

West Bolivar High School Cyber Foundations Students Qualify for 2025 Personal Finance State Championship

West Bolivar High School students continue to shine in academic competitions! Throughout the school year, students in the Cyber Foundations I/II classes, taught by Mrs. Chandra Miller-Faust, participated in the Personal Finance Challenge, competing against students from across Mississippi.

In an exciting achievement, Team "Packers" has received a "Wild Card" invitation to compete in the 2025 Personal Finance State Championship in the Middle School Division. This prestigious in-person competition will take place on Tuesday, April 10, at 9:00 AM at the Mississippi Public Broadcasting Studios in Jackson, MS.

The Packers team consists of:

- Jewel Mosley
- Payton Walker
- Jordan Walters

- Cordarria Mosby

This is an incredible honor, as only 12 teams statewide have qualified for the Middle School Division of the state competition. Their hard work and dedication to financial literacy have earned them this well-deserved recognition.

Mrs. Miller-Faust expressed her excitement, stating, “This is a proud moment for our students and our school. Their commitment to mastering personal finance skills has set them apart, and I can’t wait to see them compete at the state level.”

Congratulations to Team Packers and all Cyber Foundations students for their success! Best of luck at the Personal Finance State Championship!
