

Local Literacy Plan Template: 2024-25 School Year

To support every child reading at or above grade level every year, beginning in kindergarten, and to support multilingual learners and students receiving special education services in achieving their individualized reading goals in order to meet grade level proficiency, a school district or charter school must adopt a local literacy plan that describes how they are working to meet that goal. A district must update and submit the plan to the commissioner by June 15 each year [Minn. Stat.120B.12, subd. 4a \(2023\)](#). With the purpose of assisting districts and charter schools, the Department of Education has developed this Local Literacy Plan template. The Local Literacy Plan must be approved by the Superintendent and posted to the district or charter school's website annually.

District or Charter School Information

District or Charter School Name and Number: New York Mills Public School ISD 553

Date of Last Revision: May 30, 2024

Minnesota READ Act Goal

The goal of the READ Act is to have every Minnesota child reading at or above grade level every year, beginning in kindergarten, and to support multilingual learners and students receiving special education services in achieving their individualized reading goals [Minn. Stat. 120B.12 \(2023\)](#).

District or Charter School Literacy Goal

Describe the district or charter school's literacy goals for the 2024-25 school year.

To provide LETRS training for all Phase I teachers.

To have all students reading at or above grade level every year, beginning in kindergarten, and to support any multilingual learners and students receiving special education services in achieving their individualized reading goals.

Universal and Dyslexia Screening

Identify which screener system is being utilized:

- mCLASS with DIBELS 8th Edition
- DIBELS Data System (DDS) with DIBELS 8th Edition
- FastBridge: earlyReading (Grades K-1) and CBMReading (Grades 1-3)

Grades K-3 Screeners

Indicate in the chart below the assessment(s) used for universal and dyslexia screening for grades K-3 students, what skills are assessed with the screener, and how often the screener data is collected.

Name of the Assessment	Target Audience (Grades K-3)	What component of reading is being assessed? (Each component should be addressed.)	Assessment Type (Each type of assessment should be represented.)	How often is the data being collected?

Parent Notification and Involvement

Describe the method(s) that are used to notify parents or guardians when children are identified as not reading at or above grade level and the reading related services provided. Include what strategies are shared with parents/families to use at home.

Parents are notified at parent conferences by receiving an Individualized Benchmark Report. Teachers share the strategies that they are using at school as suggestions for parents to use at home.

Student Summary Level and Dyslexia Screening Data 2023-24 School Year

For districts currently using one of the three approved screeners, if able, please include benchmark data in this submission. For those transitioning to an approved screener, you will submit data in June 2025.

Summary Data Kindergarten through 3rd Grade

For grades kindergarten through grade three, indicate the number of students:

- universally screened
- students at or above benchmark in the fall and spring.
- students screened for dyslexia
- students identified with characteristics of dyslexia.

Grade	Number of Students Universally Screened in Fall	Number of Students Universally at or Above Benchmark Fall	Number of Students Universally Screened in Spring	Number of Students at or Above Benchmark Spring	Number of Students Screened for Dyslexia	Number Identified with Characteristics of Dyslexia
KG	58	34	58	28	58	9
1 st	66	22	66	28	66	14
2 nd	63	36	63	37	63	6
3 rd	70	49	70	49	70	7

NOTE: For districts or charter schools that have grade levels with a low number of students, public reporting of summary data can result in identification of individual student data. As a standard practice when reporting public data, Minnesota Department of Education (MDE) will not report results if fewer than 10 students participated. In these cases, data may be combined from multiple grades or multiple testing windows to protect student privacy while also providing data for public awareness. In these circumstances, districts or charter schools can set their own minimum reporting number for the purposes of this Local Literacy Plan.

Students Grades 4-12 Not Reading at Grade Level

For grades 4-12, indicate the number of students screened, the number of students not reading at grade level, and the number of students identified with characteristics of dyslexia.

Data-Based Decision Making for Literacy Interventions

Districts are strongly encouraged to adopt the [Minnesota Multi-Tiered System of Supports](#) (MnMTSS) framework. This framework should include a process for monitoring student progress, evaluating program fidelity, and analyzing student outcomes and needs in order to design and implement ongoing evidenced-based instruction and interventions [Minn. Stat.120B.12, subd. 4a \(2023\)](#). Component 5.1 of the MnMTSS framework provides indicators and criteria for effective data-based decision making. Component 1.6 and the MnMTSS Team Guidebook provide information on establishing effective linked teams for data-based decision making.

Discuss if and how the district is implementing a multi-tiered system of support framework. Indicate if the district or charter school is using the MnMTSS framework and if the district and school teams have participated in MDE professional learning cohorts. Specify if the district or charter school team has attended MnMTSS professional learning and/or conducted the Self-Evaluation of MnMTSS for District Leadership Teams (SEMI-DLT). Are there components/subcomponents that have been identified for improvement?

Describe the data and method(s) used to determine Tier 1 targeted evidence-based reading instruction for students and the processes for monitoring fidelity and intensifying or modifying Tier 1 instruction. Indicators and criteria for effective Tier 1 practices can be found in subcomponent 3.1 of the MnMTSS framework.

Describe the data and method(s) used to identify students not reading at grade level. Discuss the district's criteria for entry into Tier 2 and Tier 3 intervention, process for monitoring fidelity, type and frequency of progress monitoring during intervention, and criteria for exit from intervention. Indicators and criteria for effective Tier 2 and Tier 3 practices can be found in subcomponent 3.2 and 3.3 of the MnMTSS framework.

During the 2023-2024 school year, our school participated in an MDE professional learning cohort. We have conducted the Self-Evaluation of MnMTSS for District Leadership teams. There were components/subcomponents that were identified for improvement and we feel that we have been working on our MnMTSS model during the 2024-2025 school year and are quite pleased with the results. We still have room for improvement however and that is our plan for the 2024-2025 school year. During this school year, we implemented FASTBridge for benchmark testing and progress monitoring. We also use it for planning interventions for students either individually or small group and monitor their progress weekly. For Tier I, we identified needs for improvement and looked at and are purchasing new curriculum to help us in this regard. We are also planning to start the LETRS training for all Phase I teachers in the fall of 2024.

Professional Development Plan

Describe the district or charter school professional development plan for training educators on structured literacy. Include the name of the approved professional development program, timeline for completion.

Describe how the district or charter school will support the implementation of structured literacy and what data will be collected and how it will be used to assure continuous improvement.

We will begin implementation of the LETRS Training in the fall of 2025 for all Phase I educators. Our plan is to continue with Phase I teachers into the 2025-2026 school year and start Phase II teachers during that school year as well.

We will also be providing training on FASTBridge for the High School and providing training on our new Reading Curriculum purchased spring of 2024.

Provide the number of educators who have met the Minnesota READ Act professional development requirements through previous training, those who are currently in training, and those who still need training.

Phase 1: Educator Role	Total Number in District or Charter Organization	Educators who have completed Training	Educators with Training in Progress	Educators who need Training
Pre-K Classroom and Part B/619 Early Childhood Special Education Educators responsible for early literacy instruction	2	0	0	2
K-3 Classroom Educators (including ESL instructors responsible for reading instruction)	14	0	0	14
Grades 4-5 (or 6) Classroom Educators (if applicable)	11	0	0	11
K-12 Reading Interventionists	3	0	0	3
K-12 Special Education Educators responsible for reading instruction	9	0	0	9
Pre-K through grade 5 Curriculum Directors	0	0	0	0
Pre-K through grade 5 Instructional Support Staff who provide reading support	0	0	0	0

Phase 2: Educator Role	Total Number in District or Charter Organization	Educators who have completed Training	Educators with Training in Progress	Educators who need Training
Grades 4-12 Classroom Educators responsible for reading instruction				
Pre-K through 12 Educators who work with English learners (Licensed ELL teachers)				
Grades K-Age 21 Educators who work with students who qualify for the graduation incentives program under section 124D.68				
Grades 6-12 Instructional support staff who provide reading support				
Grades 6-12 Curriculum Directors				
Employees who select literacy instructional materials for Grades 6-12				

Action Planning for Continuous Improvement

Describe what needs to be refined in the district or charter school's implementation of evidence-based literacy instruction. Provide a description of the next steps the district or charter school will take to improve implementation of evidence-based literacy instruction.

To provide LETRS training for all Phase I teachers.

To have all students reading at or above grade level every year, beginning in kindergarten, and to support any multilingual learners and students receiving special education services in achieving their individualized reading goals.
