Power 88 on reduced power.

Our main transmitter went down early Tuesday morning and we have been on low power using our backup transmitter.

I think the snake got across the high voltage and sent spikes and surges throughout the unit.

We hope to be back to full power in the next few days.

Please be in prayer for Power 88.

Highlights from Letters to Power

- You guys & gals at Power 88 are the best, and I just wanted to send this donation to show my appreciation! Last Friday afternoon, I was sitting at a red light listening to Power 88 and I just happened to look in my rear view mirror at the lady behind me, and I could read her lips. She was singing the song I was listening to. I just felt like a part of this Power 88 community of listeners and felt so warm & connected to God too. I was so encouraged to see her 2 boys in the back seat singing along, just like my son does when he's in the car with me. Words cannot adequately express how great that brief moment felt, but I thought you should know.
