Presenter(s)	Steve Carlson, Director of General Education
Audience	PreK-Gr 12 Teachers, Administrators, Paraprofessionals, and New Teachers.
Description	AI in Education for Beginners: The use of Artificial Intelligence (AI) will only continue grow in our society and, by extension, inside our school buildings and classrooms. This three-hour session is aimed at educators who are ready to learn more about AI and how it can be used by teachers for their own use as well as possible student applications. Some common and popular tools will be presented and participants will have opportunities to explore their potential. Time will also be devoted to ethical and policy considerations with the use of AI. Next Steps with AI: Now that you have a basic understanding of how LLMs like ChatGPT can assist you as an educator and have been introduced to several AI tools designed for educators, it's time to delve deeper. In this session, we will explore how AI can enhance lesson design, differentiation, lesson/unit planning, student feedback, and more. Come prepared to learn practical tips and tricks and apply them through guided practice directly related to your current classroom work.
Registration	Deadline to register is July 9, 2025. Register online at www.huronisd.org , Professional Development link. Checks payable to Huron ISD or pay online with a credit card.
Questions	Contact Amanda Sulkowski at (989) 269-6406 or asulkowski@huronisd.org with registration questions. Contact Steve Carlson at scarlson@huronisd.org regarding content.
