

**Rappahannock County Public Schools seeks an experienced licensed solar installation company for the purpose of providing an educational solar experience for elementary and secondary students.**

Students should be able to track the generation of electric power by viewing their system's data online.

**The Rappahannock County School Board is soliciting proposals for the services listed above.**

Please contact Dr. Robin Bolt, Rappahannock County Public Schools at 540-227-0023 for a site visit and any questions.

The deadline for proposals to be submitted is 3:00 pm September 20, 2022
