

Wendell School District No. 232 recognizes the importance of providing positive, productive educational experiences through the district's Internet, computer, and network services. To promote this objective and protect its staff and students, the board authorizes the superintendent or designee to:

1. Prohibit and prevent school computers and other school owned technology-related services from sending, receiving, viewing or downloading materials that are deemed to be harmful to minors, as defined by Idaho Code §18-1514.
2. Prohibit and prevent unauthorized online disclosure, use, or dissemination of personally identifiable information of students.
3. Select and employ technology protection measures on the district's computers to filter or block Internet access to obscene materials, materials harmful to minors, and materials that depict the sexual exploitation of a minor, or other information that is determined to be in violation of district policies.
4. Establish and enforce appropriate disciplinary measures to be taken against persons violating this policy.
5. Handle complaints regarding the enforcement of the district's Internet use policies and procedures.
6. Establish procedures to remove a user's files without prior notice after an account has been inactive for a specified period of time.
7. Authorize the use of electronic equipment, including but not limited to, cell phone and laptop computers, by employees. Such equipment will be supplied to employees for the sole purpose of enabling them to better perform in their job responsibilities with the district.

The district will limit Internet access to materials that enrich and support the curriculum and educational needs of users, contribute to the delivery of efficient and effective business or educational functions, and expedite professional district communications.

PRIVACY

Use of the district's technology resources is a privilege and not a right. Access has not been established as a public access service or a public forum. The district reserves the right to monitor, inspect, copy, review, delete, and/or store at any time and without prior notice any and all results of usage of the Internet, computers, network resources, and any and all information

transmitted or received in connection with such usage. All such information will be and remains the property of the district and users have no expectation of privacy regarding such materials. The district has the right to place restrictions on the use of the district's Internet, computers, and network resources and may also deny access to staff and students who violate related policies and procedures.

EMPLOYEE RESPONSIBILITIES

Employees are responsible for safeguarding the district's equipment while in the employee's possession and/or responsibility. Employees shall immediately (within 24 hours) report to his/her supervisor if the equipment is lost or stolen. Employees are prohibited from allowing any third party to use district-owned or leased equipment.

Employees must use district technology in a professional, legal, and responsible manner. Use of district technology for personal business must be kept to a minimum and must conform to district policies and procedures and state and federal laws and regulations.

When acting within the capacity of a district employee, communication from any location and using any type of equipment, owned by the district or otherwise, must reflect professional integrity and responsibility and not have an adverse effect on students or on the performance of an employee's duties for the district.

All district-owned or leased equipment provided to employees shall be immediately returned to the employee's supervisor upon request or upon termination of the employee's employment relationship with the district.

PROHIBITED USES

The district's Internet, computers, and network resources may only be used for approved district activities and educational purposes. CONSEQUENCES FOR INAPPROPRIATE USE

Failure to comply with this policy or inappropriate use of the district’s Internet, computers, or network resources may result in usage restrictions, loss of access privileges, and/or disciplinary action up to and including termination. The superintendent or designee may also report the violation to law enforcement where appropriate.

Users are responsible for damages to the equipment, systems, and software resulting from deliberate or willful acts.

NOTICE

The district will inform staff, students, parents/guardians and other users about this policy through posting on the district website and by other appropriate methods. A copy of this policy will be available for review at the district office. The district will also file this policy with the state superintendent of public instruction every five years.

By accessing the district’s Internet, computers and network resources, users acknowledge awareness of the provisions of this policy and awareness that the district uses monitoring systems to monitor and detect inappropriate use.

All students and staff are required to sign a technology user agreement (see Policy No. 519F1, Internet, Computer and Network Services User Agreement) that signifies their understanding and agreement to follow these regulations.
