TUTORING UPDATE:

We have had several parents reach out about tutoring. Due to new laws we must prioritize ELA tutoring starting with students who fell into it due to the 3rd grade retention law and then every student who was retained must have tutoring the following school year. Due to these requirements, the number of tutors, the number of students who are required to have tutoring, we have no more spaces currently available. I have added anyone who has asked to a waiting list, but due to the number who must have it for the year, I doubt we will have many openings. When we do, we will start with 3rd-4th grade and work our way down to Kindergarten.
