Master's Academy Launches \$30 Million Capital Campaign To Purchase and Expand on Pathway Church Property

35-Acre Acquisition Positions School for Future Growth in Academics, Athletics, and Student Life

Vero Beach, FL — Master's Academy has officially entered the initial phase of a \$30 million capital campaign to support the purchase and future development of the **Pathway Church** property and its 35-acre campus, marking a significant step forward in the school's long-term vision to expand Christian education on the Treasure Coast.

Following recent months of discussion and collaboration, Master's Academy and Pathway Church have reached an agreement to move forward with plans for the school to purchase the property, creating an opportunity to establish a permanent and expanded home for the advancement of Master's Academy.

Both organizations have approached this transition with a spirit of unity and shared purpose, recognizing their mutual desire to serve families and advance God's Kingdom in the community. **Dr. Rick Brewer**, Head of School at Master's Academy: "This is an exciting new chapter for Master's Academy. As we look toward the future, we are stepping forward in faith and confidence, trusting in the work God will continue to do through this school. Our goal is not simply to grow our campus, but to expand our ability to welcome more students and families who desire a Christ-centered education."

The \$30 million campaign will fund the purchase of the property and support the enhancements needed to serve the school's continued growth, which has seen a 15 percent uptick in recent years. The 35-acre campus will provide the space and resources necessary for expanded academic, athletic, and student life opportunities.

Planned enhancements include:

- Expanding academic facilities, including additional classrooms and cutting-edge **Bio-Chem and Center for Innovation & Design STEM laboratories**.
- Augmenting the school's one-of-a-kind **Center for Calling & Career**, a resource designed to help high school students discover their unique strengths and career paths.
- Expanding and repurposing the current worship center to become a broader **Events Center**, with the infrastructure to host **community-wide events**.
- Developing new and improved **athletic spaces** to support the school's growing athletic programs.
- Modernization of Master's **Vocational Technology Center** by equipping the lab with tools, technology, and resources for real-world readiness.
- Development of a dedicated **Fine Arts space** that will support music, theater, and visual arts, coupled with modernized stage and lighting equipment.

School leaders emphasize that the campaign reflects a future-focused vision centered on expanding access to high-quality Christian education across the Treasure Coast.

"As our community continues to grow, so does the desire among families for an education that integrates academic excellence with a strong biblical foundation," said Board Chair, **Hon. David Morgan**. "This opportunity allows us to prepare for the future - creating space for more students to learn, grow, and develop into leaders grounded in faith."

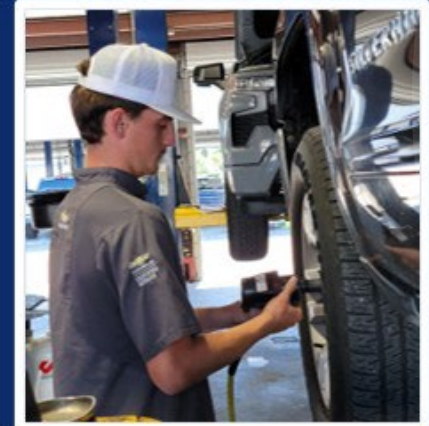

The capital campaign is currently in its early phase, with additional details and opportunities for community involvement expected to be shared in the coming months. Master's Academy invites families, alumni, and supporters to join in prayer and partnership as the school steps into this new season of growth and continued impact.

Lead School Mission Gift

The **Lead School Mission Gift** represents a catalytic investment in the future of Master's Academy.

This primary gift will accelerate campus expansion, increase access through scholarships, strengthen faculty resources, and address the most pressing needs of a growing school community.

As enrollment demand rises and educational expectations increase, this gift ensures we can respond immediately and faithfully — without compromising excellence or mission.

MASTER'S

ACADEMY

VERO BEACH, FL

Center for Innovation & Design

The **Center for Innovation & Design** will serve as the heartbeat of creativity and problem-solving at Master's Academy.

This space is urgently needed to expand STEM education and shift learning from content consumption to innovative application.

Donor support will fund cutting-edge equipment, collaborative workspaces, and instructional tools that empower students to design, build, test, and imagine solutions for a rapidly changing world.

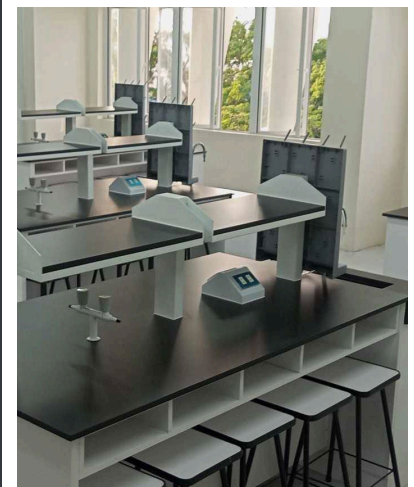

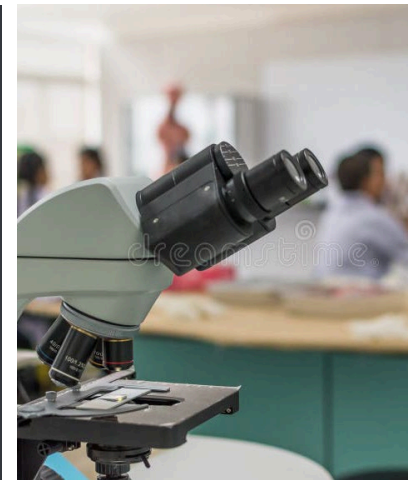

MASTER'S Technology & Bio-Chem Lab

MASTER'S  **ACADEMY**
VERO BEACH, FL

To prepare students for college, careers, and leadership in the sciences, Master's Academy's Bio-Chem Lab will provide modern, fully equipped learning spaces for Upper School students.

This urgent investment will fund state-of-the-art technology, bio-chem lab equipment, and instructional resources that promote critical thinking, experimentation, and discovery - equipping students to excel in competitive academic environments and beyond.

Lower School Technology and Experiential Learning

MASTER'S

ACADEMY

VERO BEACH, FL

Early exposure to technology and hands-on learning is foundational to long-term academic success.

Gifts in this category will advance classroom technology and provide experiential learning tools that ignite curiosity and deepen understanding.

These resources will allow our younger Patriots to learn by doing—building confidence, creativity, and a lifelong love of learning in a Christ-centered environment.

Center for Calling & Career

The **Center for Calling & Career** addresses a critical need among today's students: clarity of purpose.

Centered around the question, "Where is God 'voicing' you," this dedicated space will provide counseling, assessments, and resources to help students discern God's calling as it relates to their academic and career paths.

Donor support will ensure students receive intentional guidance - helping them move forward with confidence, direction, and faith as they prepare for life beyond Master's Academy.

The Patriots Events Center

Naming Rights

Scoreboard Sponsorship

Retractable Bleachers

Elevating Our School Spirit!

The **Patriots Events Center** will be the central gathering place for the Master's Academy community.

From home athletic competitions and chapel services to concerts and community-wide events, this space will unify student life and school culture.

Funding will support construction and infrastructure needed to create a versatile, welcoming hub that fosters school spirit, worship, and connection for generations to come.

Patriot Hall: "So help me God."

Patriot Hall will offer a beautiful and elevated space to host symposiums and welcome high-profile keynote speakers and congressional leaders.

George Washington's Inauguration, 1789

Patriot Hall will stand as a visible expression of Master's Academy's commitment to civic responsibility, free-market enterprise, and principled leadership.

This space will host programming and training that ground students in the values and ideas that shaped our nation.

Donor support will fund the development of this hall as a place where students engage with history, economics, and leadership through the lens of faith and freedom.

MASTER'S  **ACADEMY**
VERO BEACH, FL

Self-Paced Learning Lab & Vocational Technology Center

As education pathways diversify, Master's Academy is responding with urgency and vision.

This center will support one of four distinct high school tracks, providing students with vocational skills, technical training, and flexible, self-paced learning opportunities.

Funding will equip the lab with tools, technology, and resources that prepare students for real-world readiness while honoring individual gifts and callings.

The Fine Arts Center of Master's Academy

STAGE
LIGHTING

ACOUSTIC
SHELL PANELS

MODERN MEDIA TECH

PERFORMANCES

Master's Fine Arts Center will affirm the importance of creativity as an expression of faith and excellence.

This state-of-the-art facility will support music, theater, and visual arts through dedicated rehearsal, performance, and studio spaces.

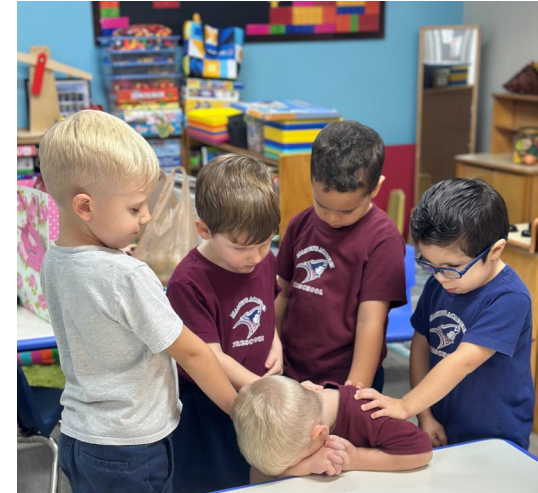

Gifts will fund specialized equipment and design features that allow students to develop their talents and share their gifts with the school and broader community.

Master's Academy's Early Childhood Learning Center

Our **Early Childhood Learning Center** is committed to providing a safe, nurturing, and engaging environment for our youngest learners.

Designed to support kindergarten readiness, our center encourages exploration, play, and foundational skill development under the guidance of loving Christian educators.

Donor support will fund classrooms, learning materials, outdoor play and movement equipment, and child-centered spaces that set the trajectory for lifelong academic, physical, and spiritual growth.

MASTER'S ACADEMY CAPITAL CAMPAIGN

Phase II | \$10M

Patriots Football/Soccer Stadium and Field House

SKILL | CHARACTER | TEAMWORK

As Master's Academy's athletic program continues to grow and thrive, we are raising funds to strengthen our programs, support our student-athletes, and ensure long-term sustainability.

Planned improvements include the construction of a new artificial turf field for football and soccer, stadium lighting, and a much-needed field house that will provide locker rooms, training equipment, restrooms, and equipment storage.

Patriots Baseball/Softball Fields and Field House

Master's Academy is raising funds to build new baseball and softball fields and a much needed field house to better support our growing athletic programs and student-athletes.

These facilities will provide safe, high-quality spaces for training, competition, and team development while strengthening school spirit and community engagement.

This investment will help ensure that current and future Patriots have the resources they need to grow in skill, character, and teamwork.

The Prayer of Jabez

1 Chronicles 4:10

Jabez called upon the God of Israel, saying, “Oh that you would bless me and enlarge my border, and that your hand might be with me, and that you would keep me from harm so that it might not bring me pain!” And God granted what he asked.
