★ SUPPORTING YOUR STUDENT AT HOME

Confidence is key when it comes to learning in first grade. In my classroom, we are not allowed to give up or say we can't do something; instead, we put our best foot forward and try! We understand that "mistakes help us learn and grow". If your child struggles with their confidence or are unwilling to try new things because they are afraid of getting it wrong, encourage them to give it their best effort and to be brave!
