

# SANTA MARIA JOINT UNION HIGH SCHOOL DISTRICT

## BOARD OF EDUCATION

### CSBA Professional Governance Standards

*Adopted by the Santa Maria Joint Union High School District April 11, 2001*

#### THE BOARD

School districts and county offices of education are governed by boards, not by individual trustees. While understanding their separate roles, the board and superintendent work together as a “governance team.” This team assumes collective responsibility for building unity and creating a positive organizational culture in order to govern effectively.

#### **To operate effectively, the board must have a unity of purpose and:**

- Keep the district focused on learning and achievement for all students.
- Communicate a common vision.
- Operate openly, with trust and integrity.
- Govern in a dignified and professional manner, treating everyone with civility and respect.
- Govern within board-adopted policies and procedures.
- Take collective responsibility for the board’s performance.
- Periodically evaluate its own effectiveness.
- Ensure opportunities for the diverse range of views in the community to inform board deliberations.

#### THE INDIVIDUAL TRUSTEE

In California’s public education system, a trustee is a person elected or appointed to serve on a school district or county board of education. Individual trustees bring unique skills, values and beliefs to their board. In order to govern effectively, individual trustees must work with each other and the superintendent to ensure that a high quality education is provided to each student.

#### **To be effective, an individual trustee:**

- Keeps learning and achievement for *all* students as the primary focus.
- Values, supports and advocates for public education.
- Recognizes and respects differences of perspective and style on the board and among staff, students, parents and the community.
- Acts with dignity, and understands the implications of demeanor and behavior.
- Keeps confidential matters confidential.
- Participates in professional development and commits the time and energy necessary to be an informed and effective leader.
- Understands the distinctions between board and staff roles, and refrains from performing management functions that are the responsibility of the superintendent and staff.
- Understands that authority rests with the board as a whole and not with individuals.

**Board of Trustee Action Plans**  
Santa Maria Joint Union High School District

- **Maximize Student Success**
- **Develop and Maintain a Districtwide Accountability System**
- **Enhance Student Support Services: Facilities, Technology, Safe, Clean, Nurturing Environment; Expand Food Services**
- **Foster Partnerships**
- **Manage Rapid District Growth**

## **RESPONSIBILITIES OF THE BOARD**

The primary responsibilities of the board are to set a direction for the district, provide a structure by establishing policies, ensure accountability and provide community leadership on behalf of the district and public education. To fulfill these responsibilities, there are a number of specific jobs that effective boards must carry out.

### **Effective boards:**

- Involve the community, parents, students and staff in developing a common vision for the district focused on learning and achievement and responsive to the needs of all students.
- Adopt, evaluate and update policies consistent with the law and the district's vision and goals.
- Maintain accountability for student learning by adopting the district curriculum and monitoring student progress.
- Hire and support the superintendent so that the vision, goals and policies of the district can be implemented.
- Conduct regular and timely evaluations of the superintendent based on the vision, goals and performance of the district, and ensure that the superintendent holds district personnel accountable.
- Adopt a fiscally responsible budget based on the district's vision and goals, and regularly monitor the fiscal health of the district.
- Ensure that a safe and appropriate educational environment is provided to all students.
- Establish a framework for the district's collective bargaining process and adopt responsible agreements.
- Provide community leadership on educational issues and advocate on behalf of students and public education at the local, state and federal levels.

**1. Award of Bid for Three (3) - Ten (10)-Passenger Vans Similar or Equal to a Ford Transit Medium Roof Van – Bid #18/19-001**

Resource Person: Yolanda Ortiz, Asst. Superintendent of Business Services

District administration opened bids for three (3) 10-passenger vans on November 2, 2018 at 2:00 p.m.

The bid recap and administrative recommendation follows:

<b>BIDDER</b>	<b>BASE BID</b>
Home Motors	\$95,426.91
Jim Vreeland Ford	\$101,943.24
Santa Maria Ford Lincoln	\$104,865.84
Perry Ford	\$106,578.75

After review of the bids, Home Motors was the initial lowest bidder, providing an “or Equal” proposal for a 12- passenger van. 12-passenger vans require special Class B driver licensing with a special passenger endorsement to drive. They are identified as “buses”. The bid clearly specified a 10-passenger van which is considered a standard vehicle that may be driven by any driver with a Class C license without special endorsements.

Jim Vreeland Ford, was the second lowest bidder, providing a bid that met the vehicle requirements, however, they failed to provide a complete bid form by not completing the requested Sales Tax section and the Total Base Bid section. Additionally, they failed to have the Non-collusion Declaration notarized as required in the bid package.

The third lowest bidder was Santa Maria Ford Lincoln who provided a complete bid package as specified.

**\*\*\* IT IS RECOMMENDED THAT** the Board of Education find Home Motors non-responsive as it did not propose an “or Equal” that met the bid 10-passenger requirement resulting in special licensing requirements.

\*\*\* **IT IS RECOMMENDED THAT** that the Board of Education find Jim Vreeland Ford non-responsive due to failure to provide a complete bid form and notarized Non-collusion Declaration as specified in the bid documents.

\*\*\* **IT IS RECOMMENDED THAT** the Board of Education award the bid for Three (3) – 10-Passenger Vans – Bid #18/19-001 to Santa Maria Ford Lincoln the lowest responsive and responsible bid for \$104,865.84.

**Moved** \_\_\_\_\_ **Second** \_\_\_\_\_ **Vote** \_\_\_\_\_

**VII. CONSENT ITEMS**

\*\*\* **IT IS RECOMMENDED THAT** the Board of Education approve the following consent items as presented.

*All items listed are considered to be routine and may be enacted by approval of a single roll call vote. There will be no separate discussion of these items; however, any item may be removed from the consent agenda upon request of any member of the board and acted upon separately.*

### 5. District Wide and Support Services Center

#### **District Wide Project Closeout – Support Services**

- Review of project closeout: Projects under current review and their status are as follows:
  - A total of nine legacy projects, seven at SMHS and two at ERHS, are currently under review. Three projects, two at SMHS and one at ERHS, have been submitted to DSA for final certification. The consultant has continued to meet with DSA to determine which missing documents are critical to close out; she is also meeting with the original architect to see which documents they may have in archive and/or can produce that will satisfy documentation requirements.

#### **SSC New West Parking Area – Flowers and Associates**

- The consultant received final mark-ups from the City. After review, they noted the extent of curb replacement added by the City appeared significantly beyond

what they believe is necessary. At the same time, they identified issues with some construction details within their own design that require re-work. When their review is complete they will plan to meet with the City of Santa Maria in November to finalize the scope. The bidding and construction schedule will be updated after the final meeting with the City.

**Proposition 39 District Wide Mechanical Upgrades – Pool Heaters – Ravatt-Albrecht Architects**

- All heaters are operational. Final installations of flow meters and valves have been completed. A punch list walk will be conducted in November to review installation.

**District Wide Security Camera Installation (Phase 2) – Support Services**

- All documentation activities are complete and final retention payment has been issued. This project is closed.

Tracking of production level will be ongoing as part of the agreement. Contract reimbursement for project inspection and testing in the amount of \$105,000 have been received. Final closeout activities continue with DSA and contract documents.
