

April 4th-6th, The CHS Band and Choir will take a little road trip to Seattle to perform in a Heritage Festival and take in what the city has to offer. We don't get an exact itinerary until January but besides performing in the festival we will be taking a tour of Seattle's Underground, visiting Pike's place, seeing a show at the Paramount Theatre, and more!

More about Heritage Festivals:

National adjudicated and competitive music festivals in more than 20 cities across North America for school choral & instrumental groups. Young performers in middle and high school experience an unparalleled musical education at every Heritage Festival. Your ensemble will perform for nationally acclaimed adjudicators, learn from their feedback, and be inspired to new heights as a result of the entire experience. With more than 70 events available each spring, your students will explore a new city and deepen their bonds with classmates.

Each year we escort 70,000 students to performance destinations across the country and the globe. We offer you unbeatable choices: over 80 yearly festival dates in over 20 cities, prestigious college bowl options, and virtually unlimited destinations abroad. Whether you are looking for a competitive challenge, a rewarding trip for your ensemble, or a chance to learn from the greats, we've got you covered.
