SCIENCE

Students meeting state grade-level expectations.

School Goals

At Humbolt Elementary, our goals for the 2021-2022 school year are to increase student achievement and maintain an environment in which students are safe, respectful, and responsible. We will do this through: the use of effective intervention programs and strategies, implementing curriculum with fidelity, reinforcing school wide expectations for positive behavior throughout the building, teaching students about the Six Pillars of Character, hiring a behavior interventionist, and continuing to establish strong parent and community partnerships.

State Goals

The Oregon Department of Education is partnering with school districts and local communities to ensure a 90% on-time, four year graduation rate by 2025. To progress toward this goal, the state will prioritize efforts to improve attendance, provide a well-rounded education, invest in implementing culturally responsive practices, and promote continuous improvement to close opportunity and achievement gaps for historically and currently underserved students.

Safe & Welcoming Environment

Humbolt maintains a safe and welcoming environment for students by teaching them to be safe, respectful, and responsible in everything they do and everywhere they go on campus. These positive behavior expectations are reinforced throughout the year and rewarded on a daily basis.

About Our School

BULLYING, HARASSMENT, AND SAFETY POLICIES

In addition to our Positive Behavioral and Intervention Support (PBIS) program, in which students are taught to be safe, respectful, and responsible, we use the Second Step curriculum to teach social skills. We are also using the Six Pillars of Character and recognizing students who demonstrate these traits consistently. This year we introduced Conscious Discipline and Restorative Justice to facilitate a growth mindset in our behavior practices. All Humbolt Elementary staff are committed to building positive rapport with all students and maintaining a healthy and safe learning environment.

EXTRACURRICULAR ACTIVITIES

Our students are able to participate in a variety of extracurricular activities through strong partnerships with local governmental agencies, such as John Day Parks and Recreation, and community based non-profit organizations. Sixth grade participates in junior high sports at Grant Union Jr/Sr High School.

PARENT ENGAGEMENT

Humbolt is fortunate to have an active Parent Teacher Association (PTA) that meets regularly to plan events and engage parents throughout the school year. Both the PTA and school maintain web pages and Facebook pages to keep parents informed of upcoming events and important school news. A monthly newsletter is sent home to all families.

COMMUNITY ENGAGEMENT

Community engagement is a key component in the success of Humbolt Elementary School. Humbolt partners with local agencies to provide opportunities to students, such as Painted Sky Art Center and OSU Extension Services. Humbolt Elementary School is a community hub for youth based activities and appreciates all the support received by community partners.
