

Welcome to Pre-K Family Orientation 2022-2023

Hello Parents & Students!

Welcome to our Pre-K Classroom. We are looking forward to a fun-filled year of learning. Alabama's First Class Pre-K is the number one Pre-K program in the country. The First Class Pre-K program is designed to provide a full day of developmentally appropriate instruction and support for four-year old children. Students are required to wear uniforms and abide by the school rules. Attendance will be taken daily. Students are expected to be at school daily and on time. Parents have been sent the links to complete the ASQ and the e-DECA rating survey. Students are to complete health and dental screenings as well as keep an updated immunization record on file. Parents are to sign a parent/family contract that explains the expectations of the parent of which they will receive a copy of. For instance, a parent must complete a minimum of 12 hours of parent involvement throughout this school year. The teacher will notify parents of any opportunity to receive parent involvement hours in a timely manner prior to the activity. We are so excited for this year and look forward to bonding with our students and helping her strive for greatness. We also look forward to working with and getting to know parents/guardians. Please feel free to contact us with any questions or concerns via Remind, email, or call the school. Let's all work together and let's have a GREAT YEAR!!!!
