

REQUEST FOR COMPETITIVE QUOTES
GRANT SCHOOL DISTRICT 3 FENCE INSTALLATION AND REPAIRS
RFQ 2023-01

In accordance with ORS 279C.412 and ORS 279C.414, Grant School District 3 (“District”) is informally soliciting competitive quotes (“Quotes”) from licensed and qualified contractors (“Contractors”) to provide certain construction services for and on behalf of District (the “Services”) as described in this Request for Competitive Quotes (this “RFQ”).

District is soliciting competitive quotes from licensed and qualified contractors to provide labor, equipment, materials, and related construction services necessary to safely construct a new fence and/or improve existing fencing at each of District’s school campuses.

Existing conditions and recommended fencing materials and quantities are included in the RFQ, Table 1 and Exhibit A.

The estimated fencing for all three campuses is approximately 1,342 linear feet. This new fencing includes 850+/- linear feet at Grant Union Jr./Sr. High School, 450+/- linear feet at Humbolt Elementary School, and 42+/- linear feet at Seneca Elementary, installation of two (2) man gates and one (1) vehicle gate at Grant Union and two (2) man gates at Seneca.

Contractors interested in performing the Services must submit a written Quote, on the quote form attached as Exhibit B to the RFQ.

To be considered, please submit your Quote to Louis Dix, District Superintendent, via email at dixl@grantesd.k12.or.us or hand delivery at the addresses provided below:

Grant School District 3
Attn: Louis Dix
401 N. Canyon City Blvd
Canyon City, OR 97820

Please clearly label the outside of the envelope (or fill in the email subject line with) “Grant School District 3 Fencing Construction Services Quote.” District must receive quotes on or before February 28, 2023 at 4:00 p.m. Quotes received after the deadline date/time will not be considered.

Work on the Project will not commence until District issues a written notice to proceed to the selected Contractor. The schedule for completion of the Services shall be 75 calendar days from written Notice to Proceed, allowing 45 calendar days for material ordering and delivery; and 30 calendar days for installation. Upon notice to proceed, Contractor must mobilize and dedicate crews and staff of sufficient size to meet the completion date.

Interested contractors are responsible for and strongly encouraged to visit and inspect the sites to evaluate site conditions.

This public works project is subject to prevailing state wage rates under ORS 279C.800 to 279C.870.
