

Principal Spotlight

Mrs. Alyson Keenom
Bonaire Middle

What do you love about your school?

I love the entire community at BMS- staff, students, and their families! The actions and beliefs of our team show that students always come first, and every student matters! Our students work hard to rise to a challenge, and we have such an involved community.

What do you love most about being a principal?

I love watching the students evolve and grow throughout their time at BMS. They change so much from 6th to 8th grade. Being able to positively influence their growth and help students spread their wings is so rewarding.

Tell us about the person who inspired you to become a leader.

My mom inspired me to be a leader who strives to serve others while positively impacting an organization and its people. My mom is a retired civil service SES, and over many years I watched her work hard, lift others, grow leaders, and make every day matter!

Fun Fact

I am a cheer coach at heart! In 2012 our team won the state 5A cheerleading championship at Houston County High.

Principal

Spotlight

Ms. Alicia Conner
C.B. Watson Primary

What do you love about your school?

The teachers and paraprofessionals always put student needs before theirs! Although I often say, "Take care of yourself so you can take care of others." Our staff always puts our students first. They are the hardest working people I know!

What do you love most about being a principal?

I love being a principal because I can build relationships with teachers, students, and families. As a teacher, I had my class to get to know. Now, as an administrator, I'm privileged to work with the entire school. The people are my favorite part of the job!

Tell us about the person who inspired you to become a leader.

My parents inspired me to be a leader! They never shied away from hard work and instilled a strong work ethic in me. They each loved what they did for a living, so loving my job comes easy! When things are challenging, I always think back to the advice they would always give..."Once you start something, you must see it through!"

Fun Fact

For some odd reason, I like things to be in ABC order. I love spending time with my family and friends! We love to watch the DAWGS play!
