Lake Wales is growing. We have more variety in business and opportunity. Our downtown area is looking better as merchants plan and improve, and as zoning, steering, and architectural committees meet and submit ideas to the people. The people care. Instead of saying with a frown, "We live in Lake Wales," we can say it with a smile. We have something to be proud of. In the '70's school and community work together toward a dream that is nearer reality, a new high school.

In the '70's the one constant will be change

Dedication to Students for 44 years . . .

Since 1951 Mrs. Lillian Smears has been a part of the Lake Wales High faculty. Before that most of her years of teaching were in Atlanta, Georgia. Following her interest in social studies, Mrs. Smears traveled widely not only in the USA, but also in Europe, spending several summers studying at London University. Other European tours brought understanding of other foreign countries for her to share with her students. Mrs. Smears was active in Operation Amigo, an experiment in international relations when students from Costa Rica lived in Lake Wales for two weeks. She also took classes to Washington and New York to see government in working session.

Mrs. Smears always dreamed of better education for students. As senior teacher in 1970 she worked toward the dream of a new high school for Lake Wales. As school closed she remained in her room working up specifications for that high school's social studies department.

A job well done . . .

The CROWN JEWEL offers a tribute to the man who has been the director of the Highlander Band for the past fifteen years. In all those years under the direction of Mr. Tom Bishop, the band has achieved straight superior ratings in district and state competition to establish a record unmatched by any other high school band in the state. Never satisfied with second best, Mr. Bishop stressed perfection in everything the band did. Hours and hours of rehearsal preceded each public appearance of the band. The dedication of the band members and the community through the years, plus Mr. Bishop's hard work, headaches and sleepless nights, were well repaid by the thundering applause of approval by audiences. Whatever new satisfactions in achievement await Mr. Bishop, those of the past fifteen years will remain memorable.
