

Fall District Meetings

2023

TENNESSEE SCHOOL BOARDS ASSOCIATION

The Tennessee School Boards Association (TSBA) hosted the Delta Fall District Meeting at Fayetteville High School in Fayetteville on September 14. “TSBA’s Fall District Meetings provide our staff the opportunity to speak with our members and listen to their concerns on multiple topics. This allows us to advocate effectively on their behalf while providing them with information they need to make informed decisions for the students in their community,” said TSBA Executive Director Dr. Tammy Grissom. During the meeting, members of local boards of education and superintendents from the region participated in a survey where they expressed their opinions on a number of issues for the upcoming General Assembly.
