The duplex will likely be the first finished with expectation of completion by the end of the month. There is a potential major issue with the double-wide which may significantly delay completion. I will discuss this issue with the Construction Manager. The Superintendent house should also be ready by the end of the month.

We think the bathrooms will be complete by the 16th but it will be close. The locker rooms are still a month or two away from completion. The gym floor will be cleared of the majority of building material and the floor tarp removed before school starts to allow use of the gym.
