Management Plan describing the results of the inspection and the action plan to control any asbestos found during the inspection, where applicable, has been submitted to the Governor for approval. A copy of this plan is located in the administrative office of this school and at the District School Board of Polk County Maintenance Department and is available for review upon request.

Book Fair

Visit the library the week of

Monday, September 19th-
Friday, September 23rd

Find a new book to read!

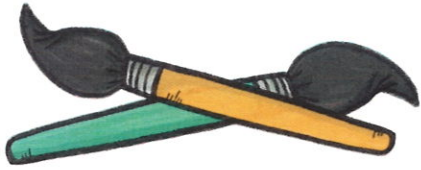

DADS TAKE YOUR CHILD TO SCHOOL

An illustration of three students in school uniforms. On the left, a boy with blonde hair, wearing a white shirt, red tie, and red pants, carries a green backpack and holds a book. In the center, a girl with red hair, wearing a white shirt, red bow, and red skirt, holds a stack of books. On the right, a boy with dark hair, wearing a white shirt, red tie, and red pants, holds a tablet. They are all looking at the tablet together. The background features stylized yellow and orange shapes and wavy lines.

September 21, 2022

7:30am-8:30am

Book Fair will be on Campus

Paint Club WITH THE **ARTTEACHER**

Dear Parents/Guardians,

Grades **3rd - 5th grade** will have the opportunity to spend an afternoon in the art room painting along with me, the art teacher, Mrs. Milton, to raise funds for our school's art supplies.

There will be 20 openings on: **SEPTEMBER 22TH** to paint an **OMBRE FALL LEAF** with step by step direction from me. There are a limited number of slots to ensure each student will have enough materials and space to successfully paint their masterpiece. The event will be in the art room at JHW on the above dates beginning at **3:00 till 4:15 pm. Transportation must be provided for pick up by 4:15 pm.**

To reserve your child's spot, please fill out the section below and bring it straight to Mrs. Milton OR use this link, <https://bit.ly/Sept3-5PaintAlong>

The cost is \$20 and **payment is not due until I have confirmed your spot with an email and letter with an envelope for payment.** The cost includes an 8X10 canvas and painting materials.

Your child will walk out the door with their beautiful masterpiece to display at home.

Artfully Yours, Mrs. Milton

mary.milton@lwcharterschools.com

Please detach this section and fill out information and return to Mrs. Milton

Reading Scholarship Accounts

In 2018, Florida became the first state to offer an education savings account program for students enrolled in public schools. The Reading Scholarship, administered by Step Up For Students, was created to help public school students in third through fifth grade who struggle with reading. The program offers parents access to education savings accounts, worth \$500 each, to pay for tuition and fees related to part-time tutoring, summer and after-school literacy programs, instructional materials and curriculum related to reading or literacy.

Who Is Eligible?

- Third- through fifth-grade public school students who scored a 1 or 2 on the third or fourth grade English Language Arts section of the Florida Standards Assessment in the prior year.
- Students who are classified as English Language Learners, and who are enrolled in a program or receiving services that are specifically designed to meet the instructional needs of English Language Learner students, will receive priority.

What Is It?

- The scholarships are worth \$500 each and can be used for reimbursement for the following:
 - » Tuition and fees for part-time tutoring provided by a person who holds a valid Florida educator's certificate, a baccalaureate or graduate degree in the subject area (Reading, Elementary Education, or English Education), an adjunct teaching certificate, or has demonstrated mastery of the subject area knowledge.
 - » Fees for summer education programs designed to improve reading or literacy skills.
 - » Fees for after-school education programs designed to improve reading or literacy skills.
 - » Instructional materials and curriculum related to reading or literacy.
- Program funds are limited and are available on a first-come, first-served basis.

How Do I Apply?

Visit **StepUpForStudents.org** for the latest information.
