Your child must be current on all immunizations. The state requirements include five doses of DTP (diphtheria, pertussis, tetanus). Four doses of OPV/IPV (polio), two MMR (measles, mumps and rubella) and the Hepatitis B series.

COVID-19 Vaccinations are highly recommended but not required. Parents may sign an attestation form and provide proof of vaccination to verify their child has received their vaccination shots.

Arizona Revised Statutes §15-184(B) provides that enrollment preference shall be granted to pupils returning to the charter school and to siblings of pupils already enrolled. A.R.S. §15-184(C) states that enrollment preference may be granted by the school to students who are in foster care, homeless, or those who are children, grandchildren or legal wards of employees of the school, Governing Board members, or employees, directors, officers, partners or Board members of the charter holder.

Arizona Revised Statutes §15-184 states (J), "...school may refuse to admit any pupil who has been expelled from another educational institution or who is in the process of being expelled from another educational institution."

Students who are dropped because of excessive absences will be referred to Family Court of the Navajo Nation. (Tribal Code Title 10, Chapter. Section 118, Paragraph A.)

In cases of custody and/or visitation restrictions regarding a student at SPTHHS, a copy of all legal documents, such as a court order, must be given to the School Registrar to file in the student's cumulative folder.

Family Educational Rights and Privacy Act (FERPA):

FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records.

Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34CFR§99.31):

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;

1. High School Valedictorian and Salutatorian Criteria

SPTHS Valedictorian and Salutatorian are selected each year from the graduating class. The criterion is based on the following:

- The Valedictorian ranks first per Grade Average (GPA) in his or her graduating class and are considered the top student of his/her class;
- The Salutatorian ranks second per Grade Point Average (GPA), is considered the second highest student in his/her graduating class.

For both Valedictorian and Salutatorian, criteria are based primarily on cumulative GPA. Other factors taken into consideration are the number of advanced classes taken, ACT composite score if taken, student attendance, discipline record, and student marks in citizenship.

Potential candidates for Valedictorian and Salutatorian will receive guidance from the Academic Counselor and Principal.

For transfer students to SPTHHS who have not been full-time students at SPTHHS for four years, the following criteria will be used:

The student must attend a minimum of two academic years at SPTHHS as a full-time student, one of which must be their senior year. Any exceptions to this process must be reviewed and approved by the Principal or his/her designee.

2. Education and Career Action Plan (ECAP) R7-2-302.05

All students 9-12 must devise a post-high school career action plan prior to graduation and updated, revised and monitored at least annually. The Education Career Action Plan (ECAP) is both a documented plan and a process.

A. An Arizona Education and Career Action Plan shall at a minimum allow students to enter, track and update the following information:

1. Academic Goals that include identifying and planning the coursework necessary to achieve the high school graduation requirements and pursue postsecondary education and career options; analyzing assessment results to determine progress and identify needs for intervention and advisement; and documenting academic achievement;

To learn more about SPTHS/NPC Dual Enrollment, please schedule to meet with the ~~Academic Counselor~~ or TALON Classroom Aide and/or office staff.

7. Class Schedule Timeline

Class schedules are distributed at the beginning of each semester to students. Schedules are aligned to SPTHS academic requirements to ensure all students graduate on time. During the first two weeks of each semester, a student may change his/her schedule to meet personal preferences and graduation requirements, if it fits their schedule and receives teacher approval.

G. Attendance

SPTHS expects all enrolled students to maintain good attendance in their course of study throughout the academic year. Student attendance is important as it reflects on a student's grades and to be on track to graduate from high school. A student who accumulates absences that reach 10 percent of the school days in a semester without medical or valid verification (family illness, death in the family, etc.) can be charged with truancy from school. The student and parent/guardian can be referred to the Navajo Nation Peacemaking Program. An attendance / academic contract will be required between the student, school, and parent/guardian. Students and parents must understand that seat time is crucial to earning credits and part of Arizona State requirements for student enrollment and instructional validation.

- The teacher's course syllabus will outline clear expectations and attendance criteria.
- Students must maintain regular class attendance because much of the classroom experience cannot be duplicated (i.e., benefits of instruction, discussion and participation).
- School attendance rests with the parents and students, with the school assisting them to fulfill that responsibility.
- Prompt, regular attendance is required by law and is the key to student academic success and progress in school.
- Tardies can be avoided by arriving on time to school/classes and remain for the entire school day.

A student will be given a grade by a teacher based on the quality and completion of class assignments and tests. A teacher may base up to 10% of a student's grade on attendance. Be aware that excessive absences will impact your grade and possible credits earned.

The hybrid model affords student the opportunity to access the building for in-person instruction. However, students are expected to check in everyday with their teacher and engage in daily tasks even on their remote days. Therefore it's the student's responsibility to either:

- check in through Schoology,
- submit their assignments to be counted as present,
- or complete an attendance attestation form and return each week.

1. ABSENCES

- Absences due to illness, accidents, bereavement, religious observance, or other circumstance may be excused through written documentation provided to the School Registrar on the day of or before the absence. ARS §15-901(A) (1) Written notification is accepted by the Registrar the morning of the absence or before.
- Students returning back to class, after being absent, should have readmitted slip before returning back to class. Academic grades suffer as a result of excessive absences.
- Out-of-school suspension (OSS) is an excused absence and makeup work will be required.
- When a student is absent, it is their responsibility to talk with their teacher(s) and obtain missed assignments, Synergy can also be accessed by parent/student anytime to check on assignments and grades.

- Students should complete and turn in missed assignments to the teacher immediately.

2. UNEXCUSED ABSENCES

- Any unverified absence is classified as unexcused. An absence without prior knowledge and consent of the parent/guardian, or which is in violation of state law and district procedure, is classified as truancy.
- Examples of Unexcused Absences/Tardies are:

Babysitting Overslept Missed the bus

3. Attendance DUE PROCESS

Number of Days Absent	Unexcused Absence Due Process:
Two days absent	Letter will be sent home & a phone call will be made by the teacher with frequent absence.
Three <i>consecutive</i> days absent	Parent phone notifications will be made by the school registrar. Student and parent conference to review attendance policy w/ Principal or designee.
Five days absent	Parent phone notifications will be made by the school registrar. Letters to be sent home for the parent conference will be made by the school registrar. Required parent conference w/ Principal. Absences in excess of 8 days will require an attendance contract.
Ten <i>consecutive</i> days absent	Students automatically dropped from school enrollment. Phone call for notification of enrollment drop. Notice of school enrollment status to Navajo Nation Peacemaking Court to request for children in need of supervision assistance. After 10 absences during a semester a student will be placed on NO credit status. NO credit status is an administrative action and is not the duty or the responsibility of the classroom teacher.

4. TARDIES

- Being tardy is arriving beyond the expected time of arrival for school and/or class. Chronic tardiness (excused or unexcused) impacts a student's grade.
- Tardiness to school will be excused only when accompanied with written/verbal notification from the parent/guardian or doctor.
- All other tardies will be classified as unexcused.

Students and parents should do everything possible to assure students arrive at school on time and be in their first period class. Students are responsible for being in their class, in their seat before the tardy bell rings. Hall sweeps will be conducted periodically at the high school at the end of the tardy bell to reduce tardy or loitering activity.

Concern	Intervention	Referral
3 Tardies	Student Teacher conference	If a student is tardy 15 minutes or more it is counted as an absence.
4 Tardies	Academic Counselor/ Student Conference	Teacher will complete the referral process and report the student's 4th tardy to the Academic Counselor. Students are required to complete 1 day lunch detention for each 4th tardy.
5 or more Excessive Tardies	Conference with Principal, Parent and Student	Students are required to complete lunch detention until the parent conference is completed.

1. Discipline RIGHT TO DUE PROCESS

Under the Federal Educational Rights and Privacy Act (FERPA) all students have a right to due process in matters of school discipline. The extent of the due process provided depends on the nature of the violation and proposed disciplinary actions to be taken. Due process procedures for suspension and expulsion are set forth in this student handbook under Discipline Referral Form.

2. SUSPENSION

- a. The student is given a verbal and written notice of their alleged violation and what the consequence is for this violation.

- f. SPTHs has an obligation to verify the facts of the investigation and present their findings in the meeting with parent(s)/students.
- g. The notification letter to the parent will explain the reasons for the terms of the suspension. The letter will indicate a mandatory parent meeting date to solicit their help.
- h. Parent must meet and make contact in person with the Principal or designee for their child to be reinstated after serving their suspension – This is to support the school and Principal or designee in addressing further prevention for student to not engage in further negative conduct or violate school policy that impeded his/her learning – A behavior plan may be put in place in collaboration with parent, student, Principal or designee.
- i. Written records of the actions will be filed in the student's folder and the infraction will be documented in Synergy.

3. CHILD ABUSE AND NEGLECT

Any staff member who has reasonable cause to suspect that a child has been abused or neglected is required by law to report the incident immediately to the school official in charge. The mandated reporter is required to complete the SCAN report with assistance from the supervisor. If the employee is the suspected abuser then Human Resources will assist with the completion of the SCAN report.

a. Immunity for filing report

Any person furnishing a report, information, or records required or authorized by Navajo Nation, State or Federal child abuse reporting laws, or a person participating in a judicial or administrative proceeding or investigation resulting from such a report, information or records is immune from any civil or criminal liability by reason of such action unless such person has acted in bad faith or with malice or unless such person has been charged with or is suspected of abusing or neglecting the child or children in question.

b. Failure to report child abuse

A person who fails to report abuse as provided in A.R.S. §13-3620 is guilty of a Class I misdemeanor, except if the failure to report involves a “reportable offense,” the person is guilty of a Class 6 felony. A. STUDENT RESPONSIBILITIES & EXPECTATIONS

1. Behavior/Disruption

A student who openly defies authority, intimidates, harasses, disrupts or leads other students off task or interferes with the educational purpose of SPTHs, will be subject to disciplinary due process, as stated in section XIV of the SPTHs student/parent handbook.

- Student Expectations:
 - a. Be Respectful
 - b. Be Responsible
 - c. Be Safe

a. Assemblies & Guest Speakers

Assemblies provide enrichment to the regular curriculum and instruction of the school. Special guests will be invited to speak to students throughout the school year. School-wide assemblies may not be held with students assembled in the same physical location. As an alternative (if feasible), school-wide assemblies will be held virtually, with student groups remaining in their classrooms.

Assembly Guidelines:

1. Be present and listen attentively
2. Using positive language
3. Refrain from side conversations
4. Be willing to participate in presented activities
5. Be safe

2. Dress Code

SPTHs encourages students to take pride in their appearance in an academic setting. Students should dress in a manner that considers the educational environment, culture, safety, health and welfare of all students. In accordance with this policy, a student dress code and attire is hereby established and not limited to the following:

- Shoes:
 - Closed shoes are to be worn for any type of physical activity.
 - Steel-toed boots and cleats are not appropriate for indoor wear.
 - Flip-flops cannot be worn.
- Blouses/sweaters will not reveal breasts, midriffs, halter tops, tube tops, muscle shirts, cut out back or sides, spaghetti straps, strapless items and/or clothing that is too revealing are not acceptable.
- Attire that is transparent, see-through, inappropriately split up the back, side, or front indecently or suggestively short or ill-fitting is not acceptable

- Leggings or biker shorts are not appropriate as the only clothing, but can be worn under other clothing. Skirts or shorts will not be too high (hemline or inseam not to exceed 2” above the knee). Pants should be worn above the hips and underwear should not be visible. Pajama pants are not acceptable attire at SPTHS.
- Clothing or jewelry that displays obscene, defamatory or offensive language, gestures or symbols is not allowed. Items with logos and pictures that promote alcohol, drugs, tobacco, contain sexual innuendos or other messages that may insult another person’s gender, culture, politics or religion are unacceptable.
- Baggy or oversized clothing is not acceptable and is prohibited. Clothing may not be one size bigger than the student size. No sagging of clothing is allowed. All pants must be fitted at the waist and must not touch the ground.
- **Hats, caps, beanies, hoods, bandanas and any other head covering are not to be worn in any part of the building, e.g. classrooms.**
- Jewelry shall not be worn if it presents a health or safety hazard to self or others. This includes but not limited to: wallet chains, pocket chains, spiked/studded belts, bracelets/necklace, sharp heavy rings and spiked gauges.
- Gang symbols – Any article of clothing, caps, hats, bandanna, badge, sign, lettering, hairdo, jewelry, emblem, symbol or other personal display or adornment, which is intended by the student or is recognized or acknowledged by students and/or staff to designate a gang symbol or to signify affiliation with, participation in or approval of a gang. This includes anything related to “colors” representing gang affiliation. These items/articles/symbols are confiscated on site and followed with a parent conference on same day or the following school business day.
- Visible body piercings (e.g. lip, nose, eyebrow and ear gauges) is discouraged except for the ears.
- Non-prescription sunglasses are not allowed in the building/buses or classrooms.
- Tattoos and hickeys cannot be displayed at school.

To uphold a positive professional learning environment in the image of the school the dress policy is adopted. Students are to dress neatly and appropriately, recognizing that everyone feels more at ease when properly dressed and groomed.

Face Coverings

Note that in addition to cloth face coverings, FDA approved surgical masks may also be used. Also, washing/sanitizing hands should be done before and after putting on and taking off a mask.

The District will require universal masking. Students will be required to wear a cloth or surgical face mask, subject to the health condition exception stated below*. Students will not be required to wear face coverings when eating or drinking.

- Any student who has difficulty breathing or who is incapable of physically removing the face masks on his/her own will not wear face masks, and alternate methods of protection will be discussed by parents and staff, including the use of a face shield.
- Any student who has a medical condition which restricts them from using a face mask will be required to show documentation from a licensed physician and filed with the school nurse's office. This will require the student to wear a face shield.

Students may bring their own cloth or surgical face mask to and from school. Schools will also have a supply of face masks available to provide students who do not have their own and for students who arrive without a face mask. The District will also provide face shields as requested by individual.

It is understandable that some students may require time to adjust to wearing face masks. Staff will use the following guideline as a basis to assist a student having difficulty transitioning to wearing a face mask during the day:

1. Ensure the 6 feet social distancing is occurring while student is wearing face shield
2. A student will not use a face shield for more than a 5-minute period at a time before transitioning back to wearing a face mask. This will be a standard practice which will apply to all students. This will be the exception and not the norm.

Note: Cloth and surgical face coverings are designed to protect other individuals rather than the individual wearing the covering. Accordingly, the greater number of students and staff wearing face masks, the greater the overall transmission mitigation that will be achieved. Plastic face shields in combination with face masks, which provide additional protection for the wearer, will not be required, but will be permitted.

SPTHS prohibits student dress or grooming that:

- Presents a risk to student's health, safety or general welfare of peers, staff or others.
- Interferes with or disrupts the educational environment.
- Is counterproductive to curriculum goals, educational objectives or traditional observances.

Items provided by the school for storage (e.g. desks or lockers) or personal items are provided as a convenience to the student but remain the property of the school and are subject to its control and supervision. (Students have no reasonable expectation of privacy in lockers, desks, storage areas, bags, etc., and may be inspected at any time by school personnel, for any reason, without notice and consent of students without a search warrant.)

- School officials under law and school policy have the authority to search within the school environment. The two major types of warrantless searches can be “reasonable” and legal under the Fourth Amendment: first, warrantless student searches based upon individualized reasonable suspicion; and second, warrantless student-body-wide searches where ALL students are searched, especially for weapons or drugs, with or without individualized suspicion. Utilization of such constitutional searches by school officials and law enforcement officials can make our schools safer and more conducive to learning.
 - Students are allowed the use of backpacks for their school supplies and related educational purposes. Contraband will be confiscated, illegal items

will be reported to the administration and law enforcement may become involved. To keep all students safe, backpack checks will be conducted during the school year upon individual student basis following “reasonable suspicion” standards.

- Local authorities (including police and K-9 units) may be present during bag checks. If inappropriate items are discovered, parents will be notified and the student will be subject to school discipline and/or legal consequences. Purses, fanny packs and other containers; e.g. bottles, cans, flasks, canteens, etc. will be subject to checks as well. Backpack/school bags should not display statements contrary to the school mission and vision statements or purpose.

Any items seized during searches will not be returned. If the confiscated item is considered dangerous, toxic or illegal, it will be released to the proper officials. All items will be disposed of, at the end of the school year.

SPTHs reserves the right for law enforcement to conduct K-9 searches on campus without prior notice. K-9 searches are done randomly; however, they are limited to automobiles, lockers, book bags, desks, purses, etc. Dogs do searches only on inanimate objects. Random searches do not require a warrant or suspicion of illicit behavior to be conducted. SPTHs will be placed on lockdown for all K-9 searches. The class group will remain in their classroom until the administrator announces that the lockdown has been lifted. If a student needs to use the restroom during the lockdown, he/she must notify the teacher in the classroom. Teachers will follow protocols in reference to the lockdown.

If a student is to be interviewed by an officer, he/she must be apprised of his/her rights to participate. ~~The person in charge~~ Administrator or designee will sit in with the student during the interview. If the student is under 18 years old, the student has the option of whether or not to take part in the interview or respond or not respond to the questions. No minor student may be removed from the school premises by law enforcement personnel without the consent of a parent or legal guardian, except upon service of a valid warrant of arrest or if there’s an apparent threat to self and/or others.

STUDENT HANDBOOK

Protecting the health and well-being of all students is of utmost importance to the school. The school board has adopted a suicide prevention policy which will help to protect all students through the following steps:

1. Students will learn about the recognizing and responding to warning signs of suicide in friends, using coping skills, using support systems and seeking help for themselves and friends. This will occur in all health classes.
2. Each school will designate a suicide prevention coordinator to serve as a point of contact for students in crisis and to refer students to appropriate resources.
3. When a student is identified as being at risk, they will be assessed by a school employed mental health professional who will work with the student and help connect them to appropriate local resources.
4. Students will have access to national resources which they can contact for additional support, such as:
 - The National Suicide Prevention Lifeline 1.800.273.8255 (TALK)
www.suicidepreventionlifeline.org
 - The Trevor Lifeline – 1.866.488.7386 www.thetrevorproject.org
5. All students will be expected to help create a school culture of respect and support in which students feel comfortable seeking help for themselves or friends. Students are encouraged to tell any staff members if they, or a friend are feeling suicidal or in need of help.
6. Students should also know that because of the life or death nature of these matters, confidentiality or privacy concerns are secondary to seeking help for students in crisis.
7. For a more detailed review of policy changes, please see the SPS's full suicide prevention policy.
