CES Student Spotlight
October 2026

Mightbe Cole

This student spotlight shines brightly on Mightbe Cole! Mightbe brings incredible energy to our classroom and always has a positive attitude that lights up the room. He is a determined learner who sees things through, working hard and giving 100% effort to do his best on every single task. A wonderful example of his dedication is how hard he worked to learn to write his name independently—a major milestone we are so proud of him for achieving! Beyond his fantastic work ethic, Mightbe is incredibly empathetic and kind to everyone in his class. We are so lucky to have Mightbe as part of our school community!
