## IMMUNIZATIONS OF STUDENTS

Any child being admitted to the North Country Charter Academy must present proof of meeting the physical examination and immunization requirements within thirty (30) days of entrance. Failure to comply with this provision may result in exclusion from school for the student.

The Principal will notify parents of this requirement at the earliest possible date, so that the necessary plans can be made with the family physician or other medical resources to accomplish this standard prior to a child being admitted to school.

A student shall be exempted from the above immunization requirements if he/she presents evidence from his/her physician that immunization will be detrimental to his/her health. A student shall be excused from immunization for religious reason, upon the signing of a notarized form by the parent or guardian stating that the child has not been immunized because of religious beliefs.
